SENATE BILL NO. 1003

Offered January 14, 2009

Prefiled January 13, 2009

A BILL to amend and reenact § 58.1-3321 of the Code of Virginia, relating to effect on rate when assessment results in tax increase; public hearings.

Patron—Quayle

Referred to Committee on Finance

Be it enacted by the General Assembly of Virginia:**1. That § 58.1-3321 of the Code of Virginia is amended and reenacted as follows:**

§ 58.1-3321. Effect on rate when assessment results in tax increase; public hearings.

A. When any annual assessment, biennial assessment or general reassessment of real property by a county, city or town would result in an increase of 1 percent or more in the total real property tax levied, such county, city, or town shall reduce its rate of levy for the forthcoming tax year so as to cause such rate of levy to produce no more than 101 percent of the previous year's real property tax levies, unless subsection B of this section is complied with, which rate shall be determined by multiplying the previous year's total real property tax levies by 101 percent and dividing the product by the forthcoming tax year's total real property assessed value. An additional assessment or reassessment due to the construction of new or other improvements, including those improvements and changes set forth in § 58.1-3285, to the property shall not be an annual assessment or general reassessment within the meaning of this section, nor shall the assessed value of such improvements be included in calculating the new tax levy for purposes of this section. Special levies shall not be included in any calculations provided for under this section.

B. The governing body of a county, city, or town may, after conducting a public hearing, which shall not be held at the same time as the annual budget hearing, increase the rate above the reduced rate required in subsection A above if any such increase is deemed to be necessary by such governing body.

Notice of the public hearing shall be given at least 30 days before the date of such hearing by the publication of a notice in (i) at least one newspaper of general circulation in such county or city and (ii) a prominent public location at which notices are regularly posted in the building where the governing body of the county, city, or town regularly conducts its business, *except that:*

1. *Such notice shall be given (i) at least 14 days before the date of such hearing in any even-numbered year in which the General Assembly has not passed a general appropriation act by April 1 of such year and (ii) at least seven days before the date of such hearing in any even-numbered year in which the General Assembly has not passed a general appropriation act by April 15 of such year; and*

2. *Such notice shall be given (i) at least 14 days before the date of such hearing in any odd-numbered year in which the General Assembly is duly organized, as of April 1 of such year, in a special session for the purpose of considering amendments proposed to the general appropriation act adopted in the immediately preceding even-numbered year session and (ii) at least seven days before the date of such hearing in any odd-numbered year in which the General Assembly is duly organized, as of April 15 of such year, in a special session for the purpose of considering amendments proposed to the general appropriation act adopted in the immediately preceding even-numbered year session.*

Any such notice shall be at least the size of one-eighth page of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18-point. The notice described in clause (i) shall not be placed in that portion, if any, of the newspaper reserved for legal notices and classified advertisements. The notice described in clauses (i) and (ii) shall be in the following form and contain the following information, in addition to such other information as the local governing body may elect to include:

NOTICE OF PROPOSED REAL PROPERTY TAX INCREASE

The (name of the county, city or town) proposes to increase property tax levies.

1. **Assessment Increase:** Total assessed value of real property, excluding additional assessments due to new construction or improvements to property, exceeds last year's total assessed value of real property by percent.

2. **Lowered Rate Necessary to Offset Increased Assessment:** The tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above, would be \$. . . . per \$100 of assessed value. This rate will be known as the "lowered tax rate."

59 3. Effective Rate Increase: The (name of the county, city or town) proposes to adopt a tax rate of \$.
60 per \$100 of assessed value. The difference between the lowered tax rate and the proposed rate
61 would be \$ per \$100, or. . . . percent. This difference will be known as the "effective tax rate
62 increase."

63 Individual property taxes may, however, increase at a percentage greater than or less than the above
64 percentage.

65 4. Proposed Total Budget Increase: Based on the proposed real property tax rate and changes in other
66 revenues, the total budget of (name of county, city or town) will exceed last year's by. . . . percent.

67 A public hearing on the increase will be held on (date and time) at (meeting place).

68 C. All hearings shall be open to the public. The governing body shall permit persons desiring to be
69 heard an opportunity to present oral testimony within such reasonable time limits as shall be determined
70 by the governing body.

71 D. The provisions of this section shall not be applicable to the assessment of public service
72 corporation property by the State Corporation Commission.

73 E. Notwithstanding other provisions of general or special law, the tax rate for taxes due on or before
74 June 30 of each year, may be fixed on or before April 15 of that tax year.
