4. Title Workforce Transition Act.

5. Summary/Purpose:

Provides that gubernatorial appointees shall be covered under the Act regardless of years of service prior to appointment. The bill would also require all gubernatorial appointees who are eligible for benefits under the Act to each year sign a statement providing that such person has read and understands the benefits for which he is eligible under the Act. The Department of Human Resource Management would retain all such statements in its records.

6. Fiscal Impact Estimates are: See item 8

7. Budget amendment necessary: No

8. Fiscal implications: This legislation has the potential to create an additional fiscal impact on state agencies. The reason for this possible impact is that the proposed legislation expands the number of potential appointees that are eligible for Workforce Transition Act benefits. However, due to the fact that the total population of Executive branch appointees is small (in relation to the total employment level of all state government) any such fiscal impact is not expected to be significant on a statewide basis.

9. Specific agency or political subdivisions affected: All Executive branch agencies.

10. Technical amendment necessary: No
