- (g) The Commission, by a majority of at least four members, shall submit a bill for the establishment of Senate and House of Delegates districts to the General Assembly within one month of the receipt by the Governor of the official decennial census of the United States for Virginia, or by March 1 of the year following the year in which the census is taken, whichever date is later. Within twenty days of the date on which the Commission submits its bill to the General Assembly, the General Assembly shall act on the bill. The General Assembly may amend the bill by a vote of two-thirds of the elected members of each house but no amendment shall affect more than two percent of the population of any district as drawn in the bill submitted by the Commission. Within ten days of the date on which the General Assembly passes the bill, the Governor may submit amendments to the bill to the General Assembly but no amendment shall affect more than two percent of the population of any district as drawn in the bill submitted by the Commission. The Governor shall not have power to veto the bill. For any amendment submitted by the Governor to become part of the bill, each house must agree to the amendment by a vote of two-thirds of the elected members of the house. If the General Assembly fails to pass the bill submitted by the Commission as submitted by the Commission or with amendments approved by the General Assembly in compliance with this subsection, the bill shall be before the Supreme Court on the thirty-first day following the date on which the Commission submitted its bill to the General Assembly. The Court may consider recommendations submitted by the Governor or any member of the General Assembly within seven days of the first date that the bill was before the Court. The Court shall certify the final plan to establish state Senate and House of Delegates districts.
- (h) The Commission, by a majority of at least four members, shall submit a bill for the establishment of congressional districts to the General Assembly within three months of the receipt by the Governor of the official decennial census of the United States for Virginia, or by June 1 of the year following the year in which the census is taken, whichever date is later. The General Assembly may amend the bill by a vote of two-thirds of the elected members of each house but no amendment shall affect more than two percent of the population of any district as drawn in the bill submitted by the Commission. Within ten days of the date on which the General Assembly passes the bill, the Governor may submit amendments to the bill to the General Assembly but no amendment shall affect more than two percent of the population of any district as drawn in the bill submitted by the Commission. The Governor shall not have power to veto the bill. For any amendment submitted by the Governor to become part of the bill, each house must agree to the amendment by a vote of two-thirds of the elected members of the house. If the General Assembly fails to pass the bill submitted by the Commission as submitted by the Commission or with amendments approved by the General Assembly in compliance with this subsection, the bill shall be before the Supreme Court on the thirty-first day following the date on which the Commission submitted its bill to the General Assembly. The Court may consider recommendations submitted by the Governor or any member of the General Assembly within seven days of the first date that the bill was before the Court. The Court shall certify the final plan to establish congressional districts.
- (i) The Commission shall hold at least three public hearings in different parts of the Commonwealth on districts for the House of Representatives, Senate, and House of Delegates. The Commission shall, subject to the constraints of time and convenience, review plans for the establishment of districts submitted by members of the public.
- (j) The General Assembly shall appropriate the funds necessary for the efficient operation of the Commission.
