

2010 SESSION

INTRODUCED

10100474D

SENATE BILL NO. 197

Offered January 13, 2010

Prefiled January 12, 2010

A *BILL to amend and reenact § 22.1-132.2 of the Code of Virginia, relating to integrated pest management programs in schools.*

Patron—Blevins

Referred to Committee on Education and Health

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-132.2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-132.2. Integrated pest management on school property.

The Department of Education shall make information available to school boards on integrated pest management programs that appropriately address the application of chemical pesticides and other pest control measures on school property. For purposes of this section, "integrated pest management" shall mean a managed pest control and suppression program that uses various integrated methods to keep pests from causing economic, health-related, or aesthetic injury and minimizes the use of pesticides and the risk to human health and the environment associated with pesticide applications. Methods may include the utilization of site or pest inspections, pest population monitoring, evaluation of control requirements, and the use of one or more pest control methods including sanitation, structural repair, nonchemical methods, and pesticides when nontoxic options produce unsatisfactory results or are impractical. Each *local* school *division* shall maintain documentation of any pesticide application that includes the target pest, the formulation applied, and the specific location of the application. The guidelines and programs adopted pursuant to this section shall permit the immediate application of pesticides or other effective control measures to eradicate pest infestations that pose an acute danger to students and staff.
