Referred to Committee on Education**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Chapter 3.3 of Title 23 sections numbered 23-30.59 and 23-30.60 as follows:**

*§ 23-30.59. Credit enhancement for bonds for institutions of higher education.*

*The Authority shall have the power to issue or acquire credit enhancements to secure payment of bonds issued by the Authority. Credit enhancements include, without limitation, surety bonds, insurance policies, letters of credit, guarantees, and other forms of collateral or security as well as capital reserve funds authorized by § 23-30.60.*

*The Authority shall have the power to pledge any revenue or funds of or under the control of the Authority to the payment of its bonds and credit enhancements, subject only to any prior agreements with the holders of particular bonds or the beneficiaries of particular credit enhancements pledging moneys or revenue.*

*§ 23-30.60. Capital reserve funds.*

*A. The Authority may create and establish one or more capital reserve funds and may pay into each capital reserve fund (i) fees charged to institutions of higher education for any credit enhancement service or otherwise in connection with the issuance of bonds; (ii) any moneys appropriated and made available by the Commonwealth for the purpose of such a fund; (iii) any proceeds of the sale of bonds of the Authority, to the extent provided in the resolution authorizing the issuance of, or the trust indenture securing, the bonds; and (iv) any other moneys that may be made available to the Authority for the purpose of such a fund from any other source. All moneys held in any capital reserve fund, except as hereinafter provided, shall be used solely for the payment when due of the principal and premium, if any, and interest on the bonds or obligations secured in whole or in part by such a fund. If, however, moneys in any such fund are ever less than the minimum capital reserve fund requirement established for the fund by the Authority, the Authority shall not use the moneys for any optional purchase or optional redemption of bonds. Any income or interest earned on, or increment to, any capital reserve fund due to its investment may be transferred by the Authority to other funds or accounts of the Authority to the extent it does not reduce the amount of the capital reserve fund below its minimal requirement. The Authority may provide for the funding of amounts in any capital reserve fund with insurance policies, surety bonds, irrevocable letters of credit or other credit agreement, or similar facilities in lieu of or in substitution for cash or securities pursuant to terms and standards set by the Authority.*

*The Authority shall not at any time issue bonds or credit enhancements secured in whole or in part by any capital reserve fund if upon the issuance of the bonds or credit enhancements the amount in the capital reserve fund will be less than its minimal requirement unless the Authority, at the time of issuance of the bonds or credit enhancements, deposits in the fund an amount that, together with the amount then in the fund, will not be less than the fund's minimal capital reserve requirement.*

*B. In order to assure further the maintenance of capital reserve funds, the chairman of the Authority shall annually, on or before December 1, make and deliver to the Governor and the Secretary of Administration a certificate stating the sum, if any, required to restore each capital reserve fund to its minimal requirement. Within five days after the beginning of each session of the General Assembly, the Governor shall submit to the presiding officer of each house of the General Assembly printed copies of a budget including the sum, if any, required to restore each capital reserve fund to its minimal requirement. All sums, if any, that may be appropriated by the General Assembly for any restoration and paid to the Authority shall be deposited by the Authority in the applicable capital reserve fund. All amounts paid to the Authority by the Commonwealth pursuant to the provisions of this section shall constitute and be accounted for as advances by the Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority or the beneficiaries of credit enhancements of the Authority, shall be repaid to the Commonwealth without interest from available operating revenues of*
