However, if the rulemaking authority is vested in an 23 entity that has not met within that 90-day period, the entity shall issue a written decision no later than 14 days after it next meets. The written decision issued by the agency shall include a statement of its 24 25 reasons and shall be submitted to the Registrar for publication in the Virginia Register of Regulations. Agency decisions to initiate or not initiate rulemaking in response to petitions shall not be subject to 26 27 judicial review. 28 B. In the case of all regulations, except those regulations exempted by § 2.2-4002, 2.2-4006, 29 2.2-4011, or 2.2-4012.1, an agency shall provide the Registrar of Regulations with a Notice of Intended 30 Regulatory Action that describes the subject matter and intent of the planned regulation. At least 30 days shall be provided for public comment after publication of the Notice of Intended Regulatory Action. An 31 32 agency shall not file proposed regulations with the Registrar until the public comment period on the 33 Notice of Intended Regulatory Action has closed. 34 C. Agencies shall state in the Notice of Intended Regulatory Action whether they plan to hold a 35 public hearing on the proposed regulation after it is published. Agencies shall hold such public hearings 36 if required by basic law. If the agency states an intent to hold a public hearing on the proposed 37 regulation in the Notice of Intended Regulatory Action, then it shall hold the public hearing. If the agency states in its Notice of Intended Regulatory Action that it does not plan to hold a hearing on the 38 39 proposed regulation, then no public hearing is required unless, prior to completion of the comment 40 period specified in the Notice of Intended Regulatory Action (i) the Governor directs the agency to hold 41 a public hearing or (ii) the agency receives requests for a public hearing from at least 25 persons. D. Public participation guidelines for soliciting the input of interested parties in the formation and 42 development of its regulations shall be developed, adopted and utilized by each agency pursuant to the 43 provisions of this chapter. The guidelines shall set out any methods for the identification and notification 44 of interested parties, and any specific means of seeking input from interested persons or groups that the 45 46 agency intends to use in addition to the Notice of Intended Regulatory Action. The guidelines shall set out a general policy for the use of standing or ad hoc advisory panels and consultation with groups and 47 individuals registering interest in working with the agency. Such policy shall address the circumstances 48 49 in which the agency considers the panels or consultation appropriate and intends to make use of the 50 panels or consultation. 51 E. In formulating any regulation, including but not limited to those in public assistance and social

52 services programs, the agency pursuant to its public participation guidelines shall afford interested 53 persons an opportunity to submit data, views, and arguments, either orally or in writing, to the agency or its specially designated subordinate. However, the agency may begin drafting the proposed regulation 54 55 prior to or during any opportunities it provides to the public to submit comments.

F. In the case of all regulations, except those regulations exempted by § 2.2-4002, 2.2-4006, or 56 2.2-4011, the proposed regulation and general notice of opportunity for oral or written submittals as to 57 58 that regulation shall be published in the Virginia Register of Regulations in accordance with the

59 provisions of subsection B of § 2.2-4031. In addition, the agency may, in its discretion, (i) publish the notice in any newspaper and (ii) publicize the notice through press releases and such other media as will best serve the purpose and subject involved. The Register and any newspaper publication shall be made at least 60 days in advance of the last date prescribed in the notice for such submittals. All notices, written submittals, and transcripts, summaries or notations of oral presentations, as well as any agency action thereon, shall be matters of public record in the custody of the agency.

G. If an agency wishes to change a proposed regulation before adopting it as a final regulation, it may choose to publish a revised proposed regulation provided the latter is subject to a public comment
 period of at least 30 additional days and the agency complies in all other respects with this section.

H. Before delivering any proposed regulation under consideration to the Registrar as required in
subsection I, the agency shall deliver a copy of that regulation to the Department of Planning and
Budget. In addition to determining the public benefit, the Department of Planning and Budget in
coordination with the agency, shall, within 45 days, prepare an economic impact analysis of the
proposed regulation, as follows:

73 1. The economic impact analysis shall include, but need not be limited to, the projected number of 74 businesses or other entities to whom the regulation would apply; the identity of any localities and types 75 of businesses or other entities particularly affected by the regulation; the projected number of persons 76 and employment positions to be affected; the impact of the regulation on the use and value of private 77 property; and the projected costs to affected businesses, localities or entities to implement or comply 78 with the regulations, including the estimated fiscal impact on such localities and sources of potential 79 funds to implement and comply with such regulation; and

80 2. If the regulation may have an adverse effect on small businesses, the economic impact analysis shall also include (i) an identification and estimate of the number of small businesses subject to the 81 regulation; (ii) the projected reporting, recordkeeping, and other administrative costs required for small 82 83 businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation 84 85 on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. As used in this subdivision, "small business" has the 86 87 same meaning as provided in subsection A of § 2.2-4007.1.

