A. The Commission. House of Delegates, state Senate, and congressional district lines shall be drawn by the temporary Bipartisan Redistricting Commission (hereafter referred to as the Commission) and then presented to the General Assembly for enactment in accordance with the Constitution of Virginia. The Commission shall be constituted in each year ending in zero, perform its duties as stated herein, and be dissolved in the following year ending in one.

B. Standards for Redistricting. The Commission shall draw district lines in accordance with the following Standards for Redistricting (hereafter referred to as Standards):

4. All districts shall encompass communities of interest.

5. No district shall be drawn with consideration for the impact on incumbent legislators, members of Congress, or known candidates for office.

6. No district shall be drawn to promote, or for the purpose of favoring, the interests of a political party.

7. All district boundaries shall be drawn to promote competitiveness to the extent practicable; however, no district shall be made artificially competitive in violation of other Standards.

8. All district boundaries may be drawn to maintain the core geographical areas of existing districts, to the extent not in conflict with other Standards.

C. Commission eligibility.

1. The Chief Justice of the Supreme Court shall nominate a pool of 24 retired judges who are willing to serve as members of the Commission.

2. Only retired Virginia state and federal judges of courts of record, who have never held elected partisan public office or political party office, have never been a partisan candidate for office, and have not received income during the past 12 months from the General Assembly, a committee thereof, the United States Congress, a committee thereof, a political party, a partisan candidate, or a committee controlled by a partisan candidate, shall be included in the pool.

3. Each member of the pool shall pledge in writing that he will not run for election in the congressional, Senate, and House of Delegates districts drawn by him pursuant to this article and will not accept, for at least five years from the date of appointment to the Commission, Virginia state public employment or public office, other than judicial employment, judicial office, or a teaching position.

§ 24.2-301.4. *The district map creation process.*

A. *General.* All deadlines defined in this section, excepting the public meeting of the Commission at which it decides on operating procedures and other rules, may, at the discretion of the Commission, be extended by the number of days after January 1 in the year ending in one before the Commonwealth is provided with the enumeration data and census geography provided by the Bureau of the Census pursuant to Public Law § 94-171. Notwithstanding this subsection, the Commission shall provide the First Official District Plan to the General Assembly no later than June 15 of the year ending in one. If the Commission so decides, it may create and deliver the district plans for the General Assembly and the United States Congress as separate bills.

B. *Rulemaking.* The Commission shall, before December 1 of the year ending in zero, hold a public meeting at which it shall decide upon and cause to be published on paper and on the Internet, the operating procedures and other rules under which it will perform its duties. It will also publish a schedule of public meetings to be held during the map creation process. All district maps produced by the Commission shall be in accordance with the Standards set out in § 24.2-301.3. The Commission shall keep records of its decisions, directions given to staff, and all other actions and activities as may be required to comply with the federal Voting Rights Act as amended and relevant laws and cases.

C. *Initial map creation with data restrictions.* Upon the receipt of census data, the Commission and its staff shall create initial district maps. No individuals other than the Commission members, its staff, and its certified counsel and experts shall be allowed to participate in the creation of initial maps. Initial maps shall be released to the public via the Internet and other means as determined by the Commission. Initial maps shall be created without the use of any of the following restricted data:

1. Data, hereafter Type 1, regarding election outcomes, voting history, voting trends or patterns, or the partisan affiliation of voters.

2. Data, hereafter Type 2, regarding the place of residence of incumbent legislators, members of Congress, or known candidates for said offices.

3. Data, hereafter Type 3, regarding demographic information, except that provided to the public generally by the Bureau of the Census or required by the federal Voting Rights Act as amended or other law.

D. *Plan testing.* Once an initial map or multiple initial maps have been created, the Commission may access restricted data of Types 1 and 2, only as provided to the Commission by the State Board of Elections on the request of the Commission, for the purpose of ensuring that the initial plans comply fully with the Standards using this data. In no case shall such data be provided by an Appointing Authority, the General Assembly, a member or committee thereof, a member of the United States Congress, an official of a political party, a partisan candidate, a current partisan office holder, a member or official of a committee controlled by a partisan candidate, any of their employees, agents, or contractors, or any individual who is, or has in the past five years been, a registered lobbyist under Article 3 (§ 2.2-418 et seq.) of Chapter 4 of Title 2.2 .

E. *Release of plan for public comment.* When the initial plans have been conformed to the Standards, and no later than April 1 of the year ending in one, the Commission shall hold a public meeting at which it shall certify a single district map plan as the Plan for Public Comment, all relevant details of the Plan, and information on the Standards for distribution shall be released at the public meeting and on the Internet.

