1. That § 63.2-1805 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1805. Admissions and discharge.

A. The Board shall adopt regulations:

1. Governing admissions to assisted living facilities;

3. Establishing a process to ensure that each resident admitted or retained in an assisted living facility receives appropriate services and periodic independent reassessments and reassessments when there is a significant change in the resident's condition in order to determine whether a resident's needs can continue to be met by the facility and whether continued placement in the facility is in the best interests of the resident;

4. Governing appropriate discharge planning for residents whose care needs can no longer be met by the facility;

5. Addressing the involuntary discharge of residents;

6. Requiring that residents are informed of their rights pursuant to § 63.2-1808 at the time of admission;

7. Establishing a process to ensure that any resident temporarily detained in a facility pursuant to §§ 37.2-809 through 37.2-813 is accepted back in the assisted living facility if the resident is not involuntarily admitted pursuant to §§ 37.2-814 through 37.2-819; and

8. Requiring that each assisted living facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report.

B. If there are observed behaviors or patterns of behavior indicative of mental illness, mental retardation, substance abuse, or behavioral disorders, as documented in the uniform assessment instrument completed pursuant to § 63.2-1804, the facility administrator or designated staff member shall ensure that an evaluation of the individual is or has been conducted by a qualified professional as defined in regulations. If the evaluation indicates a need for mental health, mental retardation, substance abuse, or behavioral disorder services, the facility shall provide (i) a notification of the resident's need for such services to the authorized contact person of record when available and (ii) a notification of the resident's need for such services to the community services board or behavioral health authority established pursuant to Title 37.2 that serves the city or county in which the facility is located, or other appropriate licensed provider. The Department shall not take adverse action against a facility that has demonstrated and documented a continual good faith effort to meet the requirements of this subsection.

C. *The Department shall not order the removal of a resident from an assisted living facility if (i) the resident, the resident's family, the resident's physician, and the facility consent to the resident's continued stay in the assisted living facility and (ii) the facility is capable of providing, obtaining, or arranging for the provision of necessary services for the resident, including, but not limited to, home health care and/or hospice care.*
