Referred to Committee for Courts of Justice

Be it enacted by the General Assembly of Virginia:**1. That § 8.01-413 of the Code of Virginia is amended and reenacted as follows:**

§ 8.01-413. Certain copies of health care provider's records or papers of patient admissible; right of patient, his attorney and authorized insurer to copies of such records or papers; subpoena; damages, costs and attorneys' fees.

A. In any case where the hospital, nursing facility, physician's, or other health care provider's original records or papers of any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic or chemical storage process thereof shall be admissible as evidence in any court of this Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original records.

Any hospital, nursing facility, physician, or other health care provider whose records or papers relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such hospital, nursing facility, physician, or other health care provider, enter an order requiring production of the originals, if available, of any stored records or papers whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the hospital, nursing facility, physician, or other health care provider for the service of maintaining, retrieving, reviewing, preparing, copying and mailing the items produced. Except for copies of X-ray photographs, however, such charges shall not exceed \$0.50 for each page up to 50 pages and \$0.25 a page thereafter for copies from paper or other hard copy generated from computerized or other electronic storage, or other photographic, mechanical, electronic, imaging or chemical storage process and \$1 per page for copies from microfilm or other micrographic process, plus all postage and shipping costs and a search and handling fee not to exceed \$10.

The fees authorized by this subsection shall not apply to the production of a patient's account balance or an itemized listing of charges of the hospital, ambulance, nursing facility, physician, or other health care provider relating to any such patient. The patient's account balance or itemized listing of charges shall be supplied to the requesting patient, patient's attorney, or authorized insurer at no cost.

B. Copies of hospital, nursing facility, physician's, or other health care provider's records or papers shall be furnished within 15 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03.

However, copies of a patient's records shall not be furnished to such patient when the patient's treating physician or clinical psychologist, in the exercise of professional judgment, has made a part of the patient's records a written statement that in his opinion the furnishing to or review by the patient of such records would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such health records make reference to a person, other than a health care provider, and the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such records shall be furnished within 15 days of the date of such request to the patient's attorney or authorized insurer, rather than to the patient.

If the records are not provided to the patient in accordance with this section, then, if requested by the

59 patient, the hospital, nursing facility, physician, or other health care provider denying the request shall
60 comply with the patient's request to either (i) provide a copy of the records to a physician or clinical
61 psychologist of the patient's choice whose licensure, training, and experience, relative to the patient's
62 condition, are at least equivalent to that of the treating physician or clinical psychologist upon whose
63 opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make
64 the records available to the patient or (ii) designate a physician or clinical psychologist, whose licensure,
65 training, and experience, relative to the patient's condition, are at least equivalent to that of the treating
66 physician or clinical psychologist upon whose opinion the denial is based and who did not participate in
67 the original decision to deny the patient's request for his records, who shall, at the expense of the
68 provider denying access to the patient, review the records and make a judgment as to whether to make
69 the records available to the patient. In either such event, the hospital, nursing facility, physician, or other
70 health care provider denying the request shall comply with the judgment of the reviewing physician or
71 clinical psychologist.

72 Except as provided in subsection G, a reasonable charge may be made by the hospital, nursing
73 facility, physician or other health care provider maintaining the records for the cost of the services
74 relating to the maintenance, retrieval, review, and preparation of the copies of the records. Except for
75 copies of X-ray photographs, however, such charges shall not exceed \$0.50 per page for up to 50 pages
76 and \$0.25 a page thereafter for copies from paper or other hard copy generated from computerized or
77 other electronic storage, or other photographic, mechanical, electronic, imaging or chemical storage
78 process and \$1 per page for copies from microfilm or other micrographic process, a fee for search and
79 handling, not to exceed \$10, and all postage and shipping costs. Any hospital, nursing facility,
80 physician, or other health care provider receiving such a request from a patient's attorney or authorized
81 insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's
82 authority to make the request and shall accept a photocopy, facsimile, or other copy of the original
83 signed by the patient as if it were an original.

84 *The fees authorized by this subsection shall not apply to the production of a patient's account*
85 *balance or an itemized listing of charges of the hospital, ambulance, nursing facility, physician or other*
86 *health care provider relating to any such patient. The patient's account balance or itemized listing of*
87 *charges shall be supplied to the requesting patient, patient's attorney or authorized insurer at no cost.*

88 C. Upon the failure of any hospital, nursing facility, physician, or other health care provider to
89 comply with any written request made in accordance with subsection B within the period of time
90 specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03,
91 the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces
92 tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the
93 circuit court wherein any eventual suit would be required to be filed, and upon payment of the fees
94 required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a
95 pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision
96 A 23 of § 17.1-275. A sheriff shall not be required to serve an attorney-issued subpoena that is not
97 issued at least five business days prior to the date production of the record is desired. The subpoena
98 shall be returnable within 20 days of proper service, directing the hospital, nursing facility, physician, or
99 other health care provider to produce and furnish copies of the reports and papers to the clerk who shall
100 then make the same available to the patient, his attorney or authorized insurer. If the court finds that a
101 hospital, nursing facility, physician, or other health care provider willfully refused to comply with a
102 written request made in accordance with subsection B, either by willfully or arbitrarily refusing or by
103 imposing a charge in excess of the reasonable expense of making the copies and processing the request
104 for records, the court may award damages for all expenses incurred by the patient or authorized insurer
105 to obtain such copies, including court costs and reasonable attorney's fees.

106 D. The provisions of subsections A, B, and C hereof shall apply to any health care provider whose
107 office is located within or without the Commonwealth if the records pertain to any patient who is a
108 party to a cause of action in any court in the Commonwealth of Virginia, and shall apply only to
109 requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in
110 anticipation of litigation or in the course of litigation.

111 E. Health care provider, as used in this section, shall have the same meaning as provided in
112 § 32.1-127.1:03 and shall also include an independent medical copy retrieval service contracted to
113 provide the service of retrieving, reviewing, and preparing such copies for distribution.

114 F. Notwithstanding the authorization to admit as evidence patient records in the form of
115 microphotographs, prescription dispensing records maintained in or on behalf of any pharmacy registered
116 or permitted in Virginia shall only be stored in compliance with §§ 54.1-3410, 54.1-3411 and 54.1-3412.

117 G. The provisions of this section governing fees that may be charged by a health care provider
118 whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any
119 request by a patient for his own records, which shall be governed by subsection J of § 32.1-127.1:03.
120 This subsection shall not be construed to affect other provisions of state or federal statute, regulation or

- 121** any case decision relating to charges by health care providers for copies of records requested by any
122 person other than a patient when requesting his own records pursuant to subsection J of § 32.1-127.1:03.
