## SENATE BILL NO. 412

Offered January 9, 2008

Prefiled January 8, 2008

A *BILL to amend and reenact § 38.2-401 of the Code of Virginia, relating to the Fire Programs Fund assessment.*

Patron—Puckett

Referred to Committee on Commerce and Labor

**Be it enacted by the General Assembly of Virginia:****1. That § 38.2-401 of the Code of Virginia is amended and reenacted as follows:****§ 38.2-401. Fire Programs Fund.**

A. 1. There is hereby established in the state treasury a special nonreverting fund to be known as the Fire Programs Fund, hereinafter referred to as "the Fund." The Fund shall be administered by the Department of Fire Programs under policies and definitions established by the Virginia Fire Services Board. All moneys collected pursuant to the assessment made by the Commission pursuant to subdivision 2 of this subsection shall be paid into the state treasury and credited to the Fund. The Fund shall also consist of any moneys appropriated thereto by the General Assembly and any grants or other moneys received by the Virginia Fire Services Board or Department of Fire Programs for the purposes set forth in this section. Any moneys deposited to or remaining in such Fund during or at the end of each fiscal year or biennium, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Interest earned on all moneys in the Fund and interest earned on moneys held by the Commission pursuant to subdivision 2 of this subsection prior to the deposit of such moneys into the Fund, including interest earned on such moneys during any period when the Commission is reconciling payments from insurers, shall remain in or be deposited into the Fund, as the case may be, and be credited to it. Such interest shall be set aside for fire service purposes in accordance with policies developed by the Virginia Fire Services Board. Notwithstanding any other provision of law to the contrary, policies established by the Virginia Fire Services Board for the administration of the Fund, and any grants provided from the Fund, that are not inconsistent with the purposes set out in this section shall be binding upon any locality that accepts such funds or related grants. The Commission shall be reimbursed from the Fund for all expenses necessary for the administration of this section. The balance of moneys in the Fund shall be allocated periodically as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Director of the Department of Fire Programs (Director) or his designee.

2. The Commission shall annually assess against all licensed insurance companies doing business in the Commonwealth by writing any type of insurance as defined in §§ 38.2-110, 38.2-111, 38.2-126, 38.2-130 and 38.2-131 and those combination policies as defined in § 38.2-1921 that contain insurance as defined in §§ 38.2-110, 38.2-111 and 38.2-126, an assessment in the amount of one *and one-half* percent of the total direct gross premium income for such insurance. Such assessment shall be apportioned, assessed and paid as prescribed by § 38.2-403. In any year in which a company has no direct gross premium income or in which its direct gross premium income is insufficient to produce at the rate of assessment prescribed by law an amount equal to or in excess of \$100, there shall be so apportioned and assessed against such company a contribution of \$100.

B. After reserving funds for the Fire Services Grant Program and Dry Fire Hydrant Grant Program pursuant to subsection D, 75 percent of the remaining moneys available for allocation from the Fund shall be allocated to the several counties, cities and towns of the Commonwealth providing fire service operations to be used for the improvement of volunteer and career fire services in each of the receiving localities. Funds allocated to the counties, cities and towns pursuant to this subsection shall not be used directly or indirectly to supplant or replace any other funds appropriated by the counties, cities and towns for fire service operations. Such funds shall be used solely for the purposes of training volunteer or career firefighting personnel in each of the receiving localities; funding fire prevention and public safety education programs; constructing, improving and expanding regional or local fire service training facilities; purchasing emergency medical care and equipment for fire personnel; payment of personnel costs related to fire and medical training for fire personnel; or for purchasing personal protective equipment, vehicles, equipment and supplies for use in the receiving locality specifically for fire service purposes. Notwithstanding any other provision of the Code, when localities use such funds to construct, improve or expand fire service training facilities, fire-related training provided at such training facilities

INTRODUCED

SB412

59 shall be by instructors certified or approved according to policies developed by the Virginia Fire  
60 Services Board. Distribution of this 75 percent of the Fund shall be made on the basis of population as  
61 provided for in §§ 4.1-116 and 4.1-117; however, no county or city eligible for such funds shall receive  
62 less than \$10,000, nor eligible town less than \$4,000. The Virginia Fire Services Board shall be  
63 authorized to exceed allocations of \$10,000 for eligible counties and cities and \$4,000 for eligible towns,  
64 respectively. Allocations to counties, cities, and towns receiving such allocations shall be fair and  
65 equitable as set forth in Board policy. Any increases or decreases in such allocations shall be uniform  
66 for all localities. In order to remain eligible for such funds, each receiving locality shall report annually  
67 to the Department on the use of the funds allocated to it for the previous year and shall provide a  
68 completed Fire Programs Fund Disbursement Agreement form. Each receiving locality shall be  
69 responsible for certifying the proper use of the funds. If, at the end of any annual reporting period, a  
70 satisfactory report and a completed agreement form have not been submitted by a receiving locality, any  
71 funds due to that locality for the next year shall not be retained. Such funds shall be added to the 75  
72 percent of the Fund allocated to the counties, cities, and towns of the Commonwealth for improvement  
73 of fire services in localities.

74 C. (Effective until July 1, 2008) The remainder of the moneys available for allocation from the Fund  
75 shall be used for (i) the purposes of carrying out the powers and duties assigned to the Department of  
76 Fire Programs under Chapter 2 (§ 9.1-200) of Title 9.1, which shall include providing funded training  
77 and administrative support services for nonfunded training to localities and (ii) the payment of the  
78 compensation and costs of expenses of the members of the Fire Services Board in performing their  
79 official duties.

80 C. (Effective July 1, 2008) The remainder of the moneys available for allocation from the Fund shall  
81 be used for (i) the purposes of carrying out the powers and duties assigned to the Department of Fire  
82 Programs under Chapter 2 (§ 9.1-200) of Title 9.1, which shall include providing funded training and  
83 administrative support services for nonfunded training to localities and (ii) the payment of the  
84 compensation and costs of expenses of the members of the Fire Services Board in performing their  
85 official duties; however, the Fund shall not be used for salaries or operating expenses associated with  
86 the Office of the State Fire Marshal.

87 D. The Fire Services Grant Program is hereby established and will be used as grants to provide  
88 regional fire services training facilities, to finance the Virginia Fire Incident Reporting System and to  
89 build or repair burn buildings as determined by the Virginia Fire Services Board. Beginning January 1,  
90 1996, \$1 million from the assessments made pursuant to this section shall be distributed each year for  
91 the Fire Services Grant Program to be used as herein provided, and \$100,000 shall be distributed  
92 annually for continuing the statewide Dry Fire Hydrant Grant Program. Moneys allocated pursuant to  
93 this subsection shall be used for the purposes stated in this subsection, and for no other purpose. All  
94 grants provided from these programs shall be administered by the Department according to the policies  
95 established by the Virginia Fire Services Board.

96 E. Moneys in the Fund shall not be diverted or expended for any purpose not authorized by this  
97 section.

98 F. The Director shall establish written standards for determining the extent to which clients outside  
99 the Commonwealth shall be financially responsible for the cost of fire and emergency services training  
100 provided by the Department of Fire Programs. Revenues generated by such training shall be retained in  
101 the Fire Programs Fund and may be used solely for providing additional funded direct training to  
102 members of Virginia's fire and emergency services.
