2. Patron: Poindexter

3. Committee: Commerce and Labor

4. Title: **Electric utility rates; incentives for the use of alternatives and distributed generation.**

5. Summary: Electric utility rates; incentives for the use of alternatives and distributed generation. Directs the State Corporation Commission to promulgate regulations requiring electric utilities to offer electric service to nonresidential customers under a tariff that encourages the use of alternative energy sources or supplies and distributed generation. Permissible incentives may include permitting the customer to recover investments in alternative energy sources or supplies and distributed generation, and that allow the customer and utility to avoid peak prices, demand charges and congestion charges during periods of high system demand.
