**Be it enacted by the General Assembly of Virginia:**

B. Upon receipt of an appropriate resolution of the board of visitors or other governing body of an educational institution, the governing body of a political subdivision which is contiguous to the institution shall enforce state statutes and local ordinances with respect to offenses occurring on the property of the institution.

The governing bodies of the public institutions of higher education shall assist the State Council of Higher Education in enforcing the provisions related to eligibility for financial aid.

C. *Notwithstanding any other provision of state law, the board of visitors or other governing body of every public institution of higher education in Virginia shall establish policies and procedures requiring the notification of the parent of a dependent student when such student receives mental health treatment at the institution's student health or counseling center and such treatment becomes part of the student's educational record in accordance with the federal Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d et seq.) and may be disclosed without prior consent as authorized by the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations (34 C.F.R. Part 99). Such notification shall only be required if it is determined that there exists a substantial likelihood that, as a result of mental illness the student will, in the near future, (i) cause serious physical harm to himself or others as evidenced by recent behavior or any other relevant information or (ii) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs. However, notification may be withheld if the student's treating physician or treating clinical psychologist has made a part of the student's record a written statement that, in the exercise of his professional judgment, the furnishing to or review by the parent of such health records would be reasonably likely to cause substantial harm to the student or another person. No public institution of higher education or employee of a public institution of higher education making a disclosure pursuant to this subsection*

60 *shall be civilly liable for any harm resulting from such disclosure unless such disclosure constitutes*  
61 *gross negligence or willful misconduct by the institution or its employees.*  
62 *ED.* In order to improve the quality of the Commonwealth's work force and educational programs,  
63 the governing bodies of the public institutions of higher education shall establish programs to seek to  
64 ensure that all graduates have the technology skills necessary to compete in the 21st Century and,  
65 particularly, that all students matriculating in teacher-training programs receive instruction in the  
66 effective use of educational technology.
