

Department of Planning and Budget 2007 Fiscal Impact Statement

1. Bill Number HB 2694

House of Origin	<input type="checkbox"/> Introduced	<input type="checkbox"/> Substitute	<input type="checkbox"/> Engrossed
Second House	<input type="checkbox"/> In Committee	<input type="checkbox"/> Substitute	<input checked="" type="checkbox"/> Enrolled

2. Patron Cline

3. Committee Passed Both Houses

4. Title Projects financed by the Virginia Resources Authority

5. Summary/Purpose: The bill would expand projects that could be financed through the Virginia Resources Authority (VRA) to include programs or projects for land conservation or land preservation, including but not limited to any program or project involving the acquisition of rights or interests in land for the conservation or preservation of such land.

6. Fiscal impact: While the bill would impact the types of projects that could be financed through VRA, it would not affect the total dollar amount of projects that could be financed. The Authority's current moral obligation debt limit is \$900 million. The bill would have no general fund or nongeneral fund fiscal impact because VRA, as established, is "off the books of the Commonwealth." The Authority is totally self-sufficient and covers its expenses with administrative fees from the various programs it administers. If localities choose to finance a land conservation or land preservation program or project through VRA, they could benefit from reduced borrowing costs, thereby decreasing the financial burden to borrowers and local taxpayers. Depending on the size and complexity of the program(s) developed to support this initiative, there could be administrative costs to VRA.

7. Budget amendment necessary: No.

8. Fiscal implications: See Item 6.

9. Specific agency or political subdivisions affected: Virginia Resources Authority.

10. Technical amendment necessary: No.

11. Other comments: This bill is identical to Chapter 81 (SB 1211) 2007 Virginia Acts of Assembly as signed and approved by the Governor.
