Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-609.6 and 58.1-2403 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:02 as follows:

§ 58.1-439.12:02. Motion picture production company tax credit.

A. For taxable years beginning on and after January 1, 2008, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture film production filmed in Virginia shall be allowed a credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall qualify as one production.

"Qualifying expenses" means the sum of the following amounts spent in Virginia by a production company for the production of a motion picture film or an episodic television series filmed in Virginia:

1. Goods and services leased or purchased. For goods and services with a purchase price or rental fee of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages. Compensation and wages less the amount paid to an individual who directly or indirectly receives compensation in excess of \$1,000,000 for personal services with respect to a single production. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the credit authorized in subsection A, such production company shall be allowed an additional credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in Virginia when total production costs in Virginia are at least \$250,000 but not more than \$1,000,000. The additional credit shall be equal to 20 percent of the total aggregate payroll of such residents when total production costs in Virginia exceed \$1,000,000.

2. In addition to the credits authorized in subsection A and subdivision B 1, the production company shall be allowed an additional credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as a member of a production crew in connection with the production of a film in Virginia. In the event such residents reside in a fiscally distressed area of Virginia, as defined by the Secretary of Commerce and Trade, the additional credit shall be equal to 20 percent of the total aggregate payroll of such residents.

C. A taxpayer may claim the credits allowed by this section on a tax return filed for the taxable year in which the production activities are completed. The tax return shall include the name of the television or film production, a description of such production, and a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

D. If the credits allowed by this section exceed the amount of the tax imposed for the taxable year reduced by the sum of all other credits allowable, the excess shall be redeemable by the Tax Commissioner within 90 days after filing the return in accordance with the limitations described in subsection E. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

E. The amount of the credit allowed under this section with respect to movie film production shall not exceed \$7,500,000. No credit shall be allowed under this section for any production that satisfies one of the following conditions:
