§ 37.2-805.1. Admission of incapacitated persons pursuant to advance directives or by guardians.

A. An agent for a person who has been determined to be incapable of making an informed decision may consent to the person's admission to a facility for no more than 10 calendar days if (i) prior to admission, a physician on the staff of or designated by the proposed admitting facility examines the person and states, in writing, that the person (a) has a mental illness, (b) is incapable of making an informed decision regarding admission, and (c) is in need of treatment in a facility; (ii) the proposed admitting facility is willing to admit the person; (iii) the person has executed an advance directive in accordance with the Health Care Decisions Act (§ 54.1-2981 et seq.) authorizing his agent to consent to his admission to a facility; and (iv) the person does not object to such admission. 62 decisions about place of residency, or other specific decisions regarding his personal affairs.

63 *Unless the guardian has a professional relationship with the incapacitated person or is employed by*
64 *or affiliated with a facility where the person resides, the court's order may authorize the guardian to*
65 *consent to the admission of the person to a facility pursuant to § 37.2-805.1, upon finding by clear and*
66 *convincing evidence that (i) the person has severe and persistent mental illness that significantly impairs*
67 *the person's capacity to exercise judgment or self-control, as confirmed by the evaluation of a licensed*
68 *psychiatrist; (ii) such condition is unlikely to improve in the foreseeable future; and (iii) the guardian*
69 *has formulated a plan for providing ongoing treatment of the person's illness in the least restrictive*

75 The court may appoint a limited conservator for an incapacitated person who is capable of managing
76 some of his property and financial affairs for limited purposes specified in the order.

86 agent to make health care decisions for the declarant as specified in the advance directive if the
87 declarant is determined to be incapable of making an informed decision, including *the authorization to*
88 *admit the declarant to a mental health facility pursuant to § 37.2-805.1 and the decision to make, after*

90 *pursuant to Article 2 (§ 32.1-289.2 et seq.) of Chapter 8 of Title 32.1 and in compliance with any*
91 *directions of the declarant. Should any other specific directions be held to be invalid, such invalidity*
92 *shall not affect the advance directive. If the declarant appoints an agent in an advance directive, that*
93 *agent shall have the authority to make health care decisions for the declarant as specified in the advance*

96 *decisions for the declarant. In no case shall the agent refuse or fail to honor the declarant's wishes in*
97 *relation to anatomical gifts or organ, tissue or eye donation.*

98 ADVANCE MEDICAL DIRECTIVE

99 I,, willfully and voluntarily make known my desire and do hereby
100 declare:

101 If at any time my attending physician should determine that I have a terminal
102 condition where the application of life-prolonging procedures would serve only
103 to artificially prolong the dying process, I direct that such procedures be
104 withheld or withdrawn, and that I be permitted to die naturally with only the
105 administration of medication or the performance of any medical procedure

106 deemed necessary to provide me with comfort care or to alleviate pain (OPTION:

107 I specifically direct that the following procedures or treatments be provided
108 to me:)

109 In the absence of my ability to give directions regarding the use of such life-prolonging procedures,
110 it is my intention that this advance directive shall be honored by my family and physician as the final
111 expression of my legal right to refuse medical or surgical treatment and accept the consequences of such
112 refusal.

113 OPTION: APPOINTMENT OF AGENT (CROSS THROUGH IF YOU DO NOT WANT TO
114 APPOINT AN AGENT TO MAKE HEALTH CARE DECISIONS FOR YOU.)

115 I hereby appoint (primary agent), of (address and telephone
116 number), as my agent to make health care decisions on my behalf as authorized
117 in this document. If (primary agent) is not reasonably available or
118 is unable or unwilling to act as my agent, then I appoint (successor

agent), of (address and telephone number), to serve in that capacity.

I hereby grant to my agent, named above, full power and authority to make health care decisions on my behalf as described below whenever I have been determined to be incapable of making an informed decision about providing, withholding or withdrawing medical treatment. The phrase "incapable of making an informed decision" means unable to understand the nature, extent and probable consequences of a proposed medical decision or unable to make a rational evaluation of the risks and benefits of a proposed medical decision as compared with the risks and benefits of alternatives to that decision, or unable to communicate such understanding in any way. My agent's authority hereunder is effective as long as I am incapable of making an informed decision.

