

2008 SESSION

INTRODUCED

080604680

HOUSE BILL NO. 1527

Offered January 18, 2008

A BILL to amend the Code of Virginia by adding a section numbered 15.2-5138.1, relating to enforcement of certain sewer charges.

Patron—Phillips

Referred to Committee on Counties, Cities and Towns

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-5138.1 as follows:

§ 15.2-5138.1. Enforcement of certain charges when authority does not provide water services.

If any rates, fees or charges for the use and services of any sewer system acquired or constructed by the authority under the provisions of this chapter are not paid within 30 days after they become due, the authority may require that the owner, tenant or occupant of such premises cease disposing of sewage or industrial wastes originating from or on such premises by discharge directly or indirectly into the sewer system until such rates, fees or charges, with interest, are paid. If such owner, tenant or occupant does not cease such disposal at the expiration of the 30-day period, the authority may require any political subdivision, district, private corporation, board, body or person supplying water to or selling water for use on such premises to cease supplying water to or selling water for use on such premises within five days after the receipt of notice of such delinquency from the authority. If such political subdivision, district, private corporation, board, body or person does not, at the expiration of such five-day period, cease supplying water to or selling water for use on such premises, then the authority may shut off the supply of water to such premises.

The water supply to or for any person, or for use on real estate of any person, shall not be shut off or stopped under this section if the State Health Commissioner, upon application of the local board of health or health officer of the locality in which such water is supplied or such real estate is located, has found and certifies to the authorities charged with the responsibility of ceasing to supply or sell such water, or to shut off the supply of such water, that ceasing to supply or shutting off such water supply will endanger the health of such person and the health of others in the locality.
