59 Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to
60 MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as
61 provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air
62 carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a
63 than it received in fiscal year 1994-1995.

64 Of the remaining amount:

65 a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased
66 by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air
67 carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however,
68 shall receive less than \$50,000 nor more than \$2 million per year from this provision.

69 b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever
70 airports on a discretionary basis, except airports owned or leased by MWAA.

71 c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports
72 on a discretionary basis.

73 4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall
74 be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass
75 Transit Fund.

76 a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and
77 any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but
78 shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. Funds may be
79 paid to any local governing body, transportation district commission, or public service corporation for
80 the purposes hereinafter specified.

81 b. The amounts allocated pursuant to this section shall be used to support the public transportation
82 administrative costs and the costs borne by the locality for the purchase of fuels, lubricants, tires and
83 maintenance parts and supplies for public transportation at a state share of 80 percent in 2002 and 95
84 percent in 2003 and succeeding years. These amounts may be used to support up to 95 percent of the
85 local or nonfederal share of capital project costs for public transportation and ridesharing equipment,
86 facilities, and associated costs. Capital costs may include debt service payments on local or agency
87 transit bonds. The term "borne by the locality" means the local share eligible for state assistance
88 consisting of costs in excess of the sum of fares and other operating revenues plus federal assistance
89 received by the locality.

90 c. Commonwealth Mass Transit Fund revenue shall be allocated by the Commonwealth
91 Transportation Board as follows:

92 (1) Funds for special programs, which shall include ridesharing, experimental transit, and technical
93 assistance, shall not exceed 1.5 percent of the Fund.

94 (2) The Board may allocate these funds to any locality or planning district commission to finance up
95 to 80 percent of the local share of all costs associated with the development, implementation, and
96 continuation of ridesharing programs.

97 (3) Funds allocated for experimental transit projects may be paid to any local governing body,
98 transportation district commission, or public corporation or may be used directly by the Department of
99 Rail and Public Transportation for the following purposes:

100 (a) To finance up to 95 percent of the capital costs related to the development, implementation and
101 promotion of experimental public transportation and ridesharing projects approved by the Board.

102 (b) To finance up to 95 percent of the operating costs of experimental mass transportation and
103 ridesharing projects approved by the Board for a period of time not to exceed 12 months.

104 (c) To finance up to 95 percent of the cost of the development and implementation of any other
105 project designated by the Board where the purpose of such project is to enhance the provision and use
106 of public transportation services.

107 d. Funds allocated for public transportation promotion and operation studies may be paid to any local
108 governing body, planning district commission, transportation district commission, or public transit
109 corporation, or may be used directly by the Department of Rail and Public Transportation for the
110 following purposes and aid of public transportation services:

111 (1) At the approval of the Board to finance a program administered by the Department of Rail and
112 Public Transportation designed to promote the use of public transportation and ridesharing throughout
113 Virginia.

114 (2) To finance up to 50 percent of the local share of public transportation operations planning and
115 technical study projects approved by the Board.

116 e. At least 73.5 percent of the Fund shall be distributed to each transit property in the same
117 proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for
118 the purposes specified in subdivision 4 b.

119 f. The remaining 25 percent shall be distributed for capital purposes on the basis of 95 percent of the
120 nonfederal share for federal projects and 95 percent of the total costs for nonfederal projects. In the

event that total capital funds available under this subdivision are insufficient to fund the complete list of eligible projects, the funds shall be distributed to each transit property in the same proportion that such capital expenditure bears to the statewide total of capital projects.

g. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 56-557 and for purposes as enumerated in subdivision 4c of § 33.1-269 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. Projects financed by the Commonwealth Transit Capital Fund shall receive local, regional or private funding for at least 20 percent of the nonfederal share of the total project cost.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of this Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis as certified to the Comptroller by the Department of Education, of the number of children in each county and city according to the most recent statewide census of school population taken by the Department of Education pursuant to § 22.1-284, as adjusted in the manner hereinafter provided. No special school population census, other than a statewide census, shall be used as the basis of apportionment and distribution except that in any calendar year in which a statewide census is not reported, the Department of Education shall adjust such school population figures by the same percent of annual change in total population estimated for each locality by The Center for Public Service. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last preceding school population census, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such census and a proper reduction made in the school population of the

182 county or counties from which the annexed territory was acquired.

183 E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a
184 two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of
185 hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment,
186 wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the
187 most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of
188 Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated
189 Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used,
190 in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the
191 Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be
192 dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established
193 under § 29.1-101.1, is equal to or in excess of \$35 million, any portion of sales and use tax revenues
194 that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess
195 of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board
196 and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the
197 balance in the Capital Improvement Fund is less than \$35 million.

198 F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales
199 and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the
200 General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the
201 Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under
202 § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent
203 increase as provided in this subdivision. The transfers to the Public Education Standards of
204 Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the
205 net revenue generated (and collected in the succeeding month) from such one-half percent increase for
206 the month of August 2004 and for each month thereafter.

207 2. For the purposes of the Comptroller making the required transfers under subdivision 1, the Tax
208 Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each
209 month certifying the sales and use tax revenues generated in the preceding month. Within three calendar
210 days of receiving such certification, the Comptroller shall make the required transfers to the Public
211 Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

212 G. If errors are made in any distribution, or adjustments are otherwise necessary, the errors shall be
213 corrected and adjustments made in the distribution for the next quarter or for subsequent quarters.

214 H. The term "net revenue," as used in this section, means the gross revenue received into the general
215 fund or the Transportation Trust Fund of the state treasury under the preceding sections of this chapter,
216 less refunds to taxpayers.

217 **2. That the provisions of this act shall become effective on July 1, 2009.**

218 **3. That the one-tenth of one percent annual increases in the amount of sales and use tax revenue**
219 **dedicated to the Transportation Trust Fund pursuant to this act shall be delayed for a fiscal year**
220 **for any fiscal year in which the total estimated general funds as contained in the applicable**
221 **appropriation act, less the amount of such dedicated funds, would be less than the total general**
222 **funds in the prior fiscal year.**
