§ 18.2-67.9:1. *Use of videotaped statements of complaining witnesses as evidence.*

A. In any criminal proceeding involving alleged abuse or neglect of a child pursuant to this article or Article 4 (§ 18.2-362 et seq.) of Chapter 8, any interviews of the alleged victim of the offense, made prior to the proceeding, may be admitted, subject to other rules governing the admissibility of evidence, if the court determines that:

2. The recordings have both a visual and an oral component, and every person appearing in, and every voice recorded on, the tape is identified;

4. The recordings have not been altered, except as may be directed by the court;

5. No attorney for any party to the proceeding was present when the statement was made;

6. The person conducting the interview of the alleged victim was a social worker as defined in § 54.1-3700, or a qualified forensic interviewer as defined in § 18.2-67.9:2, and all of the interviewer's contacts with the child were recorded and retained;

7. All persons participating in or witnessing the interview are available to testify or be cross-examined at the proceeding when the recording is offered; and

8. The alleged victim testifies regarding the identity of the offender and the circumstances of the offense at the proceeding, either in person or by means of closed-circuit television.

B. Following the testimony of the alleged victim, either party may seek to introduce the recording. The alleged victim shall be subject to cross-examination.

C. A recorded statement may not be admitted under this section unless the proponent of the recording notifies the adverse party of his intent to offer the recording at least 30 days prior to the proceeding and the adverse party is given sufficient and timely opportunity to view the recording and make objections before it is shown at the proceeding. In the event that the defendant is a juvenile, the notice shall be provided at least 15 days prior to the proceeding.
