79 as outside counsel or expert to the Commission. Restrictions on previous employment by the  
80 Commonwealth shall not be construed to prevent an employee of a Virginia institution of higher  
81 education from becoming an outside counsel or expert.

82 § 24.2-301.4. The district map creation process.

83 A. General. All deadlines defined in this section, excepting the public meeting of the Commission at  
84 which it decides on operating procedures and other rules, may, at the discretion of the Commission, be  
85 extended by the number of days after January 1 in the year ending in one before the Commonwealth is  
86 provided with the enumeration data and census geography provided by the Bureau of the Census  
87 pursuant to Public Law § 94-171. Notwithstanding this subsection, the Commission shall provide the  
88 First Official District Plan to the General Assembly no later than May 15 of the year ending in one. If  
89 the Commission so decides, it may create and deliver the district plans for the General Assembly and  
90 the United States Congress as separate bills.

91 B. Rulemaking. The Commission shall, before December 1 of the year ending in zero, hold a public  
92 meeting at which it shall decide upon and cause to be published on paper and on the Internet, the  
93 operating procedures and other rules under which it will perform its duties. It will also publish a  
94 schedule of public meetings to be held during the map creation process. All district maps produced by  
95 the Commission shall be in accordance with the Standards set out in § 24.2-301.3. The Commission  
96 shall keep records of its decisions, directions given to staff, and all other actions and activities as may  
97 be required to comply with the federal Voting Rights Act as amended and relevant laws and cases.

98 C. Initial map creation with data restrictions. Upon the receipt of census data, the Commission and  
99 its staff shall create initial district maps. No individuals other than the Commission members, its staff,  
100 and its certified counsel and experts shall be allowed to participate in the creation of initial maps.  
101 Initial maps shall be released to the public via the Internet and other means as determined by the  
102 Commission. Initial maps shall be created without the use of any of the following restricted data:

103 1. Data, hereafter Type 1, regarding election outcomes, voting history, voting trends or patterns, or  
104 the partisan affiliation of voters.

105 2. Data, hereafter Type 2, regarding the place of residence of incumbent legislators, members of  
106 Congress, or known candidates for said offices.

107 3. Data, hereafter Type 3, regarding demographic information, except that provided to the public  
108 generally by the Bureau of the Census or required by the federal Voting Rights Act as amended or other  
109 law.

110 D. Plan testing. Once an initial map or multiple initial maps have been created, the Commission may  
111 access restricted data of Types 1 and 2, only as provided to the Commission by the State Board of  
112 Elections on the request of the Commission, for the purpose of ensuring that the initial plans comply  
113 fully with the Standards using this data. In no case shall such data be provided by a member or  
114 committee of the General Assembly, a chairman of either of the political parties receiving the largest  
115 and next largest number of votes at the most recent gubernatorial election, a member of the United  
116 States Congress, an official of a political party, a partisan candidate, a current partisan office holder, a  
117 member or official of a committee controlled by a partisan candidate, any of their employees, agents, or  
118 contractors, or any individual who is, or has in the past five years been, a registered lobbyist under  
119 Article 3 (§ 2.2-418 et seq.) of Chapter 4 of Title 2.2.

120 E. Release of plan for public comment. When the initial plans have been conformed to the Standards,

and no later than April 1 of the year ending in one, the Commission shall hold a public meeting at which it shall certify a single district map plan as the Plan for Public Comment. All relevant details of the Plan and information on the Standards shall be released at the public meeting and on the Internet.

F. Public comment period. During a period of time of no fewer than 15 days, the Commission shall hold at least five public meetings at which it will receive public comment on the Plan for Public Comment. Each meeting shall be held in a different congressional district. These meetings shall be publicized as the Commission determines, attended by all Commission members, held at times convenient for the public to attend, held for no less than three hours each, and held in geographically disparate areas of the Commonwealth. A record of each meeting shall be made, and the Commission shall cause the comments or a reasonable summary thereof to be published on the Internet and by such other means as the Commission determines.

G. Modifications of Plan. At the conclusion of the public comment period, the Commission may modify the Plan for Public Comment to account for the comments, and the modified Plan shall comply with the Standards.

H. Submission of Plan to General Assembly. Within 15 days of the completion of the public comment period, the Commission shall hold a public meeting at which it certifies a Nonpartisan Redistricting Commission Plan. It shall cause its Plan to be submitted to the President pro tempore of the Senate; the Speaker of the House of Delegates; the leader in the Senate of the political party holding the most seats in the Senate, other than the political party of the President pro tempore; and the leader in the House of Delegates of the political party holding the most seats in the House of Delegates, other than the political party of the Speaker, in the form of a bill for introduction.

I. Legislative process.

1. The bill to enact the Commission Plan and any other bill to delineate House of Delegates, state Senate, or congressional district boundaries shall be considered by the appropriate standing committee of the House and Senate (hereafter referred to as Committee).

2. If the Committee votes to report the Commission Plan bill without amendment, it shall report the bill. If the Committee votes to report the Commission Plan bill with amendments or any other bill with or without amendments, it shall cause its action to be communicated to the Commission. Within seven days the Commission shall make a recommendation to the General Assembly whether or not the General Assembly should agree to the Committee's report. The house receiving the Committee's report shall not vote on the bill reported by the Committee until it has received the recommendation of the Commission.

3. If the Commission Plan bill is rejected by the Committee or the General Assembly, the Commission may, at the discretion of the Chairman, prepare and release a new plan in accordance with the Standards in the form of a bill and present it to the parties listed in subsection H for their consideration and introduction.

4. If the house of origin passes the Commission Plan bill without amendment, the bill shall be communicated to the second house. If the house of origin passes the Commission Plan with amendments or passes any other bill with or without amendments, it shall cause its action to be communicated to the Commission. Within seven days the Commission shall make a recommendation to the second house whether or not it should agree to the bill as passed by the first house.

5. The process outlined in subdivisions 2 and 4 shall apply to consideration in the second house. When any bill is adopted by both houses and transmitted to the Governor, the Commission shall review the bill and make its recommendation to the Governor as to his actions on the bill.

6. If the Governor proposes amendments to the bill, the Commission shall review his amendments and make recommendations to the General Assembly as to whether or not it should agree to the Governor's amendments at least one day prior to the General Assembly's consideration of the amendments.

7. The Commission, when required to submit a recommendation, shall evaluate the outcome of implementing the bill or amendment and determine if the bill or amendment has been drafted in accordance with the Standards set forth in subsection C of § 24.2-301.3. When reviewing any bill or amendment for recommendation, the Commission may use any data it deems necessary to analyze the measure's outcome. If the Commission decides, by a majority vote, that the proposed bill or amendment is not in accordance with the Standards, the Commission shall delineate the manner in which the proposed bill or amendment deviates from the Standards and report such to the parties listed in subsection H, the Clerk of the House, and the Clerk of the Senate within the required time. The Commission may, at its discretion, propose changes to the measure in question that would conform the measure to the Standards. Meetings at which the Commission votes to make a recommendation shall be public and allow for public participation.

J. Submission under § 5 of the Voting Rights Act. On passage of a bill, and its enactment into law, to define the election districts for the General Assembly and the United States House of Representatives, the Commission shall cooperate with and assist the Attorney General or other relevant authority to the

182 *extent necessary to complete the submission of the bill pursuant to § 5 of the Voting Rights Act.*

183 *K. Dissolution. On notification of clearance as required by the Voting Rights Act, the Commission*  
184 *shall be dissolved. The Commission shall be reconstituted with the identical membership in any case*  
185 *where the federal government or a court determines that modifications to the plan are required. The*  
186 *reconstituted Commission shall follow, as closely as practicable, the process set out in this article to*  
187 *meet the requirements of the government or court.*
