HOUSE BILL NO. 256

Offered January 9, 2008
Prefiled January 2, 2008

A BILL to amend and reenact § 37.2-817 of the Code of Virginia, relating to involuntary outpatient commitment; five day review of compliance.

Patrons—Fralin, Albo, Athey, Carrico, Cole, Cosgrove, Gilbert, Massie, Merricks and Sherwood

Referred to Committee for Courts of Justice

Be it enacted by the General Assembly of Virginia:

1. That § 37.2-817 of the Code of Virginia is amended and reenacted as follows:

§ 37.2-817. Involuntary admission and outpatient treatment orders.

A. The district court judge or special justice shall render a decision on the petition for involuntary admission after the appointed examiner has presented his report, orally or in writing, pursuant to § 37.2-815 and after the community services board or behavioral health authority that serves the county or city where the person resides or, if impractical, where the person is located has presented a preadmission screening report, orally or in writing, with recommendations for that person's placement, care, and treatment pursuant to § 37.2-816. These reports, if not contested, may constitute sufficient evidence upon which the district court judge or special justice may base his decision.

B. After observing the person and obtaining the necessary positive certification and considering any other relevant evidence that may have been offered, if the judge or special justice finds by clear and convincing evidence that (i) the person presents an imminent danger to himself or others as a result of mental illness or has been proven to be so seriously mentally ill as to be substantially unable to care for himself and (ii) alternatives to involuntary inpatient treatment have been investigated and deemed unsuitable and there is no less restrictive alternative to involuntary inpatient treatment, the judge or special justice shall by written order and specific findings so certify and order that the person be admitted involuntarily to a facility for a period of treatment not to exceed 180 days from the date of the court order. Such involuntary admission shall be to a facility designated by the community services board or behavioral health authority that serves the city or county in which the person was examined as provided in § 37.2-816. If the community services board or behavioral health authority does not designate a facility at the commitment hearing, the person shall be involuntarily admitted to a facility designated by the Commissioner. The person shall be released at the expiration of 180 days unless he is involuntarily admitted by further petition and order of a court or such person makes application for treatment on a voluntary basis as provided for in § 37.2-805.

C. After observing the person and obtaining the necessary positive certification and considering any other relevant evidence that may have been offered, if the judge or special justice finds by clear and convincing evidence that (i) the person presents an imminent danger to himself or others as a result of mental illness or has been proven to be so seriously mentally ill as to be substantially unable to care for himself, (ii) less restrictive alternatives to involuntary inpatient treatment have been investigated and are deemed suitable, (iii) the person (a) has the degree of competency necessary to understand the stipulations of his treatment, (b) expresses an interest in living in the community and agrees to abide by his treatment plan, and (c) is deemed to have the capacity to comply with the treatment plan, and (iv) the ordered treatment can be delivered on an outpatient basis and be monitored by the community services board, behavioral health authority or designated provider, the judge or special justice shall order outpatient treatment, which may include day treatment in a hospital, night treatment in a hospital, outpatient involuntary treatment with anti-psychotic medication pursuant to Chapter 11 (§ 37.2-1100 et seq.), or other appropriate course of treatment as may be necessary to meet the needs of the person. The community services board or behavioral health authority that serves the city or county in which the person resides shall recommend a specific course of treatment and programs for the provision of involuntary outpatient treatment.

Five days after any hearing that results in an order for involuntary outpatient commitment, the community services board designated to monitor compliance with the order shall contact the person who is the subject of the involuntary outpatient commitment order, to determine whether the person has complied with the order and to identify and take all reasonable steps to resolve issues that may have resulted in noncompliance. ~~The~~ *Thereafter, the* community services board, behavioral health authority, or designated provider shall *continue to* monitor the person's compliance with the treatment ordered by the court under this section.~~, and the person's~~*Any* failure to comply with involuntary outpatient treatment as ordered by the court may be admitted into evidence in subsequent hearings held pursuant to the
