193 case party representation shall be maintained as provided above. For a primary election involving only  
194 one political party, persons representing the political party holding the primary shall serve as the officers  
195 of election if possible.

196 The electoral board shall designate one officer as the chief officer of election and one officer as the

216 *day. The officer of election assisting with the closing of the precinct and reporting the results of the*  
217 *votes at the precinct shall be required to report to the precinct one hour prior to the closing of the*  
218 *precinct.* However, the chief officer and the assistant chief officer, appointed pursuant to § 24.2-115 to  
219 represent the two political parties, shall be on duty at all times.

220 § 24.2-307. Requirements for county and city precincts.

221 The governing body of each county and city shall establish by ordinance as many precincts as it

227 notice, the governing body shall proceed to revise the precinct boundaries, and any newly established or  
228 redrawn precinct shall have no more than ~~5,000~~ 3,500 registered voters.

229 At the time any precinct is established, each precinct in a county shall have no fewer than 100  
230 registered voters and each precinct in a city shall have no fewer than 500 registered voters.

231 Each precinct shall be wholly contained within any election district used for the election of one or  
232 more members of the governing body or school board for the county or city.

357 where the voter formerly resided, either of the following shall be sent to and accepted by the registrar in  
358 the city or county where the voter now resides in lieu of such application: (i) an unsigned voter card (or  
359 "conversion card") used as the voter record upon the creation of the statewide voter registration system  
360 or (ii) a replacement record provided by the State Board to replace damaged files in the registrar's  
361 office. If no other record is available, then the registrar of the voter's former locality shall provide  
362 written notification to the registrar of the locality in which the voter now resides that none of the  
363 required documents are available. In this instance only, the registrar of the locality in which the voter  
364 now resides shall copy the voter's record from the Virginia voter registration system and use that record  
365 in lieu of the original voter registration application. Any complete voter registration application on a  
366 form previously authorized for use in Virginia shall be valid for the purposes of continuing or

transferring a voter's registration within the Commonwealth.

§ 24.2-604. Prohibited activities at polls; notice of prohibited area; electioneering; presence of representatives of parties or candidates; simulated elections; neutral observers; news media; penalties.

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. If the pollbook is divided into sections, the officers shall permit one such representative for each section, but no more than three representatives of any political party or independent candidate shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of the county or city within which the polling place is located. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section.

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) *actively or overtly* solicit or in any manner attempt to influence any person in casting his vote *for a particular candidate or issue*; (iv) hinder or delay any officer of election; or (v) otherwise impede the orderly conduct of the election. *However, it shall not be unlawful for a qualified voter to enter and be in the polling place for the purpose of casting a ballot while wearing clothing, buttons, or stickers bearing a candidate name or other political message so long as he makes no active or overt attempt to influence any other voter.*

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D of this section shall be guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A and D of this section.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. A local electoral board, and its general registrar, may conduct a special election day program for high school students, selected by the electoral board in cooperation with high school authorities, in one or more polling places designated by the electoral board, other than a central absentee voter precinct. The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. Election pages may observe the electoral process and seek information from the chief officer of election, but shall not handle or touch ballots, voting machines, or any other official election materials, or enter any voting booth.

I. A local electoral board may authorize in writing the presence of additional neutral observers as it

428 deems appropriate, except as otherwise prohibited or limited by this section. Such observers shall  
429 comply with the restrictions in subsections A and D of this section.

430 J. The officers of election shall permit representatives of the news media to visit and film or  
431 photograph inside the polling place for a reasonable and limited period of time while the polls are open.  
432 However, the media (i) shall comply with the restrictions in subsections A and D of this section; (ii)  
433 shall not film or photograph any person who specifically asks the media representative at that time that  
434 he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way  
435 that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or  
436 any other voter record or material at the precinct in such a way that it divulges the name or other  
437 information concerning any individual voter. Any interviews with voters, candidates or other persons,  
438 live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the  
439 prohibited area. The officers of election may require any person who is found by a majority of the  
440 officers present to be in violation of this subsection to leave the polling place and the prohibited area.
