4. Title: Students; Board of Nursing to develop guidelines on administration of drugs to those with epilepsy

5. Summary: This bill directs the Board of Nursing to revise, as may be necessary, guidelines for seizure management, in coordination with the Board of Medicine, including the list of rescue medications for students with epilepsy and other seizure disorders in the public schools. The revised guidelines must be finalized and made available to the Board of Education by August 1, 2010. The guidelines must then be posted on the Department of Education's website.

In addition, the Board of Education must develop a standardized form, in accordance with guidelines developed by the Board of Nursing, to be used for authorizing the administration of such medications in the public schools and shall make the form available to the local school boards by posting it on the Department of Education's website.
