4. Title Sex offender registration; child pornography; penalties.

5. Summary/Purpose: Requires a sex offender to include in the registration information any electronic mail address and any instant messaging screen name that he uses or will use. A sex offender must register any changes in email addresses, instant message, or other identity information within three days of such information changing. The bill defines child pornography as sexually explicit visual material which utilizes or has as a subject a person less than 18 years of age. The bill establishes enhanced penalties for the production, distribution, solicitation, participation, financing, or photographing of child pornography. The bill also clarifies that a person depicted or who presents the appearance of being less than 18 years of age in a sexually explicit manner is prima facie presumed to be less than 18 years of age. The bill repeals § 18.2-374.1:2 but inserts similar language in § 18.2-374.1:1 relating to facilitating payment for or access to child pornography. Current version of the proposal does not reflect previous mandatory minimum penalties, making the Woodrum impact “indeterminate”.

6. Fiscal Impact Estimates are: PRELIMINARY; See Item 8.

7. Budget amendment necessary: Yes; Item 386 and Item 413.

8. Fiscal implications: Although the fiscal impact resulting from the proposal cannot be determined at this time, the proposal will have an impact on state-responsible (prison) bed space due to increasing statutory penalty ranges.

Another requirement in the proposal pertains to sex offenders registering changes in email addresses, instant messages, or other identity information within three days of such information changing. At this time the Department of State Police believes that six positions are required with \$433,600 in FY08 and \$313,000 in FY09 to implement these requirements. Included in the first year costs is \$111,000 for system modifications.

9. Specific agency or political subdivisions affected: State and local law enforcement agencies, Department of Corrections and State Compensation Board.

10. Technical amendment necessary: No.

11. Other comments: Similar to HB2749.
