HOUSE BILL NO. 1105

Offered January 9, 2008 Prefiled January 9, 2008

3 4 5 A BILL to amend and reenact §§ 33.1-370.1, 33.1-370.2, and 33.1-371.1 of the Code of Virginia, relating to outdoor advertising. 6

Patron-Bouchard

Referred to Committee on Transportation

10 Be it enacted by the General Assembly of Virginia:

1. That §§ 33.1-370.1, 33.1-370.2, and 33.1-371.1 of the Code of Virginia are amended and 11 12 reenacted as follows:

§ 33.1-370.1. Removal of billboard signs under this chapter prohibited without just compensation. 13 14 Notwithstanding any other provision of law, no billboard sign subject to this chapter may be 15 removed by action of a county, city, or town under Chapter 22 (§ 15.2-2200 et seq.) of Title 15.2 16 without the payment of just compensation by the county, city, or town unless the billboard sign cannot remain on the property due to the site constraints of the property and removal of the billboard sign is 17 therefore necessary for development on the property. The property owner may terminate the leasehold or 18 19 other right of the billboard sign to remain on the property in accordance with the terms and conditions 20 of the contract between the property owner and the billboard sign owner, but may not be required to do 21 so by the county, city, or town as a condition of obtaining development approval for the property, unless 22 removal of the billboard sign is necessary for development of the property or the billboard sign is 23 nonconforming and is the principal use on the property and the zoning ordinance permits only one 24 principal use on the property.

§ 33.1-370.2. Maintenance and repair of nonconforming billboard signs.

26 Notwithstanding any other provision of law, maintenance of and repairs to nonconforming billboard 27 signs shall be governed by this section and any applicable regulations promulgated by the Commonwealth Transportation Commissioner, known as the "Control and Continuance of 28 29 Nonconforming Signs, Advertisements and Advertising Structure." Nonconforming billboard signs shall 30 be maintained in a good state of repair and shall be subject to removal for failure to do so, in 31 accordance with § 33.1-375. In order to make repairs to a nonconforming billboard sign, the owner shall make a written request to the Commissioner and submit the documentation required by 24 VAC 32 33 30-120-170. The Commissioner shall review the written request and if the Commissioner determines that 34 the cost of requested repairs does not exceed a dollar amount greater than 50 percent of the current 35 original replacement cost of the entire billboard sign or structure, the Commissioner shall provide the 36 owner of the billboard sign with a letter approving the billboard sign repairs. However, in no case shall 37 a nonconforming billboard sign be replaced or rebuilt if the cost of the replacement or rebuilding 38 exceeds 50 percent of the current original replacement cost. The owner of the billboard sign shall apply 39 for a building permit from the locality in which the billboard sign is located and provide a copy of the approval letter from the Commissioner as part of the application for the building permit. The 40 41 Commissioner's determination as to whether the owner of the billboard sign has complied with this section shall be binding upon the locality, unless the building official, for good cause shown, submits to 42 the Commissioner documentation objecting to the Commissioner's determination, within 30 days of the 43 44 building permit application, with a copy of such documentation being provided to the billboard sign 45 owner. The Commissioner shall consider any documentation submitted by the building official and shall 46 reissue a determination in accordance with this section, which determination shall be binding upon the 47 locality. 48

§ 33.1-371.1. Selective pruning permits; fees; penalty.

49 Notwithstanding the provisions of § 33.1-353 or any other provision of law:

1. The Commonwealth Transportation Commissioner shall by permit authorize the selective pruning, 50 51 within highway rights-of-way, as highways are defined in § 33.1-351, within the jurisdiction of the 52 Commissioner pursuant to § 33.1-353, including within corporate limits of municipalities, of vegetation 53 that obstructs motorists' view of signs displayed on outdoor advertising structures legally erected and properly maintained along the highways. Permits authorizing such pruning shall be issued in accordance 54 55 with this section.

(a) All work performed under the permit shall be (i) subject to the direction of the Commissioner or 56 57 his designee, (ii) supervised on-site by a certified arborist approved by the Commissioner, (iii) 58 completed to the satisfaction of the Commissioner or his designee, and (iv) performed solely at the

59 expense of the permittee.

60 (b) All pruning shall be performed in a manner that (i) creates a picture frame effect around the sign and (ii) beautifies the area surrounding the advertising structure. All cutting shall be limited to 61 62 vegetation with trunk base diameters of less than six inches. Pruning cuts of limbs or branches or other 63 vegetation with diameters greater than four inches and clear cutting shall not be authorized and shall be 64 strictly prohibited. Pruning of vegetation in a highway median shall not be permitted where the locality 65 within which the pruning is to be done has a local beautification project, as defined in this section, in 66 the area within the scope of the selective pruning application; however, relocation or replanting of such vegetation shall be permitted in accordance with a landscaping plan as provided in this section. 67

(c) Any diseased or unsightly vegetation or any vegetation that endangers the health or retards the
growth of desirable vegetation may be removed at the discretion of the certified arborist supervising the
work. Any such removed vegetation shall be replaced at the permittee's expense with desirable
vegetation.

