§ 2.2-1514. (Contingent expiration date - see Editor's notes) Designation of general fund for nonrecurring expenditures.

A. As used in this section:

"The Budget Bill" means the "The Budget Bill" submitted pursuant to § 2.2-1509, including any amendments to a general appropriation act pursuant to such section.

78 § 10.1-2128. Virginia Water Quality Improvement Fund established; purposes.

79 A. There is hereby established in the state treasury a special permanent, nonreverting fund, to be
80 known as the "Virginia Water Quality Improvement Fund." The Fund shall be established on the books
81 of the Comptroller. The Fund shall consist of sums appropriated to it by the General Assembly which
82 shall include, unless otherwise provided in the general appropriation act, 10 percent of the annual
83 general fund revenue collections that are in excess of the official estimates in the general appropriation
84 act and 10 percent of any unreserved general fund balance at the close of each fiscal year whose
85 reappropriation is not required in the general appropriation act. The Fund shall also consist of such other
86 sums as may be made available to it from any other source, public or private, and shall include any
87 penalties or damages collected under this article, federal grants solicited and received for the specific
88 purposes of the Fund, and all interest and income from investment of the Fund. Any sums remaining in
89 the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund
90 but shall remain in the Fund. All moneys designated for the Fund shall be paid into the state treasury
91 and credited to the Fund. Moneys in the Fund shall be used solely for Water Quality Improvement
92 Grants. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants
93 issued by the Comptroller upon the written request of the Director of the Department of Environmental
94 Quality or the Director of the Department of Conservation and Recreation as provided in this chapter.

95 B. ~~The~~ *Except as otherwise provided under this article*, the purpose of the Fund is to provide Water
96 Quality Improvement Grants to local governments, soil and water conservation districts, institutions of
97 higher education and individuals for point and nonpoint source pollution prevention, reduction and
98 control programs and efforts undertaken in accordance with the provisions of this chapter. The Fund
99 shall not be used for agency operating expenses or for purposes of replacing or otherwise reducing any
100 general, nongeneral, or special funds allocated or appropriated to any state agency; however, nothing in
101 this section shall be construed to prevent the award of a Water Quality Improvement Grant to a local
102 government in connection with point or nonpoint pollution prevention, reduction and control programs
103 or efforts undertaken on land owned by the Commonwealth and leased to the local government. In
104 keeping with the purpose for which the Fund is created, it shall be the policy of the General Assembly
105 to provide annually its share of financial support to qualifying applicants for grants in order to fulfill the
106 Commonwealth's responsibilities under Article XI of the Constitution of Virginia.

107 C. For the fiscal year beginning July 1, 2005, \$50 million shall be appropriated from the general
108 fund and deposited into the Fund. ~~This~~ *Except as otherwise provided under this article*, such
109 appropriation and any amounts appropriated to the Fund in subsequent years in addition to any amounts
110 deposited to the Fund pursuant to the provisions of subsection A ~~of § 10.1-2128~~ shall be used solely to
111 finance the costs of design and installation of nutrient removal technology at publicly owned treatment
112 works designated as significant dischargers or eligible nonsignificant dischargers for compliance with the
113 effluent limitations for total nitrogen and total phosphorus as required by the tributary strategy plans or
114 applicable regulatory requirements.

115 At such time as grant agreements specified in § 10.1-2130 have been signed by every significant
116 discharger and eligible nonsignificant discharger and available funds are sufficient to implement the
117 provisions of such grant agreements, the House Committee on Agriculture, Chesapeake and Natural

Resources, the House Committee on Appropriations, the Senate Committee on Agriculture, Conservation and Natural Resources, and the Senate Committee on Finance shall review the financial assistance provided under this section and determine (i) whether such deposits should continue to be made, (ii) the size of the deposit to be made, (iii) the programs and activities that should be financed by such deposits in the future, and (iv) whether the provisions of this section should be extended.

