7 **Be it enacted by the General Assembly of Virginia:**

8 **1. That § 2.2-1112 of the Code of Virginia is amended and reenacted and that the Code of Virginia**  
9 **is amended by adding a section numbered 19.2-270.7 as follows:**

10 § 2.2-1112. Standardization of materials, equipment and supplies.

11 A. So far as practicable, all materials, equipment and supplies, purchased by or for the officers,  
12 departments, agencies or institutions of the Commonwealth, shall be standardized by the Division, and  
13 no variation shall be allowed from any established standard without the written approval of the Division.  
14 The standard shall be determined upon the needs of all using agencies, so far as their needs are in  
15 common, and for groups of using agencies or single using agencies so far as their needs differ. When  
16 changes or alterations in equipment are necessary in order to permit the application of any standard, the  
17 changes and alterations shall be made as rapidly as possible.

18 B. The Division shall determine the proper equipment or electrical devices used to monitor the speed  
19 of any motor vehicle pursuant to § 46.2-882 and shall so advise the respective law-enforcement officials.  
20 Police chiefs and sheriffs shall ensure that all such equipment and devices meet or exceed the standards  
21 established by the Division. This ~~provision~~ subsection shall apply only to equipment and devices  
22 purchased on or after July 1, 1986.

23 C. *The Division shall determine the proper equipment to be used to determine the decibel level of*  
24 *sound and shall so advise the respective law-enforcement officials. Police chiefs and sheriffs shall*  
25 *ensure that all such equipment and devices meet or exceed the standards established by the Division*  
26 *and shall maintain, inspect, calibrate, and test for accuracy all such equipment and devices on a*  
27 *schedule and in accordance with standards established by the Division.*

28 § 19.2-270.7. *Determining decibel level of sound with proper equipment; certificate as to accuracy of*  
29 *equipment.*

30 *A law-enforcement officer may use equipment deemed proper pursuant to subsection C of § 2.2-1112*  
31 *to determine the decibel level of any sound, including noise. The results of such determinations shall be*  
32 *accepted as prima facie evidence of the decibel level of the sound in any court or legal proceeding*  
33 *where the decibel level of the sound is at issue.*

34 *In any court or legal proceeding in which any question arises about the calibration or accuracy of*  
35 *such equipment used to determine the decibel level of sound, a certificate, or a true copy thereof,*  
36 *showing the calibration or testing for accuracy of the equipment, and when and by whom the*  
37 *calibration or test was made, shall be admissible as evidence of the facts therein stated. No calibration*  
38 *or testing of such equipment shall be valid for longer than 12 months.*
