2010 Fiscal Impact Statement

1. **Patron** Lynwood W. Lewis, Jr.

3. **Committee** Senate Finance

4. **Title** Communications Sales and Use Tax;
Distribution Formula

2. **Bill Number** HB 765

House of Origin:

 Introduced

 Substitute

 Engrossed

Second House:

 X **In Committee**

 Substitute

 Enrolled

5. **Summary/Purpose:**

This bill would allow Accomack County to receive monthly distributions beginning on July 1, 2010 from the Communications Sales and Use Tax Trust Fund as if the Auditor of Public Accounts had certified that the county had received \$1,111,376 of telecommunications and television cable funds in Fiscal Year 2006 and Northampton County to receive monthly distributions beginning on July 1, 2010 from the Communications Sales and Use Tax Trust Fund as if the Auditor of Public Accounts had certified that the county had received \$549,025 of telecommunications and television cable funds in Fiscal Year 2006.

Under current law, all of the revenues available for distribution to localities from Communications Sales and Use Tax Trust Fund are allocated based on a percentage determined by the Auditor of Public Accounts based on local revenues from repealed local communications taxes and fees received by localities in Fiscal Year 2006. Accomack County reported receiving \$1,027,210 from the cable franchise fee in Fiscal Year 2006 and Northampton County reported receiving \$525,657 from the cable franchise fee in Fiscal Year 2006.

The effective date of this bill is not specified.

6. **Fiscal Impact Estimates are:** Preliminary. (See Line 8.)

7. **Budget amendment necessary:** No.

8. **Fiscal implications:**

Administrative Costs

TAX considers implementation of this bill as routine, and does not require additional funding.

Revenue Impact

This bill would have no impact on state revenues or on the total amount of Communications Sales Tax distributed. The bill would provide that Accomack County and Northampton County would receive monthly distributions equal to the distributions they would have received if the Auditor of Public Accounts had certified that it had collected \$1,111,376 and \$549,025, respectively, from the repealed local communications taxes and fees in Fiscal Year 2006. All localities currently receiving distributions from the Communications Sales and Use Tax Trust Fund would experience a slight decrease in their distributions from the Fund to account for the increase in distribution to Accomack County and Northampton County.

10. Technical amendment necessary: No.

11. Other comments:

Background

2006 House Bill 568 (Acts of Assembly 2006, Chapter 780) replaced many of the state and local communications taxes and fees with a centrally administered Communications Sales and Use Tax and a uniform statewide E-911 Tax on landline telephone service beginning January 1, 2007. Additionally, House Bill 568 imposed a public rights-of-way use fee on cable television providers beginning January 1, 2007.

Under House Bill 568, revenue from the Communications Sales and Use Tax, the Landline E-911 Tax and the Cable Television Rights-of-Way Fee (the "Communications Taxes") is collected and remitted monthly by communications services providers to TAX and deposited into a non-reverting fund known as the Communications Sales and Use Tax Trust Fund (the "Fund"). After transferring moneys from the Fund to TAX to pay for the direct costs of administering the Communications Taxes, the moneys in the Fund are allocated and distributed to localities after payment (1) to the Department of Deaf and Hard-of-Hearing to fund the telephone relay service center and (2) any franchise fee amount due to localities in accordance with any cable television franchise agreements in effect as of January 1, 2007. Each locality's share of the net revenue is distributed as soon as practicable after the end of the month based on the locality's share of total revenues received from the following taxes and fees in Fiscal Year 2006 from local tax rates adopted on or before January 1, 2006:

- Local consumer utility tax on landline and wireless telephone service;
- Local E-911 tax on landline telephone service;
- The portion of the local BPOL tax on public service companies exceeding .5% currently billed to customers in some grandfathered localities;

- Cable television franchise fees;
- Video programming excise tax on cable television services; and
- Consumer utility tax on cable television.

House Bill 568 required the Auditor of Public Accounts (“APA”) to determine the amount of revenues received by every locality for Fiscal Year 2006, at rates adopted on or before January 1, 2006, for each of these taxes and fees. Local governments and service providers were required to cooperate with the APA and provide requested information. Accomack County reported receiving \$1,027,210 from the cable franchise fee in Fiscal Year 2006 and Northampton County reported receiving \$525,657 from the cable franchise fee in Fiscal Year 2006.

Proposal

This bill would allow Accomack County to receive monthly distributions beginning on July 1, 2010 from the Communications Sales and Use Tax Trust Fund as if the Auditor of Public Accounts had certified that the county had received \$1,111,376 of telecommunications and television cable funds in Fiscal Year 2006 and Northampton County to receive monthly distributions beginning on July 1, 2010 from the Communications Sales and Use Tax Trust Fund as if the Auditor of Public Accounts had certified that the county had received \$549,025 of telecommunications and television cable funds in Fiscal Year 2006.

The effective date of this bill is not specified.

Similar Legislation

House Bill 1090 and **Senate Bill 381** would allow a locality to request a ruling from TAX adjusting its distribution from the Communications Sales and Use Tax Trust Fund so long as the aggregate redistribution from all other localities does not exceed \$100,000.

Senate Bill 97 would increase the monthly landline and wireless E-911 taxes by \$0.05 per access line to provide additional funding for the Line of Duty Health Benefits Trust Fund and would also amend the Line of Duty Act to include local employees who were disabled in the line of duty on or after January 1, 1966.

Senate Bill 279 would increase the monthly landline and wireless E-911 taxes by \$0.18 per access line to provide additional funding for the Line of Duty Health Benefits Trust Fund. This bill would also amend the Line of Duty Act to include local employees who were disabled in the line of duty on or after January 1, 1966.
