§ 24.2-310. Requirements for polling places.

A. The polling place for each precinct shall be located within the county or city and either within the precinct or within one mile of the precinct boundary. The polling place for a county precinct may be located within a city if the city is wholly contained within the county election district served by the precinct. The polling place for a town precinct may be located within one mile of the precinct and town boundary. For town elections held in November, the town shall use the polling places established by the county for its elections.

B. The governing body of each county, city, and town shall provide funds to enable the electoral board to provide adequate facilities at each polling place for the conduct of elections. Each polling place shall be located in a public building whenever practicable. If more than one polling place is located in the same building, each polling place shall be located in a separate room or separate and defined space.

C. Polling places shall be accessible to qualified voters as required by the provisions of the Virginians with Disabilities Act (§ 51.5-1 et seq.), the Voting Accessibility for the Elderly and Handicapped Act (42 U.S.C. § 1973ee et seq.), and the Americans with Disabilities Act relating to public services (42 U.S.C. § 12131 et seq.). The State Board shall provide instructions to the local electoral boards and general registrars to assist the localities in complying with the requirements of the Acts.

D. If an emergency makes a polling place unusable or inaccessible, the electoral board shall provide an alternative polling place and give notice of the change in polling place, subject to the prior approval of the State Board. The electoral board shall provide notice to the voters appropriate to the circumstances of the emergency.

E. It shall be permissible to distribute campaign materials on the election day on the property on which a polling place is located and outside of the building containing the ~~polling place room where the election is conducted~~ except (i) as specifically prohibited by law including, without limitation, the prohibitions of § 24.2-604 and the establishment of the "Prohibited Area" within 40 feet of ~~the any~~ entrance to ~~a the~~ polling place or (ii) *upon the approval of the local electoral board, inside the structure where the election is conducted, provided that a reasonable person would not observe any campaigning activities while inside the polling place. The local electoral board may approve campaigning activities inside the building where the election is conducted pursuant to clause (ii) when an entrance to the building is from an adjoining building, or if establishing the 40-foot prohibited area outside the polling place would hinder or delay a qualified voter from entering or leaving the building.*

F. Any local government, local electoral board, or the State Board may make monetary grants to any non-governmental entity furnishing facilities under the provisions of § 24.2-307 or 24.2-308 for use as a

polling place. Such grants shall be made for the sole purpose of meeting the accessibility requirements of this section. Nothing in this subsection shall be construed to obligate any local government, local electoral board, or the State Board to appropriate funds to any non-governmental entity.

§ 24.2-604. Prohibited activities at polls; notice of prohibited area; electioneering; presence of representatives of parties or candidates; simulated elections; observers; news media; penalties.

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of the county or city within which the polling place is located. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the process to be able to hear and see what is occurring. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

D. It shall be unlawful for any authorized representative, voter, or any other person in the room to (i) hinder or delay a qualified voter; (ii) give, tender, or exhibit any ballot, ticket, or other campaign material to any person; (iii) solicit or in any manner attempt to influence any person in casting his vote; (iv) hinder or delay any officer of election; or (v) otherwise impede the orderly conduct of the election.

E. The officers of election may require any person who is found by a majority of the officers present to be in violation of this section to remain outside of the prohibited area. Any person violating subsection A or D of this section shall be guilty of a Class 1 misdemeanor.

F. This section shall not be construed to prohibit a candidate from entering any polling place on the day of the election to vote, or to visit a polling place for no longer than 10 minutes per polling place per election day, provided that he complies with the restrictions stated in subsections A and D, and K of this section.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

H. A local electoral board, and its general registrar, may conduct a special election day program for high school students, selected by the electoral board in cooperation with high school authorities, in one or more polling places designated by the electoral board, other than a central absentee voter precinct. The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. Election pages may observe the electoral process and seek information from the

chief officer of election, but shall not handle or touch ballots, voting machines, or any other official election materials, or enter any voting booth.

I. A local electoral board may authorize in writing the presence of additional neutral observers as it deems appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D of this section and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

J. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D of this section; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.

K. The provisions of subsections A and D shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. *This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.*
