8. Fiscal implications: The Department of Motor Vehicles would incur costs in the implementation of this legislation. In addition, pursuant to the first enactment clause, existing placard holders could request a replacement placard with the new design. Currently, there are a total of 418,768 active permanent and temporary removable disabled parking windshield placards. Although the number of placard holders who would request a replacement is unknown, the agency could incur a cost in replacing even a portion of these placards.

10. Technical amendment necessary: No.

11. Other comments: None.