The determination that I am incapable of making an informed decision shall be made by my attending physician and a second physician or licensed clinical psychologist after a personal examination of me and shall be certified in writing. Such certification shall be required before treatment is withheld or withdrawn, and before, or as soon as reasonably practicable after, treatment is provided, and every 180 days thereafter while the treatment continues.

In exercising the power to make health care decisions on my behalf, my agent shall follow my desires and preferences as stated in this document or as otherwise known to my agent. My agent shall be guided by my medical diagnosis and prognosis and any information provided by my physicians as to the intrusiveness, pain, risks, and side effects associated with treatment or nontreatment. My agent shall not authorize a course of treatment which he knows, or upon reasonable inquiry ought to know, is contrary to my religious beliefs or my basic values, whether expressed orally or in writing. If my agent cannot determine what treatment choice I would have made on my own behalf, then my agent shall make a choice for me based upon what he believes to be in my best interests.

OPTION: POWERS OF MY AGENT (CROSS THROUGH ANY LANGUAGE YOU DO NOT WANT AND ADD ANY LANGUAGE YOU DO WANT.)

The powers of my agent shall include the following:

A. To consent to or refuse or withdraw consent to any type of medical care, treatment, surgical procedure, diagnostic procedure, medication and the use of mechanical or other procedures that affect any bodily function, including, but not limited to, artificial respiration, artificially administered nutrition and hydration, and cardiopulmonary resuscitation. This authorization specifically includes the power to consent to the administration of dosages of pain-relieving medication in excess of recommended dosages in an amount sufficient to relieve pain, even if such medication carries the risk of addiction or inadvertently hastens my death;

B. To request, receive, and review any information, verbal or written, regarding my physical or mental health, including but not limited to, medical and hospital records, and to consent to the disclosure of this information;

C. To employ and discharge my health care providers;

D. To authorize my admission to or discharge (including transfer to another facility) from any hospital, hospice, nursing home, adult home or other medical care facility for services other than those for treatment of mental illness requiring admission procedures provided in Article 1 (§ 37.2-800 et seq.) of Chapter 8 of Title 37.2; and

E. To authorize my admission to or discharge (including transfer to another facility) from a mental health facility pursuant to § 37.2-805.1; and

EF. To take any lawful actions that may be necessary to carry out these decisions, including the granting of releases of liability to medical providers.

Further, my agent shall not be liable for the costs of treatment pursuant to his authorization, based solely on that authorization.

OPTION: APPOINTMENT OF AN AGENT TO MAKE AN ANATOMICAL GIFT OR ORGAN, TISSUE OR EYE DONATION (CROSS THROUGH IF YOU DO NOT WANT TO APPOINT AN AGENT TO MAKE AN ANATOMICAL GIFT OR ANY ORGAN, TISSUE OR EYE DONATION FOR YOU.)

Upon my death, I direct that an anatomical gift of all of my body or certain organ, tissue or eye donations may be made pursuant to Article 2 (§ 32.1-289.2 et seq.) of Chapter 8 of Title 32.1 and in accordance with my directions, if any. I hereby appoint as my agent, of (address and telephone number), to make any such anatomical gift or organ, tissue or eye donation following my death. I further direct that: (declarant's directions concerning anatomical gift or organ, tissue or eye donation).

This advance directive shall not terminate in the event of my disability.

By signing below, I indicate that I am emotionally and mentally competent to make this advance directive and that I understand the purpose and effect of this document.