88 Agencies shall provide the Department with such estimated fiscal impacts on localities and sources of 89 potential funds. The Department may request the assistance of any other agency in preparing the 90 analysis. The Department shall deliver a copy of the analysis to the agency drafting the regulation, 91 which shall comment thereon as provided in subsection I, and a copy to the Registrar for publication 92 with the proposed regulation, and [a an electronic] copy to each member of the General Assembly. No 93 regulation shall be promulgated for consideration pursuant to subsection I until the impact analysis has been received by the Registrar. For purposes of this section, the term "locality, business, or entity 94 95 particularly affected" means any locality, business, or entity that bears any identified disproportionate material impact that would not be experienced by other localities, businesses, or entities. The analysis 96 97 shall represent the Department's best estimate for the purposes of public review and comment on the 98 proposed regulation. The accuracy of the estimate shall in no way affect the validity of the regulation, 99 nor shall any failure to comply with or otherwise follow the procedures set forth in this subsection create any cause of action or provide standing for any person under Article 5 (§ 2.2-4025 et seq.) of this 100 101 chapter or otherwise to challenge the actions of the Department hereunder or the action of the agency in 102 adopting the proposed regulation.

103 I. Before promulgating any regulation under consideration, the agency shall deliver a copy of that regulation to the Registrar together with a summary of the regulation and a separate and concise 104 statement of (i) the basis of the regulation, defined as the statutory authority for promulgating the 105 106 regulation, including an identification of the section number and a brief statement relating the content of 107 the statutory authority to the specific regulation proposed; (ii) the purpose of the regulation, defined as 108 the rationale or justification for the new provisions of the regulation, from the standpoint of the public's health, safety or welfare; (iii) the substance of the regulation, defined as the identification and 109 110 explanation of the key provisions of the regulation that make changes to the current status of the law; 111 (iv) the issues of the regulation, defined as the primary advantages and disadvantages for the public, and 112 as applicable for the agency or the state, of implementing the new regulatory provisions; and (v) the 113 agency's response to the economic impact analysis submitted by the Department of Planning and Budget pursuant to subsection H. Any economic impact estimate included in the agency's response shall 114 115 represent the agency's best estimate for the purposes of public review and comment, but the accuracy of the estimate shall in no way affect the validity of the regulation. Staff as designated by the Code 116 117 Commission shall review proposed regulation submission packages to ensure the requirements of this subsection are met prior to publication of the proposed regulation in the Register. The summary; the 118 119 statement of the basis, purpose, substance, and issues; the economic impact analysis; and the agency's response shall be published in the Virginia Register of Regulations, together with the notice of 120

121 opportunity for oral or written submittals on the proposed regulation.

122 J. When an agency formulating regulations in public assistance and social services programs cannot 123 comply with the public comment requirements of subsection F due to time limitations imposed by state 124 or federal laws or regulations for the adoption of such regulation, the Secretary of Health and Human 125 Resources may shorten the time requirements of subsection F. If, in the Secretary's sole discretion, such 126 time limitations reasonably preclude any advance published notice, he may waive the requirements of 127 subsection F. However, the agency shall, as soon as practicable after the adoption of the regulation in a 128 manner consistent with the requirements of subsection F, publish notice of the promulgation of the 129 regulation and afford an opportunity for public comment. The precise factual basis for the Secretary's 130 determination shall be stated in the published notice.

131 K. If one or more changes with substantial impact are made to a proposed regulation from the time 132 that it is published as a proposed regulation to the time it is published as a final regulation, any person may petition the agency within 30 days from the publication of the final regulation to request an 133 opportunity for oral and written submittals on the changes to the regulation. If the agency receives 134 135 requests from at least 25 persons for an opportunity to submit oral and written comments on the changes 136 to the regulation, the agency shall (i) suspend the regulatory process for 30 days to solicit additional public comment and (ii) file notice of the additional 30-day public comment period with the Registrar of 137 138 Regulations, unless the agency determines that the changes made are minor or inconsequential in their 139 impact. The comment period, if any, shall begin on the date of publication of the notice in the Register. 140 Agency denial of petitions for a comment period on changes to the regulation shall be subject to judicial 141 review.

L. In no event shall the failure to comply with the requirements of subsection F be deemed mere harmless error for the purposes of § 2.2-4027.

M. This section shall not apply to the issuance by the State Air Pollution Control Board of variancesto its regulations.
