SENATE BILL NO. 1254

Offered January 12, 2011

Prefiled January 12, 2011

A BILL to amend and reenact § 36-105 of the Code of Virginia relating to the Uniform Statewide Building Code; building permit fees; incentives for energy-efficient buildings.

Patron—Vogel

Referred to Committee on General Laws and Technology

Be it enacted by the General Assembly of Virginia:**1. That § 36-105 of the Code of Virginia is amended and reenacted as follows:**

§ 36-105. Enforcement of Code; appeals from decisions of local department; inspection of buildings; inspection warrants; inspection of elevators.

A. Enforcement generally. Enforcement of the provisions of the Building Code for construction and rehabilitation shall be the responsibility of the local building department. There shall be established within each local building department a local board of Building Code appeals whose composition, duties and responsibilities shall be prescribed in the Building Code. Any person aggrieved by the local building department's application of the Building Code or refusal to grant a modification to the provisions of the Building Code may appeal to the local board of Building Code appeals. No appeal to the State Building Code Technical Review Board shall lie prior to a final determination by the local board of Building Code appeals. Whenever a county or a municipality does not have such a building department or board of Building Code appeals, the local governing body shall enter into an agreement with the local governing body of another county or municipality or with some other agency, or a state agency approved by the Department for such enforcement and appeals resulting therefrom. For the purposes of this section, towns with a population of less than 3,500 may elect to administer and enforce the Building Code; however, where the town does not elect to administer and enforce the Building Code, the county in which the town is situated shall administer and enforce the Building Code for the town. In the event such town is situated in two or more counties, those counties shall administer and enforce the Building Code for that portion of the town situated within their respective boundaries. Fees may be levied by the local governing body in order to defray the cost of such enforcement and appeals. *In levying fees for a building permit application for the construction, rehabilitation, renovation, or improvement of a building, the local governing body may reduce such fees by up to 10 percent of the amount otherwise charged if the building is an energy-efficient building as described in § 58.1-3221.2, including any required certifications or determinations therein; further, the local governing body may establish procedures for recapturing the fees foregone if the building is later determined not to be an energy-efficient building in accordance with the permit.*

B. New construction. Any building or structure may be inspected at any time before completion, and shall not be deemed in compliance until approved by the inspecting authority. Where the construction cost is less than \$2,500, however, the inspection may, in the discretion of the inspecting authority, be waived. A building official may issue an annual permit for any construction regulated by the Building Code. The building official shall coordinate all reports of inspections for compliance with the Building Code, with inspections of fire and health officials delegated such authority, prior to issuance of an occupancy permit.

C. Existing buildings and structures.

1. Inspections and enforcement of the Building Code. The local governing body may also inspect and enforce the provisions of the Building Code for existing buildings and structures, whether occupied or not. Such inspection and enforcement shall be carried out by an agency or department designated by the local governing body.

2. Complaints by tenants. However, upon a finding by the local building department, following a complaint by a tenant of a residential dwelling unit that is the subject of such complaint, that there may be a violation of the unsafe structures provisions of the Building Code, the local building department shall enforce such provisions.

3. Inspection warrants. If the local building department receives a complaint that a violation of the Building Code exists that is an immediate and imminent threat to the health or safety of the owner, tenant, or occupants of any building or structure, or the owner, occupant, or tenant of any nearby building or structure, and the owner, occupant, or tenant of the building or structure that is the subject of the complaint has refused to allow the local building official or his agent to have access to the subject building or structure, the local building official or his agent may present sworn testimony to a

SB1254

59 magistrate or a court of competent jurisdiction and request that the magistrate or court grant the local
60 building official or his agent an inspection warrant to enable the building official or his agent to enter
61 the subject building or structure for the purpose of determining whether violations of the Building Code
62 exist. The local building official or his agent shall make a reasonable effort to obtain consent from the
63 owner, occupant, or tenant of the subject building or structure prior to seeking the issuance of an
64 inspection warrant under this section.

65 4. Transfer of ownership. If the local building department has initiated an enforcement action against
66 the owner of a building or structure and such owner subsequently transfers the ownership of the building
67 or structure to an entity in which the owner holds an ownership interest greater than 50%, the pending
68 enforcement action shall continue to be enforced against the owner.

69 5. Elevator, escalator, or related conveyance inspections. The local governing body shall, however,
70 inspect and enforce the Building Code for elevators, escalators, or related conveyances, except for
71 elevators in single- and two-family homes and townhouses. Such inspection shall be carried out by an
72 agency or department designated by the local governing body.
