[H 1671]

Approved March 27, 2009

Be it enacted by the General Assembly of Virginia:

1. That §§ 36-3, 36-49.1:1, 36-105, 48-5, 58.1-3965, and 58.1-3969 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-907.1 as follows:

§ 15.2-907.1. Authority to require removal, repair, etc., of buildings that are declared to be derelict.

Any locality that has a real estate tax abatement program in accordance with this section may, by ordinance, provide that:

1. The owners of property therein shall at such time or times as the governing body may prescribe submit a plan to demolish or renovate any building that has been declared a "derelict building." For purposes of this section, "derelict building" shall mean a residential or nonresidential building or structure, whether or not construction has been completed, that might endanger the public's health, safety, or welfare and for a continuous period in excess of six months, it has been (i) vacant, (ii) boarded up in accordance with the building code, and (iii) not lawfully connected to electric service from a utility service provider or not lawfully connected to any required water or sewer service from a utility service provider.

2. If a building qualifies as a derelict building pursuant to the ordinance, the locality shall notify the owner of the derelict building that the owner is required to submit to the locality a plan, within 90 days, to demolish or renovate the building to address the items that endanger the public's health, safety, or welfare as listed in a written notification provided by the locality. Such plan may be on a form developed by the locality and shall include a proposed time within which the plan will be commenced and completed. The plan may include one or more adjacent properties of the owner, whether or not all of such properties may have been declared derelict buildings. The plan shall be subject to approval by the locality. The locality shall deliver the written notice to the address listed on the real estate tax assessment records of the locality. Written notice sent by first-class mail, with the locality obtaining a U.S. Postal Service Certificate of Mailing shall constitute delivery pursuant to this section.

3. If a locality delivers written notice and the owner of the derelict building has not submitted a plan to the locality within 90 days as provided in subdivision 2, the locality may exercise such remedies as provided in this section or as otherwise provided by law.

4. The owner of a building may apply to the locality and request that such building be declared a derelict building for purposes of this section.

5. The locality, upon receipt of the plan to demolish or renovate the building, at the owner's request, shall meet with the owner submitting the plan and provide information to the owner on the land use and permitting requirements for demolition or renovation.

6. If the property owner's plan is to demolish the derelict building, the building permit application of such owner shall be expedited. If the owner has completed the demolition within 90 days of the date of the building permit issuance, the locality shall refund any building and demolition permit fees. This section shall not supersede any ordinance adopted pursuant to § 15.2-2306 relative to historic districts.

7. If the property owner's plan is to renovate the derelict building, and no rezoning is required for the owner's intended use of the property, the site plan or subdivision application and the building permit, as applicable, shall be expedited. The site plan or subdivision fees may be refunded, all or in part, but in no event shall the site plan or subdivision fees exceed the lesser of 50 percent of the standard fees established by the ordinance for site plan or subdivision applications for the proposed use of the property, or \$5,000 per property. The building permit fees may be refunded, all or in part, but in no event shall the building permit fees exceed the lesser of 50 percent of the standard fees established by the ordinance for building permit applications for the proposed use of the property, or \$5,000 per property.

8. Prior to commencement of a plan to demolish or renovate the derelict building, at the request of the property owner, the real estate assessor shall make an assessment of the property in its current derelict condition. On the building permit application, the owner shall declare the costs of demolition, or the costs of materials and labor to complete the renovation. At the request of the property owner, after demolition or renovation of the derelict building, the real estate assessor shall reflect the fair market value of the demolition costs or the fair market value of the renovation improvements, and

reflect such value in the real estate tax assessment records. The real estate tax on an amount equal to the costs of demolition or an amount equal to the increase in the fair market value of the renovations shall be abated for a period of not less than 15 years, and is transferable with the property. The abatement of taxes for demolition shall not apply if the structure demolished is a registered Virginia landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic district. However, if the locality has an existing tax abatement program for less than 15 years, as of July 1, 2009, the locality may provide for a tax abatement period of not less than five years.

9. Notwithstanding the provisions of this section, the locality may proceed to make repairs and secure the building under § 15.2-906, or the locality may proceed to abate or remove a nuisance under § 15.2-900. In addition, the locality may exercise such remedies as may exist under the Uniform Statewide Building Code and may exercise such other remedies available under general and special law.