§ 10.1-2128.1. *Virginia Natural Resources Commitment Fund established.*

A. *There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia Natural Resources Commitment Fund hereafter referred to as "the Subfund," which shall be a subfund of the Virginia Water Quality Improvement Fund and administered by the Department of Conservation and Recreation. The Subfund shall be established on the books of the Comptroller. All revenues described in subsection G of § 58.1-638 and such other funds as may be made available to the Subfund from any other source, public or private, shall be paid into the state treasury and credited to it. Any moneys remaining in the Subfund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Subfund. Moneys in the Subfund shall be used solely for the purposes as described in subsection B.*

B. *Of those moneys deposited into the Subfund in each fiscal year:*

1. *Five percent of the total amount distributed to the Agricultural Best Management Practices Cost-Share Program shall be distributed to soil and water conservation districts to provide technical assistance for the implementation of such agricultural best management practices. Each soil and water conservation district in the Commonwealth shall receive an equal share;*

2. *Fifty-seven percent of the total amount distributed to the Agricultural Best Management Practices Cost-Share Program shall be used for matching grants for agricultural best management practices on lands exclusively within the Chesapeake Bay watershed; and*

3. *Thirty-eight percent of the total amount distributed to the Agricultural Best Management Practices Cost-Share Program shall be used for matching grants for agricultural best management practices on all other lands in the Commonwealth.*

§ 10.1-2129. *Agency coordination; conditions of grants.*

A. *If, in any fiscal year beginning on or after July 1, 2005, there are appropriations to the Fund in addition to those made pursuant to subsection A of § 10.1-2128, the Secretary of Natural Resources shall distribute those moneys in the Fund provided from the 10 percent of the annual general fund revenue collections that are in excess of the official estimates in the general appropriation act, and the 10 percent of any unreserved general fund balance at the close of each fiscal year whose reappropriation is not required in the general appropriation act, as follows:*

1. *Seventy percent of the moneys shall be distributed to the Department of Conservation and Recreation and shall be administered by it for the sole purpose of implementing projects or best management practices that reduce nitrogen and phosphorus nonpoint source pollution, with a priority given to agricultural best management practices. In no single year shall more than 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay watershed; and*

2. *Thirty percent of the moneys shall be distributed to the Department of Environmental Quality, which shall use such moneys for making grants for the sole purpose of designing and installing nutrient removal technologies for publicly owned treatment works designated as significant dischargers or eligible nonsignificant dischargers. The moneys shall also be available for grants when the design and installation of nutrient removal technology utilizes the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.).*

3. *Except as otherwise provided in the Appropriation Act, in any fiscal year when moneys are not appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128, or when moneys are appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128 Agricultural Best Management Practices Cost-Share Program pursuant to subsection B of § 10.1-2128.1 are reasonably anticipated to be less than 40 percent of those specified in subsection A of § 10.1-2128, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Chesapeake Bay Local Assistance Board, and following a public comment period of at least 30 days and a public hearing, shall allocate those moneys deposited in the Fund, but excluding any moneys deposited into the Virginia Natural Resources Commitment Fund established pursuant to § 10.1-2128.1, between point and nonpoint sources, both of which shall receive moneys in each such year.*

B. 1. *Except as may otherwise be specified in the general appropriation act, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the*

179 Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of
180 Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board
181 of Conservation and Recreation, the Virginia Soil and Water Conservation Board, the State Water
182 Control Board, and the Chesapeake Bay Local Assistance Board, shall develop written guidelines that (i)
183 specify eligibility requirements; (ii) govern the application for and the distribution and conditions of
184 Water Quality Improvement Grants; and (iii) list criteria for prioritizing funding requests.

185 2. In developing the guidelines the Secretary shall evaluate and consider, in addition to such other
186 factors as may be appropriate to most effectively restore, protect and improve the quality of state waters:
187 (i) specific practices and programs proposed in any tributary strategy plan, and the associated
188 effectiveness and cost per pound of nutrients removed; (ii) water quality impairment or degradation
189 caused by different types of nutrients released in different locations from different sources; and (iii)
190 environmental benchmarks and indicators for achieving improved water quality. The process for
191 development of guidelines pursuant to this subsection shall, at a minimum, include (a) use of an
192 advisory committee composed of interested parties; (b) a 60-day public comment period on draft
193 guidelines; (c) written responses to all comments received; and (d) notice of the availability of draft
194 guidelines and final guidelines to all who request such notice.

