## HOUSE BILL NO. 1943

## AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Health, Welfare, and Institutions  
on January 22, 2009)

(Patron Prior to Substitute—Delegate Peace)

*A BILL to amend and reenact §§ 54.1-3202, 54.1-3204, and 54.1-3301 of the Code of Virginia, relating to the practice of optometry.***Be it enacted by the General Assembly of Virginia:****1. That §§ 54.1-3202, 54.1-3204, and 54.1-3301 of the Code of Virginia are amended and reenacted as follows:**

§ 54.1-3202. Exemptions.

This chapter shall not apply to:

1. Physicians licensed to practice medicine by the Board of Medicine or to prohibit the sale of nonprescription eyeglasses and sunglasses. ~~Contact lenses shall not be sold as merchandise from a retail business other than one operated by a physician, an optometrist or an optician; or~~

2. Any optometrist rendering free health care to an underserved population in Virginia who (i) does not regularly practice optometry in Virginia, (ii) holds a current valid license or certificate to practice optometry in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care in an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of his license or certification in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any optometrist whose license or certificate has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow an optometrist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

§ 54.1-3204. Prohibited acts.

It shall be unlawful for any person:

1. To practice optometry in this Commonwealth without holding a license issued by the Board. Practicing or offering to practice optometry, or the public representation of being qualified to practice the same by any person not authorized to practice optometry, shall be sufficient evidence of a violation of the law.

2. To impersonate a licensed optometrist of like or different name.

3. To buy or sell or fraudulently obtain a diploma or license.

4. To do any act for which if he were an optometrist his license could be revoked as provided by this chapter.

5. To possess any trial lenses, trial frames, graduated test cards, appliances or instruments used in the practice of optometry, self-testing devices or eyeglass vending machines for the purpose of fitting or prescribing glasses in the practice of optometry, unless he is or unless he regularly employs on the premises a licensed optometrist or a licensed physician.

6. To publish or cause to be published in any manner an advertisement that is false, deceptive or misleading, contains a claim of professional superiority or violates regulations of the Board governing advertising by optometrists.

7. To sell, provide, furnish, supply or duplicate eyeglasses, or lenses for the correction of vision without the prescription of a licensed physician or licensed optometrist, unless he is the holder of a license to practice optometry or a license to practice medicine under the laws of this Commonwealth.

8. *To sell or dispense contact lenses, including plano or cosmetic lenses, without holding a license issued by the Board. This subdivision shall not apply to a licensed optician issued a contact lens endorsement pursuant to regulations of the Board of Opticians in effect on January 1, 2009.*9. *To dispense, administer, or sell an ophthalmic device containing Schedule III, IV, or VI controlled substances or an over-the-counter medication without holding a license issued by the Board, including TPA certification. An "ophthalmic device" shall mean any device, as defined in the Drug Control Act (§ 54.1-3400 et seq.) customarily used primarily for ophthalmic purposes, including an ophthalmic device classified by the United States Food and Drug Administration as a drug. Nothing in this*

60 *subsection shall preclude a Virginia-licensed pharmacist from dispensing an ophthalmic device, as*  
61 *defined in this subsection, upon the written and valid prescription of an optometrist, providing the*  
62 *patient is then advised by the pharmacist to return to the optometrist prescribing the ophthalmic device*  
63 *for re-evaluation, reexamination, and appropriate follow-up care.*

64 *The provisions of this section shall be enforced in accordance with this chapter and § 54.1-2506.*

65 § 54.1-3301. Exceptions.

66 This chapter shall not be construed to:

67 1. Interfere with any legally qualified practitioner of dentistry, or veterinary medicine or any  
68 physician acting on behalf of the Virginia Department of Health or local health departments, in the  
69 compounding of his prescriptions or the purchase and possession of drugs as he may require;

70 2. Prevent any legally qualified practitioner of dentistry, or veterinary medicine or any prescriber, as  
71 defined in § 54.1-3401, acting on behalf of the Virginia Department of Health or local health  
72 departments, from administering or supplying to his patients the medicines that he deems proper under  
73 the conditions of § 54.1-3303 or from causing drugs to be administered or dispensed pursuant to  
74 §§ 32.1-42.1 and 54.1-3408;

75 3. Prohibit the sale by merchants and retail dealers of proprietary medicines as defined in Chapter 34  
76 (§ 54.1-3400 et seq.) of this title;

77 4. Prevent the operation of automated drug dispensing systems in hospitals pursuant to Chapter 34  
78 (§ 54.1-3400 et seq.) of this title;

79 5. Prohibit the employment of ancillary personnel to assist a pharmacist as provided in the  
80 regulations of the Board;

81 6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from  
82 purchasing, possessing or administering controlled substances to his own patients or providing controlled  
83 substances to his own patients in a bona fide medical emergency or providing manufacturers'  
84 professional samples to his own patients;

85 7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic  
86 pharmaceutical agents, from purchasing, possessing or administering those controlled substances as  
87 specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to  
88 prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own  
89 patients those controlled substances as specified in § 54.1-3222 and the TPA formulary, ~~or~~ providing  
90 manufacturers' samples of these drugs to his own patients, *or dispensing, administering, or selling*  
91 *ophthalmic devices as authorized in § 54.1-3204;*

92 8. Interfere with any physician assistant with prescriptive authority receiving and dispensing to his  
93 own patients manufacturers' professional samples of controlled substances and devices that he is  
94 authorized, in compliance with the provisions of § 54.1-2952.1, to prescribe according to his practice  
95 setting and a written agreement with a physician or podiatrist;

96 9. Interfere with any licensed nurse practitioner with prescriptive authority receiving and dispensing  
97 to his own patients manufacturers' professional samples of controlled substances and devices that he is  
98 authorized, in compliance with the provisions of § 54.1-2957.01, to prescribe according to his practice  
99 setting and a written agreement with a physician;

100 10. Interfere with any legally qualified practitioner of medicine or osteopathy participating in an  
101 indigent patient program offered by a pharmaceutical manufacturer in which the practitioner sends a  
102 prescription for one of his own patients to the manufacturer, and the manufacturer donates a stock bottle  
103 of the prescription drug ordered at no cost to the practitioner or patient. The practitioner may dispense  
104 such medication at no cost to the patient without holding a license to dispense from the Board of  
105 Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with  
106 the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall  
107 meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In  
108 lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid  
109 prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in  
110 the program shall not use the donated drug for any purpose other than dispensing to the patient for  
111 whom it was originally donated, except as authorized by the donating manufacturer for another patient  
112 meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor  
113 the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent  
114 patient program pursuant to this subdivision. A participating pharmacy may charge a reasonable  
115 dispensing or administrative fee to offset the cost of dispensing, not to exceed the comparable allowable  
116 fee reimbursed by the Virginia Medicaid program. However, if the patient is unable to pay such fee, the  
117 dispensing or administrative fee shall be waived;

118 11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing  
119 controlled substances to his own patients in a free clinic without charge when such controlled substances  
120 are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The  
121 practitioner shall first obtain a controlled substances registration from the Board and shall comply with

the labeling and packaging requirements of this chapter and the Board's regulations; or

12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

This section shall not be construed as exempting any person from the licensure, registration, permitting and record keeping requirements of this chapter or Chapter 34 of this title.