§ 36-49.1:1. Spot blight abatement authorized; procedure.

A. Notwithstanding any other provision of this chapter, an authority, or any locality, shall have the power to acquire or repair any blighted property, as defined in § 36-3, whether inside or outside of a conservation or redevelopment area, by purchase or through the exercise of the power of eminent domain provided in Chapter 2 (§ 25.1-200 et seq.) of Title 25.1, and, further, shall have the power to hold, clear, repair, manage or dispose of such property for purposes consistent with this chapter. In addition, the authority and locality shall have the power to recover the costs of any repair or disposal of such property from the owner or owners of record, determined in accordance with subsection B of § 36-27. This power shall be exercised only in accordance with the procedures set forth in this section.

B. The chief executive or designee of the locality or authority shall make a preliminary determination that a property is blighted in accordance with this chapter. It shall send notice to the owner or owners of record determined in accordance with subsection B of § 36-27, specifying the reasons why the property is blighted. The owner or owners of record shall have 30 days from the date the notice is sent in which to respond in writing with a spot blight abatement plan to address the blight within a reasonable time.

C. If the owner or owners of record fail to respond within the 30-day period with a written spot blight abatement plan that is acceptable to the chief executive of the agency, authority or locality, the agency, authority or locality (i) may request the local planning commission to conduct a public hearing and make findings and recommendations that shall be reported to the governing body of the locality to declare the property as blighted, which declaration shall be by ordinance adopted by the governing body concerning the repair or other disposition of the property in question and (ii) in the event a public hearing is scheduled, shall prepare a written spot blight abatement plan for the repair or other disposition of the property.

D. No spot blight abatement plan shall be effective until notice has been sent to the property owner or owners of record in accordance with subsection B of § 36-27 and an ordinance has been adopted by the local governing body. *Written notice to the property owner shall be sent by regular mail to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such spot blight abatement plan prepared by the agency, authority, or locality. If the repair or other disposition of the property is approved, the authority, agency, or locality may carry out the approved plan to repair or acquire and dispose of the property in accordance with the approved plan, the provisions of this section, and the applicable law. Not less than three weeks prior to the date of the public hearing before the planning commission, the commission shall provide by regular and certified mail, notice of such hearing to (i) the owner of the blighted property or the agent designated by him for receipt of service of notices concerning the payment of real estate taxes within the locality; (ii) the abutting property owners in each direction, including those property owners immediately across the street or road from the property; and (iii) the representative neighborhood association, if any, for the immediate area. The notice of the public hearing shall be published at least twice, with not less than six days elapsing between the first and second publication in a newspaper published or having general circulation in the locality in which the property is located. The notice also shall be posted on the property. The*

notice shall specify the time and place of the hearing at which persons affected may appear and present their views, not less than six days nor more than 21 days after the second publication.

E. The planning commission shall determine whether:

1. The property is blighted;
2. The owner has failed to cure the blight or present a reasonable plan to do so;
3. The plan for the repair or other disposition of the property is in accordance with the locally adopted comprehensive plan, zoning ordinances, and other applicable land use regulations; and
4. The property is located within an area listed on the National Register of Historic Places. In such instances, the planning commission shall consult with the locally established architectural review board, if any, regarding the proposed repair or other disposition of the property by the authority or governing body.

F. The planning commission shall report its findings and recommendations concerning the property to the governing body. The governing body, upon receipt of such findings and recommendations, may, after an advertised public hearing, affirm, modify, or reject the planning commission's findings and recommendations. If the repair or other disposition of the property is approved, the authority, agency or locality may carry out the approved plan to repair or acquire and dispose of the property in accordance with the approved plan, the provisions of this section, and applicable law.

G. E. If the ordinance is adopted by the governing body of the locality, the locality shall have a lien on all property so repaired or acquired under an approved spot blight abatement plan to recover the cost of (i) improvements made by such locality to bring the blighted property into compliance with applicable building codes and (ii) disposal, if any. If the property is acquired by the governing body through eminent domain, the cost of repair may be recovered when the governing body sells or disposes of the property. In either case, the costs of repair shall be recovered from the proceeds of any such sale.