72 2. The requirements of this section shall not apply to the owner or authorized agent of the owner of
73 any sign, advertisement, or advertising structure exempted from the provisions of this article by
74 § 33.1-355.

3. The Commissioner shall promulgate such regulations as he deems necessary or desirable to carry out the provisions of this section. Such regulations shall include but not necessarily be limited to the following requirements:

(a) Every application for a permit submitted under this section shall be accompanied by photographsof the affected site and a detailed description of work proposed to be performed.

(b) A fee of \$400 shall accompany every application made to the Commissioner, or if applicable, to
the locality within which the pruning is to be performed. All such fees collected by the Commissioner
shall be paid by the Commissioner into the state treasury, allocated to the Commonwealth Transportation
Board.

(c) Every applicant shall post a bond payable to the Commonwealth, with surety approved by the Commissioner and in a form approved by the Attorney General, in the sum of \$2,500, conditioned on the permittee's fulfillment of all requirements of the permit.

(d) No permit shall be issued under this section in order to create a new site for an outdooradvertising structure.

4. Where the applicant is seeking a vegetation control permit in a locality where the public right-of-way is within the jurisdictional limits of a city or town on a highway or street not within the jurisdiction of the Commissioner under § 33.1-353 or on a highway or street in a county having the county manager form of government, the Commissioner shall delegate the administration of this section to that locality and, if so delegated, the locality shall apply the provisions of this section.

94 5. If there are plant materials in the public right-of-way that are part of a local beautification project, 95 the Commissioner or the locality, as the case may be, may include a requirement, in accordance with the 96 provisions of subdivisions 4 through 7, that, as a condition of the issuance of a vegetation control permit 97 for selective pruning, the applicant submit a landscaping plan, showing how the applicant will relocate 98 or replant the vegetation obstructing the motorists' view from the main traveled way of the highway or 99 street of signs displayed on outdoor advertising structures, in lieu of the selective pruning of such plant materials. For purposes of this section, "local beautification project" means any project in a locality that 100 101 includes installation of plant materials, using public or other funds, in any public right-of-way within a 102 city or town or on a highway or street in a county with the county manager form of government. In the 103 absence of the existence of a local beautification project in the area within the scope of the selective 104 pruning application, no landscaping plan requirement shall be imposed on the applicant.

6. If subdivision 5 is applicable, the applicant shall pay the reasonable costs of implementing the landscaping plan, which may include but not be limited to, relocating existing plant materials, purchasing new replacement plant materials, and planting vegetation that will not grow to a height or position in the future so as to obstruct motorists' view from the main traveled way of the highway or street of signs displayed on outdoor advertising structures, as otherwise set out in the landscaping plan.

7. The provisions of subdivisions 4 through 7 shall apply to any local beautification project installed
prior to July 1, 2006. On and after July 1, 2006, the locality shall not plant materials that obstruct
motorists' view from the main traveled way of the highway or street highways within the jurisdiction of
the Commissioner pursuant to § 33.1-353 of signs displayed on outdoor advertising structures.

8. Any application for vegetation control in compliance with this section submitted to the Commissioner shall be approved within 60 days of submission or shall be deemed approved. Any application for vegetation control in compliance with this section submitted to any city or town or on a highway or street in a county with the county manager form of government shall be approved within 60 days of submission or shall be deemed approved. The locality may impose conditions in approval of the landscaping plan consistent with this section and the regulations promulgated thereto. If the locality is not satisfied that the landscaping plan submitted by the applicant complies with this section, the locality

may appeal to the Commissioner prior to the expiration of the 60-day period from the date of 121 122 submission within 10 days after the final action by the Commissioner. If the applicant objects to the 123 conditions imposed by the locality as part of the approval of the landscaping plan, the applicant may 124 appeal to the Commissioner within 10 days after the final action by the locality. The appealing party 125 shall submit a written appeal to the Commissioner, stating the reasons for such appeal, along with and, 126 if the applicant is the appealing party, a fee of \$400. The Commissioner shall review the landscaping 127 plan and the reasons for the appeal and shall issue a determination in accordance with this section 128 within 30 days after filing of the appeal, which determination shall be binding upon the applicant and 129 the locality.

9. Upon issuance of a vegetation control permit in accordance with this section, the applicant shall give written notice, at least seven days in advance of any site work, as authorized by the permit, of the date and time of the commencement of the site work as approved by the permit. Such written notice shall be given to the Commissioner unless the public right-of-way is within the jurisdictional limits of a city or town on a highway or street not within the jurisdiction of the Commissioner under § 33.1-353, in which case, the written notice shall be given to the local government official who approved the permit.

136 10. Any person found by a court of competent jurisdiction to have violated any provision of this section, any regulation adopted pursuant to this section, or any permit issued under this section, shall, in addition to the penalties provided in § 33.1-377, be prohibited by the court from applying for any other 139 permit under this section for a period of not more than five years.