195 3. In addition to those the Secretary deems advisable to most effectively restore, protect and improve
196 the quality of state waters, the criteria for prioritizing funding requests shall include: (i) the pounds of
197 total nitrogen and the pounds of total phosphorus reduced by the project; (ii) whether the location of the
198 water quality restoration, protection or improvement project or program is within a watershed or
199 subwatershed with documented water nutrient loading problems or adopted nutrient reduction goals; (iii)
200 documented water quality impairment; and (iv) the availability of other funding mechanisms.
201 Notwithstanding the provisions of subsection E of § 10.1-2131, the Director of the Department of
202 Environmental Quality may approve a local government point source grant application request for any
203 single project that exceeds the authorized grant amount outlined in subsection E of § 10.1-2131.
204 Whenever a local government applies for a grant that exceeds the authorized grant amount outlined in
205 this chapter or when there is no stated limitation on the amount of the grant for which an application is
206 made, the Directors and the Secretary shall consider the comparative revenue capacity, revenue efforts
207 and fiscal stress as reported by the Commission on Local Government. The development or
208 implementation of cooperative programs developed pursuant to subsection B of § 10.1-2127 shall be
209 given a high priority in the distribution of Virginia Water Quality Improvement Grants from the moneys
210 allocated to nonpoint source pollution.

211 § 10.1-2132. Nonpoint source pollution funding; conditions for approval.

212 A. The Department of Conservation and Recreation shall be the lead state agency for determining the
213 appropriateness of any grant related to nonpoint source pollution to be made from the Fund to restore,
214 protect and improve the quality of state waters.

215 B. The Director of the Department of Conservation and Recreation shall, subject to available funds
216 and in coordination with the Director of the Department of Environmental Quality, direct the State
217 Treasurer to make Water Quality Improvement Grants in accordance with the guidelines established
218 pursuant to § 10.1-2129. The Director shall manage the allocation of grants from the Fund to ensure the
219 full funding of executed grant agreements.

220 C. Grant funding may be made available to local governments, soil and water conservation districts,
221 institutions of higher education and individuals who propose specific initiatives that are clearly
222 demonstrated as likely to achieve reductions in nonpoint source pollution, including, but not limited to,
223 excess nutrients and suspended solids, to improve the quality of state waters. Such projects may include,
224 but are in no way limited to, the acquisition of conservation easements related to the protection of water
225 quality and stream buffers; conservation planning and design assistance to develop nutrient management
226 plans for agricultural operations; instructional education directly associated with the implementation or
227 maintenance of a specific nonpoint source pollution reduction initiative; implementation of cost-effective
228 nutrient reduction practices; and reimbursement to local governments for tax credits and other kinds of
229 authorized local tax relief that provides incentives for water quality improvement. The Director shall
230 give priority consideration to the distribution of grants from the Fund for the purposes of implementing
231 tributary strategy plans, with a priority given to agricultural practices. In no single year shall more than
232 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay
233 watershed.

234 D. *The Director of Conservation and Recreation shall manage the allocation of Water Quality*
235 *Improvement Grants from the Fund, including Water Quality Improvement Grants from the Virginia*
236 *Natural Resources Commitment Fund established under § 10.1-2128.1.*

237 § 10.1-2133. Annual report by State Comptroller.

238 The State Comptroller shall, by ~~January~~ October 1 of each year, certify to the chairmen of the House
239 Committee on Appropriations and the Senate Committee on Finance, the total amount of annual general
240 fund revenue collections in excess of the official estimate in the general appropriation act, the total

amount of the unreserved general fund balance whose reappropriation is not required in the general appropriation act at the close of the previous fiscal year, and the total amount of *such other funds* that are *reasonably anticipated* to be directed to the credit of the Virginia Water Quality Improvement Fund under this article ~~unless otherwise provided in the general appropriation act, including any funds to be deposited into the Virginia Natural Resources Commitment Fund established under § 10.1-2128.1.~~

§ 10.1-2134. Annual report by Directors of the Departments of Environmental Quality and Conservation and Recreation.

The Directors of the Departments of Environmental Quality and Conservation and Recreation shall, by January 1 of each year, report to the Governor and the General Assembly the amounts and recipients of grants made from the Virginia Water Quality Improvement Fund and the specific and measurable pollution reduction achievements to state waters anticipated as a result of each grant award, together with the amounts of continued funding required for the coming fiscal year under all fully executed grant agreements. *The report shall provide a detailed progress update on the implementation of agricultural best management practices to reduce nitrogen and phosphorous pollution from agricultural lands.* This annual report may be incorporated as part of the report required by § 62.1-44.118.

