

VIRGINIA ACTS OF ASSEMBLY — CHAPTER

An Act to amend and reenact § 22.1-205 of the Code of Virginia, relating to the public school standardized driver education program.

[H 1782]

Approved

Be it enacted by the General Assembly of Virginia:**1. That § 22.1-205 of the Code of Virginia is amended and reenacted as follows:**

§ 22.1-205. Driver education programs.

A. The Board of Education shall establish for the public school system a standardized program of driver education in the safe operation of motor vehicles. Such program shall consist of classroom training and behind-the-wheel driver training. However, any student who participates in such a program of driver education shall meet the academic requirements established by the Board, and no student in a course shall be permitted to operate a motor vehicle without a license or permit to do so issued by the Department of Motor Vehicles. The program shall include instruction concerning (i) alcohol and drug abuse, (ii) aggressive driving, (iii) distracted driving, (iv) motorcycle awareness, ~~and~~ (v) organ and tissue donor awareness, *and (vi) in Planning District 8, for any student completing a driver education program on or after January 1, 2010, an additional minimum 90-minute parent/student driver education component included as part of the in-classroom portion of the driver education curriculum, requiring the participation of the student's parent or guardian and emphasizing parental responsibilities regarding juvenile driver behavior, juvenile driving restrictions pursuant to the Code of Virginia, and the dangers of driving while intoxicated and underage consumption of alcohol.* Such instruction shall be developed by the Department in cooperation with the Virginia Alcohol Safety Action Program, the Department of Health, and the Department of Mental Health, Mental Retardation and Substance Abuse Services, as appropriate. Such program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

C. Each school board shall determine whether to offer the program of driver education in the safe operation of motor vehicles and, if offered, whether such program shall be an elective or a required course. In addition to the fee approved by the Board of Education pursuant to the appropriation act that allows local school boards to charge a per pupil fee for behind-the-wheel driver education, the Board of Education may authorize a local school board's request to assess a surcharge in order to further recover program costs that exceed state funds distributed through basic aid to school divisions offering driver education programs. Each school board may waive the fee or the surcharge in total or in part for those students it determines cannot pay the fee or surcharge. Only school divisions complying with the standardized program and regulations established by the Board of Education and the provisions of § 46.2-335 shall be entitled to participate in the distribution of state funds appropriated for driver education.

D. The actual initial driving instruction shall be conducted, with motor vehicles equipped as may be required by regulation of the Board of Education, on private or public property removed from public highways if practicable; if impracticable, then, at the request of the school board, the Commonwealth Transportation Board shall designate a suitable section of road near the school to be used for such instruction. Such section of road shall be marked with signs, which the Commonwealth Transportation Board shall supply, giving notice of its use for driving instruction. Such signs shall be removed at the close of the instruction period. No vehicle other than those used for driver training shall be operated between such signs at a speed in excess of 25 miles per hour. Violation of this limit shall be a Class 4 misdemeanor.

E. The Board of Education may, in its discretion, promulgate regulations for the use and certification of paraprofessionals as teaching assistants in the driver education programs of school divisions.

F. The Board of Education shall approve correspondence courses for the classroom training component of driver education. These correspondence courses shall be consistent in quality with instructional programs developed by the Board for classroom training in the public schools. Students completing the correspondence courses for classroom training, who are eligible to take behind-the-wheel driver training, may receive behind-the-wheel driver training (i) from a public school, upon payment of the required fee, if the school division offers behind-the-wheel driver training and space is available, (ii)
