[S 807]

Approved

**Be it enacted by the General Assembly of Virginia:**

**1. That § 4.1-119 of the Code of Virginia is amended and reenacted as follows:**

§ 4.1-119. Operation of government stores.

A. Subject to the requirements of §§ 4.1-121 and 4.1-122, the Board may establish, maintain and operate government stores for the sale of alcoholic beverages, other than beer and wine not produced by farm wineries, vermouth, and mixers, in such counties, cities, and towns considered advisable by the Board. The Board may discontinue any such store.

B. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers.

C. Alcoholic beverages at government stores shall be sold by employees of the Board, who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits manufactured by such licensee at government stores established by the Board on the distiller's licensed premises; provided at:

1. At least 51% of the agricultural products used by such licensee to manufacture the spirits are grown on the licensee's farm and no more than 25% of the agricultural products are grown or produced outside the Commonwealth. However, upon petition by the Department of Agriculture and Consumer Services, the Board may permit the use of a lesser percentage of products grown on the licensee's farm if unusually severe weather or disease conditions cause a significant reduction in the availability of agricultural products grown on the farm to manufacture the spirits during a given license year; or

2. Such licensee is a duly organized nonprofit association holding title to real property, together with improvements thereon that are significant in American history, under a charter from the Commonwealth to preserve such property, and which association accepts no federal, state, or local funds.

Such agents shall sell the spirits in accordance with the provisions of this title, Board regulations, and the terms of the agency agreement between the Board and the licensed distiller.

D. No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 101 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

E. All alcoholic beverages sold in government stores shall be in closed containers, sealed and affixed with labels prescribed by the Board.

F. No alcoholic beverages shall be consumed in a government store by any person.

G. With respect to purchases by licensees at government stores, the Board shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Board, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

H. With respect to purchases by consumers at government stores, the Board shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.