H. F. Notwithstanding the other provisions of this section, unless otherwise provided for in Title 36, if the blighted property is occupied for personal residential purposes, the governing body, in approving the spot blight abatement plan, shall not acquire by eminent domain such property if it would result in a displacement of the person or persons living in the premises. The provisions of this subsection shall not apply to acquisitions, under an approved spot blight abatement plan, by any locality of property which has been condemned for human habitation for more than one year. In addition, such locality exercising the powers of eminent domain in accordance with Title 25.1, may provide for temporary relocation of any person living in the blighted property provided the relocation is within the financial means of such person.

I. G. In lieu of the acquisition of blighted property by the exercise of eminent domain, and in lieu of the exercise of other powers granted in subsections A through H, any locality may, by ordinance, declare any blighted property as defined in § 36-3 to constitute a nuisance, and thereupon abate the nuisance pursuant to § 15.2-900 or § 15.2-1115. Such ordinance shall be adopted only after written notice by certified mail to the owner or owners at the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records. If the owner does not abate or remove the nuisance and the locality abates or removes the nuisance at its expense, the costs of the removal or abatement of the nuisance shall be a lien on the property and such lien shall bear interest at the legal rate of interest established in § 6.1-330.53, beginning on the date the removal or abatement is completed through the date on which the lien is paid.

J. H. The provisions of this section shall be cumulative and shall be in addition to any remedies for spot blight abatement that may be authorized by law.

§ 36-105. Enforcement of Code; appeals from decisions of local department; inspection of buildings; inspection warrants; inspection of elevators.

A. Enforcement generally. Enforcement of the provisions of the Building Code for construction and rehabilitation shall be the responsibility of the local building department. Appeals from the local building department concerning application of the Building Code or refusal to grant a modification to the provisions of the Building Code shall first lie to the local board of Building Code appeals. No appeal to the State Building Code Technical Review Board shall lie prior to a final determination by the local board of Building Code appeals. Whenever a county or a municipality does not have such a building department or board of Building Code appeals, the local governing body shall enter into an agreement with the local

governing body of another county or municipality or with some other agency, or a state agency approved by the Department for such enforcement and appeals resulting therefrom. For the purposes of this section, towns with a population of less than 3,500 may elect to administer and enforce the Building Code; however, where the town does not elect to administer and enforce the Building Code, the county in which the town is situated shall administer and enforce the Building Code for the town. In the event such town is situated in two or more counties, those counties shall administer and enforce the Building Code for that portion of the town which is situated within their respective boundaries. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals.

Where the construction cost is less than \$2,500, however, the inspection may, in the discretion of the inspecting authority, be waived. A building official may issue an annual permit for any construction regulated by the Building Code. The building official shall coordinate all reports of inspections for compliance with the Building Code, with inspections of fire and health officials delegated such authority, prior to issuance of an occupancy permit.

C. Existing buildings and structures.

1. Inspections and enforcement of the Building Code. The local governing body may also inspect and enforce the provisions of the Building Code for existing buildings and structures, whether occupied or not. Such inspection and enforcement shall be carried out by an agency or department designated by the local governing body.

2. Complaints by tenants. However, upon a finding by the local building department, following a complaint by a tenant of a residential dwelling unit that is the subject of such complaint, that there may be a violation of the unsafe structures provisions of the Building Code, the local building department shall enforce such provisions.

3. Inspection warrants. If the local building department receives a complaint that a violation of the Building Code exists that is an immediate and imminent threat to the health or safety of *the owner, tenant, or occupants of any building or structure, or the owner, or occupant, or tenant of a residential dwelling unit or a nearby residential dwelling unit any nearby building or structure*, and the owner, occupant, or tenant of the ~~residential dwelling unit~~ *building or structure* that is the subject of the complaint has refused to allow the local building official or his agent to have access to the subject ~~dwelling building or structure~~, the local building official or his agent may present sworn testimony to a magistrate or a court of competent jurisdiction and request that the magistrate or court grant the local building official or his agent an inspection warrant to enable the building official or his agent to enter the subject ~~dwelling building or structure~~ for the purpose of determining whether violations of the Building Code exist. The local building official or his agent shall make a reasonable effort to obtain consent from the owner, occupant, or tenant of the subject ~~dwelling building or structure~~ prior to seeking the issuance of an inspection warrant under this section.

4. Transfer of ownership. If the local building department has initiated an enforcement action against the owner of a building or structure and such owner subsequently transfers the ownership of the building or structure to an entity in which the owner holds an ownership interest greater than 50%, the pending enforcement action shall continue to be enforced against the owner.

