114 "Qualified manufacturer" means the same as such term is defined in §59.1-284.20.

"Qualified supplier" means a manufacturer, assembler, distributor, or service provider that locates in 115 116 the Commonwealth or makes an expansion after a qualified manufacturer establishes a manufacturing.

The grants under this section (i) shall be paid from a fund entitled the 125 Aerospace Engine Manufacturing Supplier Cluster Grant Fund, subject to appropriations by the General 126 Assembly, (ii) shall not exceed \$5 million in the aggregate, and (iii) shall be paid, as provided in this 127 section, to the qualified manufacturer under the following guidelines: (a) if the qualified manufacturer 128 demonstrates that the qualified supplier cluster has created at least 150 jobs and made at least \$25 129 million worth of capital investment in real and tangible personal property, then a grant payment in the 130 amount of \$2.5 million shall be paid in the fiscal year after such targets were achieved; and (b) if the qualified manufacturer demonstrates that the qualified supplier cluster has created at least 300 jobs and 131 132 made at least \$50 million worth of capital investment in real and tangible personal property, then the 133 remaining \$2.5 million grant payment shall be paid in the fiscal year after such targets were achieved, 134 but not in the same fiscal year as the initial grant payment set forth in subdivision (a), in which case 135 the remaining grant payment shall be paid in the fiscal year after payment of the initial grant set forth 136 in subdivision (a).

137 The memorandum of understanding may provide that a qualified manufacturer shall qualify for a 138 reduced grant payment if at least one-third of the full \$50 million capital investment and 300 new job 139 creation targets have been achieved. As shall be described in the memorandum of understanding, the 140 reduction in the grant payments shall proportionately reflect the reduction in the targets met. Further, 141 the memorandum of understanding may provide for deferred payments if the capital investment and jobs 142 creation targets are achieved, but a substantial reduction occurs in capital investment and jobs between 143 the date the targets were achieved and the grant payment is to be made.

144 C. If applications for grants by qualified manufacturers under this section exceed the aggregate 145 amount of grants payable in a fiscal year, each eligible applicant's grant for the year shall equal the 146 amount of the grant to which the applicant would be entitled absent this subsection multiplied by a 147 fraction. Failure to meet the filing deadline (or such later date determined by the Secretary in his sole discretion) or failure to notify 158 159 the Secretary by January 31 if applicable that anticipated targets were actually met by the end of the 160 prior calendar year shall result in a deferral of the scheduled grant payment as may be set forth in the 161 memorandum of understanding. For filings by mail, the postmark cancellation shall govern the date of the filing determination. 162

E. Within 30 days after the filing deadline in subsection D, the Secretary shall certify to (i) the
Comptroller and (ii) each applicant the amount of the grant to which such applicant is entitled under
this section. Payment of such grant shall be made by check issued by the Treasurer of Virginia on
