3. Committee: House Transportation

4. Title: Route 606 in Loudoun County as Primary Highway

5. Summary/Purpose:

Changes designation of Route 606 in Loudoun County, between Route 50 and Route 28, from a secondary highway to a primary highway.

6. Fiscal Impacts are unavailable

7. Budget amendment necessary: NO

8. Fiscal implications: The cost of replacing signing due to the route number change should be minimal.

Funding for future improvements to Route 606 would come from primary construction funds instead of secondary construction funds as a result of this change. In addition, a minor adjustment in Northern Virginia district primary construction funds would be expected due to the increase in primary lane-miles.

9. Specific agency or political subdivisions affected: VDOT and Loudoun County

10. Technical amendment necessary: Note: The text "Idtitle>" appears at the end of Line 12, and appears to be a printing error.