D. Elevator inspections. The local governing body shall, however, inspect and enforce the Building Code for elevators, except for elevators in single- and two-family homes and townhouses. Such inspection shall be carried out by an agency or department designated by the local governing body.

§ 48-5. Fines and costs; judgment of abatement.

Upon the trial of any such presentment the person or persons who have created, caused or permitted the continuation of ~~such~~ any nuisance, if found guilty, shall be *ordered to either abate said nuisance or to reimburse the locality for all costs of removal and abatement of said nuisance, if the locality has abated the nuisance pursuant to § 15.2-900, and further may be fined, in the discretion of the jury, not more than \$10,000 \$25,000, in addition to other remedies available under the law; and upon such verdict the judgment of the court shall be for the amount of fine imposed and the costs of such proceeding, and also that such nuisance be forthwith removed and abated.*

§ 58.1-3965. When land may be sold for delinquent taxes; notice of sale; owner's right of redemption.

A. When any taxes on any real estate in a ~~county, city or town~~ *locality* are delinquent on December 31 following the second anniversary of the date on which such taxes have become due, or, in the case of real property upon which is situated (i) any structure that has been condemned by the local building official pursuant to applicable law or ordinance; (ii) *any nuisance as that term is defined in § 15.2-900;* (iii) *any derelict building as that term is defined in § 15.2-907.1; or* (iv) *any property that has been declared to be blighted as that term is defined in § 36-49.1:1*, the first anniversary of the date on which such taxes have become due, ~~or, in the case of real estate which is deemed abandoned as provided herein, and the taxes on any real estate are delinquent on December 31 following the second anniversary of the date on which such taxes have become due~~, such real estate may be sold for the purpose of collecting all delinquent taxes on such property.

Partial payment of delinquent taxes, penalties, reasonable attorneys' fees, interest or costs shall not be sufficient to redeem the property, and shall not operate to suspend, invalidate or make moot any action for judicial sale brought pursuant to this article.

C. Notwithstanding the provisions of subsection B and of § 58.1-3954, the treasurer or other officer responsible for collecting taxes may suspend any action for sale of the property commenced pursuant to this article upon entering into an agreement with the owner of the real property for the payment of all delinquent amounts in installments over a period which is reasonable under the circumstances, but in no event shall exceed 24 months. Any such agreement shall be secured by the lien of the locality pursuant to § 58.1-3340.

D. During the pendency of any installment agreement permitted under subsection C, any proceeding for a sale previously commenced shall not abate, but shall be continued on the docket of the court in which such action is pending. It shall be the duty of the treasurer or other officer responsible for collecting taxes to promptly notify the clerk of such court when obligations arising under such an installment agreement have been fully satisfied. Upon the receipt of such notice, the clerk shall cause the action to be stricken from the docket.

E. Any action for the sale previously commenced pursuant to this article may proceed without any requirement that the notice or advertisement required by subsection A, which had previously been made with respect to such property, be repeated. No owner of property which has been the subject of a defaulted installment agreement shall be eligible to enter into a second installment agreement with respect to the same property within three years of such default.

The sale price achieved at a public auction shall be prima facie, but rebuttable, evidence of the value of the property for purposes of the approval of the sale. If the attorney employed by the governing body of the ~~county, city, district or town~~ *locality* be appointed a special commissioner to sell the land and execute the deed and he has already given the bond hereinabove mentioned, no additional bond shall be required of him as special commissioner unless the court regards the bond already given as insufficient in amount. No fee or commission shall be allowed or paid to any attorney for acting under the order of reference or as special commissioner, except as hereinafter provided, and the compensation contracted to be paid any such attorney by the governing body, whether the employment was on a salary, commission or other basis, shall be in full for all services rendered by him. The court shall allow as part of the costs, to be paid into the treasury of the ~~county, city or town~~ *locality*, a reasonable sum to defray the cost of its attorneys and the expenses of publication and appraisal necessary for the purpose of instituting such suit and such fees and commissions, including fees for preparing and executing deeds, as would be allowed if the suit were an ordinary lien creditor's suit. When the special commissioner is other than the attorney employed by the ~~county, city or town~~ *locality* the court may allow him reasonable fees for selling the land and executing the deed, payable out of the proceeds of sale.