§ 58.1-638. Disposition of state sales and use tax revenue; localities' share; Game Protection Fund.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.1-23.03:1. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.5 percent in fiscal year 1998-1999 and 14.7 percent in fiscal year 1999-2000 and thereafter shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air

302 carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however,
303 shall receive less than \$50,000 nor more than \$2 million per year from this provision.

304 b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever
305 airports on a discretionary basis, except airports owned or leased by MWAA.

306 c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports
307 on a discretionary basis.

308 4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
309 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass
310 Transit Fund.

311 a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and
312 any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but
313 shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. Funds may be
314 paid to any local governing body, transportation district commission, or public service corporation for
315 the purposes hereinafter specified.

316 b. The amounts allocated pursuant to this section shall be used to support the public transportation
317 administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and
318 maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95
319 percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the
320 local or nonfederal share of capital project costs for public transportation and ridesharing equipment,
321 facilities, and associated costs. Capital costs may include debt service payments on local or agency
322 transit bonds. The term "borne by the locality" means the local share eligible for state assistance
323 consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance
324 received by the locality.

325 c. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth
326 Transportation Board as follows:

327 (1) Funds for special programs, which shall include ridesharing, experimental transit, and technical
328 assistance, shall not exceed 1.5 percent of the Fund.

329 (2) The Board may allocate these funds to any locality or planning district commission to finance up
330 to 80 percent of the local share of all costs associated with the development, implementation, and
331 continuation of ridesharing programs.

332 (3) Funds allocated for experimental transit projects may be paid to any local governing body,
333 transportation district commission, or public corporation or may be used directly by the Department of
334 Rail and Public Transportation for the following purposes:

335 (a) To finance up to 95 percent of the capital costs related to the development, implementation and
336 promotion of experimental public transportation and ridesharing projects approved by the Board.

337 (b) To finance up to 95 percent of the operating costs of experimental mass transportation and
338 ridesharing projects approved by the Board for a period of time not to exceed 12 months.

339 (c) To finance up to 95 percent of the cost of the development and implementation of any other
340 project designated by the Board where the purpose of such project is to enhance the provision and use
341 of public transportation services.

342 d. Funds allocated for public transportation promotion and operation studies may be paid to any local
343 governing body, planning district commission, transportation district commission, or public transit
344 corporation, or may be used directly by the Department of Rail and Public Transportation for the
345 following purposes and aid of public transportation services:

346 (1) At the approval of the Board to finance a program administered by the Department of Rail and
347 Public Transportation designed to promote the use of public transportation and ridesharing throughout
348 Virginia.

349 (2) To finance up to 50 percent of the local share of public transportation operations planning and
350 technical study projects approved by the Board.

351 e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same
352 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for
353 the purposes specified in subdivision 4 b.

354 f. The remaining 25 percent shall be distributed for capital purposes on the basis of 95 percent of the
355 nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the
356 event that total capital funds available under this subdivision are insufficient to fund the complete list of
357 eligible projects, the funds shall be distributed to each transit property in the same proportion that such
358 capital expenditure bears to the statewide total of capital projects.

359 g. There is hereby created in the Department of the Treasury a special nonreverting fund known as
360 the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the
361 Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be
362 established on the books of the Comptroller and consist of such moneys as are appropriated to it by the
363 General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given,

bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 56-557 and for purposes as enumerated in subdivision 4c of § 33.1-269 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. Projects financed by the Commonwealth Transit Capital Fund shall receive local, regional or private funding for at least 20 percent of the nonfederal share of the total project cost.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of this Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis as certified to the Comptroller by the Department of Education, of the number of children in each county and city according to the most recent statewide census of school population taken by the Department of Education pursuant to § 22.1-284, as adjusted in the manner hereinafter provided. No special school population census, other than a statewide census, shall be used as the basis of apportionment and distribution except that in any calendar year in which a statewide census is not reported, the Department of Education shall adjust such school population figures by the same percent of annual change in total population estimated for each locality by The Center for Public Service. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last preceding school population census, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such census and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

429 that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess
430 of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board
431 and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the
432 balance in the Capital Improvement Fund is less than \$35 million.

440 net revenue generated (and collected in the succeeding month) from such one-half percent increase for
441 the month of August 2004 and for each month thereafter.
