Be it enacted by the General Assembly of Virginia:**1. That § 15.2-2305 of the Code of Virginia is amended and reenacted as follows:**

§ 15.2-2305. Affordable dwelling unit ordinances.

A. In furtherance of the purpose of providing affordable shelter for all residents of the Commonwealth, the governing body of any locality, other than localities to which § 15.2-2304 applies, may by amendment to the zoning ordinances of such locality provide for an affordable housing dwelling unit program. Such program shall address housing needs, promote a full range of housing choices, and encourage the construction and continued existence of housing affordable to low and moderate income citizens, determined in accordance with the locality's definition of affordable housing, by providing for increases in density to the applicant in exchange for the applicant providing such affordable housing. Any local ordinance providing optional increases in density for provision of low and moderate income housing adopted before December 31, 1988, shall continue in full force and effect. Any local ordinance may authorize the governing body to (i) establish qualifying jurisdiction-wide affordable dwelling unit sales prices based on local market conditions, (ii) establish jurisdiction-wide affordable dwelling unit qualifying income guidelines, and (iii) offer incentives other than density increases, such as reductions or waiver of permit, development, and infrastructure fees, as the governing body deems appropriate to encourage the provision of affordable housing. Counties to which § 15.2-2304 applies shall be governed by the provisions of § 15.2-2304 for purposes of the adoption of an affordable dwelling unit ordinance.

B. Any zoning ordinance establishing an affordable housing dwelling unit program may include, among other things, reasonable regulations and provisions as to any or all of the following:

1. A definition of affordable housing and affordable dwelling units.

2. For application of the requirements of an affordable housing dwelling unit program to any site, as defined by the locality, or a portion thereof at one location which is the subject of an application for rezoning or special exception or, at the discretion of the local governing body, site plan or subdivision plat which yields, as submitted by the applicant, at an equivalent density greater than one unit per acre and which is located within an approved sewer area.

3. For an increase of up to 30 percent in the developable density of each site subject to the ordinance and for a provision requiring up to 17 percent of the total units approved, including the optional density increase, to be affordable dwelling units, as defined in the ordinance. In the event a 30 percent increase is not achieved, the percentage of affordable dwelling units required shall maintain the same ratio of 30 percent to 17 percent.

4. For increases by up to 30 percent of the density or of the lower and upper end of the density range set forth in the comprehensive plan of such locality applicable to rezoning and special exception applications that request approval of single family detached dwelling units or single family attached dwelling units, when such applications are approved after the effective date of a local affordable housing zoning ordinance amendment.

5. For a requirement that not less than 17 percent of the total number of dwelling units approved pursuant to a zoning ordinance amendment enacted pursuant to subdivision B 4 of this section shall be affordable dwelling units, as defined by the local zoning ordinance unless reduced by the 30 to 17 percent ratio pursuant to subdivision B 3 of this section.

6. For establishment of a local housing fund as part of its affordable housing dwelling unit program to assist in achieving the affordable housing goals of the locality pursuant to this section. The local housing fund may be a dedicated fund within the other funds of the locality, but any funds received pursuant to this section shall be used for achieving the affordable housing goals of the locality.

7. For reasonable regulations requiring the affordable dwelling units to be built and offered for sale or rental concurrently with the construction and certificate of occupancy of a reasonable proportion of the market rate units.

8. For standards of compliance with the provisions of an affordable housing dwelling unit program and for the authority of the local governing body or its designee to enforce compliance with such

standards and impose reasonable penalties for noncompliance, provided that a local zoning ordinance provide for an appeal process for any party aggrieved by a decision of the local governing body.

C. For any building which is four stories or above and has an elevator, the applicant may request, and the locality shall consider, the unique ancillary costs associated with living in such a building in determining whether such housing will be affordable under the definition established by the locality in its ordinance adopted pursuant to this section. However, for localities under this section in Planning District Eight, nothing in this section shall apply to any elevator structure four stories or above.

D. Any ordinance adopted hereunder shall provide that the local governing body shall have no more than 280 days in which to process site or subdivision plans proposing the development or construction of affordable housing or affordable dwelling units under such ordinance. The calculation of such period of review shall include only the time that plans are in review by the local governing body and shall not include such time as may be required for revision or modification in order to comply with lawful requirements set forth in applicable ordinances and regulations.
