§ 54.1-2409.4. Authority to receive laboratory results directly.

A. Any health care practitioner licensed under this title who, within the scope of his practice, orders a laboratory test or other examination of the physical condition of any person shall, if so requested by the patient or his legal guardian, provide a copy of the report of the results to the patient or his legal guardian, unless, in the professional opinion of the health care practitioner, there is a medical reason not to do so.