F. *Public comment period.* During a period of time of no fewer than 15 days, the Commission shall hold at least five public meetings at which it will receive public comment on the Plan for Public Comment. Each meeting shall be held in a different congressional district. These meetings shall be publicized as the Commission determines, attended by all Commission members, held at times convenient for the public to attend, held for no less than three hours each, and held in geographically disparate areas of the Commonwealth. A record of each meeting shall be made, and the Commission shall cause the comments or a reasonable summary thereof to be published on the Internet and by such other means as the Commission determines.

G. *Modifications of Plan.* On conclusion of the public comment period, the Commission may modify the Plan for Public Comment to account for the comments, and the modified Plan shall comply with the Standards.

H. *Submission of Plan to General Assembly.* Within 15 days of the completion of the public comment period, the Commission shall hold a public meeting at which it certifies a Bipartisan Redistricting Commission Plan. It shall cause its Plan to be submitted to each of the Appointing Authorities in the form of a bill for introduction.

I. *Legislative process.*

1. The bill to enact the Commission Plan and any other bill to delineate House of Delegates, state Senate, or congressional district boundaries shall be considered by the appropriate standing committee of the House and Senate (hereafter referred to as Committee).

182 2. If the Committee votes to report the Commission Plan bill without amendment, the bill shall be
183 reported to the house. If the Committee votes to report the Commission Plan bill with amendments or
184 any other bill with or without amendments, it shall cause its action to be communicated to the
185 Commission. Within seven days the Commission shall make a recommendation to the General Assembly
186 whether or not the General Assembly should agree to the Committee's report. The house shall not vote
187 on the bill reported by the Committee until it has received the recommendation of the Commission.

188 3. If the Commission Plan bill is rejected by the Committee or the General Assembly, the
189 Commission may, at the discretion of the Chairman, prepare and release a new plan in accordance with
190 the Standards in the form of a bill and present it to the Appointing Authorities for their consideration
191 and introduction.

192 4. If the house of origin passes the Commission Plan bill without amendment, the bill shall be
193 communicated to the second house. If the house of origin passes the Commission Plan with amendments
194 or passes any other bill with or without amendments, it shall cause its action to be communicated to the
195 Commission. Within seven days the Commission shall make a recommendation to the second house
196 whether or not it should agree to the bill as passed by the first house.

197 5. The process outlined in subdivisions 2 and 4 shall apply to consideration in the second house.
198 When any bill is adopted by both houses and transmitted to the Governor, the Commission shall review
199 the bill and make its recommendation to the Governor as to his actions on the bill.

200 6. If the Governor proposes amendments to the bill, the Commission shall review his amendments
201 and make recommendations to the General Assembly whether or not it should agree to the Governor's
202 amendments at least one day prior to the General Assembly's consideration of the amendments.

203 7. The Commission, when required to submit a recommendation, shall evaluate the outcome of
204 implementing the bill or amendment and determine if the bill or amendment has been drafted in
205 accordance with the Standards set forth in subsection B of § 24.2-301.3. When reviewing any bill or
206 amendment for recommendation, the Commission may use any data it deems necessary to analyze the
207 measure's outcome. If the Commission decides, by a majority vote, that the proposed bill or amendment
208 is not in accordance with the Standards, the Commission shall delineate the manner in which the
209 proposed bill or amendment deviates from the Standards and report such to the Appointing Authorities,
210 the Clerk of the House, and the Clerk of the Senate within the required time. The Commission may, at
211 its discretion, propose changes to the measure in question that would conform the measure to the
212 Standards. Meetings at which the Commission votes to make a recommendation shall be public and
213 allow for public participation.

214 J. Submission under § 5 of the Voting Rights Act. On passage of a bill, and its enactment into law,
215 to define the election districts for the General Assembly and the United States House of Representatives,
216 the Commission shall cooperate with and assist the Attorney General or other relevant authority to the
217 extent necessary to complete the submission of the bill pursuant to § 5 of the Voting Rights Act.

218 K. Dissolution. On notification of clearance as required by the Voting Rights Act, the Commission
219 shall be dissolved. The Commission shall be reconstituted with the identical membership in any case
220 where the federal government or a court determines that modifications to the plan are required. The
221 reconstituted Commission shall follow, as closely as practicable, the process set out in this article to
222 meet the requirements of the government or court.
