Senate Amendments in [ ] — February 4, 2009

A *BILL to amend and reenact § 8.01-413 of the Code of Virginia, relating to copying costs of medical bills or charges.*

Patron Prior to Engrossment—Senator McDougle

Referred to Committee for Courts of Justice

**Be it enacted by the General Assembly of Virginia:**

**1. That § 8.01-413 of the Code of Virginia is amended and reenacted as follows:**

§ 8.01-413. Certain copies of health care provider's records or papers of patient admissible; right of patient, his attorney and authorized insurer to copies of such records or papers; subpoena; damages, costs and attorneys' fees.

A. In any case where the hospital, nursing facility, physician's, or other health care provider's original records or papers of any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic or chemical storage process thereof shall be admissible as evidence in any court of this Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original records.

Any hospital, nursing facility, physician, or other health care provider whose records or papers relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such hospital, nursing facility, physician, or other health care provider, enter an order requiring production of the originals, if available, of any stored records or papers whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the hospital, nursing facility, physician, or other health care provider for the service of maintaining, retrieving, reviewing, preparing, copying and mailing the items produced. Except for copies of X-ray photographs, however, such charges shall not exceed \$0.50 for each page up to 50 pages and \$0.25 a page thereafter for copies from paper or other hard copy generated from computerized or other electronic storage, or other photographic, mechanical, electronic, imaging or chemical storage process and \$1 per page for copies from microfilm or other micrographic process, plus all postage and shipping costs and a search and handling fee not to exceed \$10.

[ *The fees authorized by this subsection shall not apply to the production of a patient's account balance or an itemized listing of charges of the hospital, ambulance, nursing facility, physician or other health care provider relating to any such patient. The patient's account balance or itemized listing of charges shall be supplied to the requesting patient, patient's attorney or authorized insurer at no cost. A patient's account balance or itemized listing of charges maintained by a health care provider shall be supplied at no cost up to three times every twelve months to either the patient or the patient's attorney.*

B. Copies of hospital, nursing facility, physician's, or other health care provider's records or papers shall be furnished within 15 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03.

However, copies of a patient's records shall not be furnished to such patient when the patient's treating physician or clinical psychologist, in the exercise of professional judgment, has made a part of the patient's records a written statement that in his opinion the furnishing to or review by the patient of such records would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such health records make reference to a person, other than a health care provider, and the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such records shall be furnished within 15 days of the date of such request to the patient's attorney or authorized insurer, rather

60 than to the patient.

61 If the records are not provided to the patient in accordance with this section, then, if requested by the  
62 patient, the hospital, nursing facility, physician, or other health care provider denying the request shall  
63 comply with the patient's request to either (i) provide a copy of the records to a physician or clinical  
64 psychologist of the patient's choice whose licensure, training, and experience, relative to the patient's  
65 condition, are at least equivalent to that of the treating physician or clinical psychologist upon whose  
66 opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make  
67 the records available to the patient or (ii) designate a physician or clinical psychologist, whose licensure,  
68 training, and experience, relative to the patient's condition, are at least equivalent to that of the treating  
69 physician or clinical psychologist upon whose opinion the denial is based and who did not participate in  
70 the original decision to deny the patient's request for his records, who shall, at the expense of the  
71 provider denying access to the patient, review the records and make a judgment as to whether to make  
72 the records available to the patient. In either such event, the hospital, nursing facility, physician, or other  
73 health care provider denying the request shall comply with the judgment of the reviewing physician or  
74 clinical psychologist.

75 Except as provided in subsection G, a reasonable charge may be made by the hospital, nursing  
76 facility, physician or other health care provider maintaining the records for the cost of the services  
77 relating to the maintenance, retrieval, review, and preparation of the copies of the records. Except for  
78 copies of X-ray photographs, however, such charges shall not exceed \$0.50 per page for up to 50 pages  
79 and \$0.25 a page thereafter for copies from paper or other hard copy generated from computerized or  
80 other electronic storage, or other photographic, mechanical, electronic, imaging or chemical storage  
81 process and \$1 per page for copies from microfilm or other micrographic process, a fee for search and  
82 handling, not to exceed \$10, and all postage and shipping costs. Any hospital, nursing facility,  
83 physician, or other health care provider receiving such a request from a patient's attorney or authorized  
84 insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's  
85 authority to make the request and shall accept a photocopy, facsimile, or other copy of the original  
86 signed by the patient as if it were an original.

87 *[ The fees authorized by this subsection shall not apply to the production of a patient's account*  
88 *balance or an itemized listing of charges of the hospital, ambulance, nursing facility, physician or other*  
89 *health care provider relating to any such patient. The patient's account balance or itemized listing of*  
90 *charges shall be supplied to the requesting patient, patient's attorney or authorized insurer at no cost. A*  
91 *patient's account balance or itemized listing of charges maintained by a health care provider shall be*  
92 *supplied at no cost up to three times every twelve months to either the patient or the patient's attorney.*  
93 *]*

94 C. Upon the failure of any hospital, nursing facility, physician, or other health care provider to  
95 comply with any written request made in accordance with subsection B within the period of time  
96 specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03,  
97 the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces  
98 tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the  
99 circuit court wherein any eventual suit would be required to be filed, and upon payment of the fees  
100 required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a  
101 pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision  
102 A 23 of § 17.1-275. A sheriff shall not be required to serve an attorney-issued subpoena that is not  
103 issued at least five business days prior to the date production of the record is desired. The subpoena  
104 shall be returnable within 20 days of proper service, directing the hospital, nursing facility, physician, or  
105 other health care provider to produce and furnish copies of the reports and papers to the clerk who shall  
106 then make the same available to the patient, his attorney or authorized insurer. If the court finds that a  
107 hospital, nursing facility, physician, or other health care provider willfully refused to comply with a  
108 written request made in accordance with subsection B, either by willfully or arbitrarily refusing or by  
109 imposing a charge in excess of the reasonable expense of making the copies and processing the request  
110 for records, the court may award damages for all expenses incurred by the patient or authorized insurer  
111 to obtain such copies, including court costs and reasonable attorney's fees.

112 D. The provisions of subsections A, B, and C hereof shall apply to any health care provider whose  
113 office is located within or without the Commonwealth if the records pertain to any patient who is a  
114 party to a cause of action in any court in the Commonwealth of Virginia, and shall apply only to  
115 requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in  
116 anticipation of litigation or in the course of litigation.

117 E. Health care provider, as used in this section, shall have the same meaning as provided in  
118 § 32.1-127.1:03 and shall also include an independent medical copy retrieval service contracted to  
119 provide the service of retrieving, reviewing, and preparing such copies for distribution.

120 F. Notwithstanding the authorization to admit as evidence patient records in the form of  
121 microphotographs, prescription dispensing records maintained in or on behalf of any pharmacy registered

122 or permitted in Virginia shall only be stored in compliance with §§ 54.1-3410, 54.1-3411 and 54.1-3412.  
123 G. The provisions of this section governing fees that may be charged by a health care provider  
124 whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any  
125 request by a patient for his own records, which shall be governed by subsection J of § 32.1-127.1:03.  
126 This subsection shall not be construed to affect other provisions of state or federal statute, regulation or  
127 any case decision relating to charges by health care providers for copies of records requested by any  
128 person other than a patient when requesting his own records pursuant to subsection J of § 32.1-127.1:03.