184 § 54.1-2986. Procedure in absence of an advance directive; procedure for advance directive without
185 agent; no presumption; persons who may authorize treatment for patients incapable of informed
186 decisions; applicability restricted to nonprotesting patients.
187 A. Whenever (i) the attending physician of an adult patient has determined after personal
188 examination that such patient, because of mental illness, mental retardation, or any other mental
189 disorder, or a physical disorder which precludes communication or impairs judgment, is incapable of
190 making an informed decision about providing, withholding or withdrawing a specific medical treatment
191 or course of treatment and such adult patient has not made an advance directive in accordance with this
192 article or (ii) the attending physician of an adult patient has determined after personal examination that
193 such patient, because of mental illness, mental retardation, or any other mental disorder, or a physical
194 disorder which precludes communication or impairs judgment, is incapable of making an informed
195 decision about providing, withholding or withdrawing a specific medical treatment or course of treatment
196 and the adult patient has made an advance directive in accordance with this article which does not
197 indicate his wishes with respect to the specific course of treatment at issue and does not appoint an
198 agent to make health care decisions upon his becoming incapable of making an informed decision, the
199 attending physician may, upon compliance with the provisions of this section, provide to, withhold or
200 withdraw from such patient medical or surgical care or treatment, including, but not limited to,
201 life-prolonging procedures, upon the authorization of any of the following persons, in the specified order
202 of priority, if the physician is not aware of any available, willing and competent person in a higher
203 class:
204 1. A guardian or committee for the patient. This subdivision shall not be construed to require such
205 appointment in order that a treatment decision can be made under this section; or
206 2. The patient's spouse except where a divorce action has been filed and the divorce is not final; or
207 3. An adult child of the patient; or
208 4. A parent of the patient; or
209 5. An adult brother or sister of the patient; or
210 6. Any other relative of the patient in the descending order of blood relationship.
211 If two or more of the persons listed in the same class in subdivisions A 3 through A 6 with equal
212 decision-making priority inform the attending physician that they disagree as to a particular treatment
213 decision, the attending physician may rely on the authorization of a majority of the reasonably available
214 members of that class.
215 Any person authorized to consent to the providing, withholding or withdrawing of treatment pursuant
216 to this article shall (i) prior to giving consent, make a good faith effort to ascertain the risks and
217 benefits of and alternatives to the treatment and the religious beliefs and basic values of the patient
218 receiving treatment, and to inform the patient, to the extent possible, of the proposed treatment and the
219 fact that someone else is authorized to make a decision regarding that treatment and (ii) base his
220 decision on the patient's religious beliefs and basic values and any preferences previously expressed by
221 the patient regarding such treatment to the extent they are known, and if unknown or unclear, on the
222 patient's best interests. Regardless of the absence of an advance directive, if the patient has expressed his
223 intent to be an organ donor in any written document, no person noted in this section shall revoke, or in
224 any way hinder, such organ donation.
225 B. The absence of an advance directive by an adult patient shall not give rise to any presumption as
226 to his intent to consent to or refuse life-prolonging procedures.
227 C. The provisions of this article shall not apply to authorization of nontherapeutic sterilization,
228 abortion, or psychosurgery, or admission to a facility, as defined in § 37.2-100; however, the provisions
229 of this article, if otherwise applicable, may be employed to authorize a specific treatment or course of
230 treatment for a person who has been lawfully admitted to such a facility.
231 Further, the provisions of this article shall not authorize providing, continuing, withholding or
232 withdrawing of treatment if the provider of the treatment knows that such an action is protested by the
233 patient. No person shall authorize treatment, or a course of treatment, pursuant to this article, that such
234 person knows, or upon reasonable inquiry ought to know, is contrary to the religious beliefs or basic
235 values of the patient unable to make a decision, whether expressed orally or in writing.
236 D. Prior to withholding or withdrawing treatment for which authorization has been obtained or will
237 be sought pursuant to this article and prior to, or as soon as reasonably practicable thereafter, the
238 initiation of treatment for which authorization has been obtained or will be sought pursuant to this
239 article, and no less frequently than every 180 days while the treatment continues, the attending physician

240 shall obtain written certification that the patient is incapable of making an informed decision regarding
241 the treatment from a licensed physician or clinical psychologist which shall be based on a personal
242 examination of the patient. Whenever the authorization is being sought for treatment of a mental illness,
243 the second physician or licensed clinical psychologist shall not be otherwise currently involved in the
244 treatment of the person assessed. The cost of the assessment shall be considered for all purposes a cost
245 of the patient's treatment.

246 E. On petition of any person to the circuit court of the county or city in which any patient resides or
247 is located for whom treatment will be or is currently being provided, withheld or withdrawn pursuant to
248 this article, the court may enjoin such action upon finding by a preponderance of the evidence that the
249 action is not lawfully authorized by this article or by other state or federal law.
