Referred to Committee on Privileges and Elections

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-604 and 24.2-638 of the Code of Virginia are amended and reenacted as follows:

§ 24.2-604. Prohibited activities at polls; notice of prohibited area; presence of representatives of parties or candidates; simulated elections; penalties; observers; news media.

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted *at all times. A representative may serve part of the day and be replaced by successive representatives.* The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. If the pollbook is divided into sections, the officers shall permit one such representative for each section, but no more than three representatives of any political party or independent candidate shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of the ~~county or city within which the polling place is located~~ *Commonwealth*. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. *Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the process to be able to hear and see what is occurring. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board or directly to the State Board. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.*

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; or (v) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D of this section shall be guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A and D of this section.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral

board has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. A local electoral board, and its general registrar, may conduct a special election day program for high school students, selected by the electoral board in cooperation with high school authorities, in one or more polling places designated by the electoral board, other than a central absentee voter precinct. The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. Election pages may observe the electoral process and seek information from the chief officer of election, but shall not handle or touch ballots, voting machines, or any other official election materials, or enter any voting booth.

I. A local electoral board may authorize in writing the presence of additional ~~neutral~~ observers as it deems appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D of this section *and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.*

J. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D of this section; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

§ 24.2-638. Voting equipment to be in plain view; officers and others not permitted to see actual voting; unlocking counter compartment of equipment, etc.

During the election, the exterior of the voting and counting equipment and every part of the polling place shall be in plain view of the officers of election.

No voting or counting equipment shall be removed from the plain view of the officers of election or from the polling place at any time during the election and through the determination of the vote as provided in § 24.2-657. However, an electronic voting device that is so constructed as to be easily portable may be taken outside the polling place pursuant to subsection A of § 24.2-649 and to assist a voter age 65 or older or physically disabled so long as: (i) the voting device remains in the plain view of two officers of election representing two political parties or, in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the equipment shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer; (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to § 24.2-649; and (iii) there remain sufficient officers of election in the polling place to meet legal requirements. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting device to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, *the names of the voters who used the machine while it was removed provided that secrecy of the ballot is maintained in accordance with guidance from the State Board,* and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results. *If a polling place fails to record the information required in the previous sentence, or it is later proven that the information recorded was intentionally falsified, the local electoral board shall dismiss at a minimum the chief officer or the assistant chief officer, or both, as appropriate; and shall dismiss any other officer of election who is shown to have caused the failure to record the required information intentionally or by gross negligence or to have intentionally falsified the information. The dismissed officers shall not be allowed thereafter to serve as an officer or other election official anywhere in the Commonwealth.* In the case of an emergency that makes a polling place unusable or inaccessible, voting or counting equipment may be removed to an alternative polling place pursuant to the provisions of

subsection D of § 24.2-310.

The equipment shall be placed at least four feet from any table where an officer of election is working or seated. The officers of election shall not themselves be, or permit any other person to be, in any position or near any position that will permit them to observe how a voter votes or has voted.

One of the officers shall inspect the face of the voting device after each voter has cast his vote and verify that the ballots on the face of the device are in their proper places and that the device has not been damaged. During an election the door or other covering of the counter compartment of the voting or counting device shall not be unlocked or open or the counters exposed except for good and sufficient reasons, a statement of which shall be made and signed by the officers of election and attached to the statement of results. No person shall be permitted in or about the polling place except the voting equipment custodian, vendor or contractor technicians, and other persons authorized by this title.
