Patron—Herring

Referred to Committee on Finance

### Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 13 of Chapter 3 of Title 58.1 a section numbered 58.1-439.12:06 as follows:

§ 58.1-439.12:06. Telework expenses tax credit.

A. As used in this section, unless the context requires a different meaning:

"Eligible telework expenses" means expenses incurred during the taxable year pursuant to a telework agreement, in an amount up to \$1,200 for each participating employee, that enable a participating employee to begin to telework, which expenses are not otherwise the subject of a deduction from income claimed by the employer in any tax year. Such expenses include, but are not limited to, expenses paid or incurred to purchase computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, high-speed Internet connectivity equipment, computer security software and devices, and all related delivery, installation, and maintenance fees. Such expenses do not include replacement costs for computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, or computer security software and devices at the principal place of business when that equipment is relocated to the telework site. Eligible telework expenses may also include up to a maximum of \$20,000 for conducting a telework assessment on or after January 1, 2012. Such costs shall be ineligible for this credit if they are otherwise taken as a deduction by the employer from income in any taxable year. The costs included and allowed to be taken as a credit include program planning costs, which may include direct program development and training costs, raw labor costs, and professional consulting fees. Such costs shall not include those for which a credit is claimed under any other provision of this chapter. The credit shall be allowed once for each employer meeting the requirements herein.

"Employer" means any employer subject to the income tax imposed by this chapter.

"Participating employee" means an employee who has entered into a telework agreement with his employer on or after July 1, 2012. The term shall not include an individual who is self-employed or an individual who ordinarily spends a majority of the workday at a location other than the place where his duties are normally performed.

"Telework" means the performance of normal and regular work functions on a workday at a location different from the place where work functions are normally performed and that is within or closer to the participating employee's residence. The term shall not include home-based businesses, extensions of the workday, or work performed on a weekend or holiday.

"Telework agreement" means an agreement signed by the employer and the participating employee, on or after July 1, 2012, but before January 1, 2014, that defines the terms of a telework arrangement, including the number of days per month the participating employee will telework in order to qualify for the credit, and any restrictions on the location from which the employee will telework.

"Telework assessment" means an optional assessment leading to the development of policies and procedures necessary to implement a formal telework program that would qualify the employer for the credit provided in this section, including but not limited to a workforce profile; a telework program business case and plan; a detailed accounting of the purpose, goals, and operating procedures of the telework program; methodologies for measuring telework program activities and success; and a deployment schedule for increasing telework activity.

B. For taxable years beginning on or after January 1, 2012, but before January 1, 2014, an employer shall be allowed a credit against the taxes imposed pursuant to Articles 2 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.) of this chapter for eligible telework expenses incurred during the 2012 and 2013 calendar years. The amount of the credit shall not exceed \$50,000 per employer for the 2012 and 2013 calendar years.

Such expenses may be incurred (i) only once per participating employee and (ii) directly by the employer on behalf of the participating employee or directly by the participating employee and reimbursed by the employer.

SB1335

59 C. For purposes of this section, the amount of any credit attributable to a partnership, electing small  
60 business corporation (S corporation), or limited liability company shall be allocated to the individual  
61 partners, shareholders, or members, respectively, in proportion to their ownership or interest in such  
62 business entities.

63 D. The amount of tax credits available to any employer under this section in any taxable year shall  
64 not exceed the employer's tax liability. No unused tax credit shall be carried forward or carried back  
65 against the employer's tax liability. An employer shall be ineligible for a tax credit pursuant to this  
66 section if such employer claims a credit under any other provisions of this chapter.

67 E. An employer seeking to claim a tax credit provided herein shall submit a reservation application  
68 to the Tax Commissioner for tentative approval of the credit between September 1 and October 31 of  
69 the year preceding the taxable year for which the tax credit is to be earned. The Tax Commissioner  
70 shall establish policies and procedures for the reservation of tax credits by eligible employers. Such  
71 policies and procedures shall provide (i) requirements for applying for reservations of tax credits; (ii) a  
72 system for allocating the available amount of tax credits among eligible employers; and (iii) a  
73 procedure for the cancellation and reallocation of tax credit reservations allocated to eligible employers  
74 that, after reserving tax credits, have been determined to be ineligible for all or a portion of the tax  
75 credits reserved. Such application shall certify that the employer would not have incurred the eligible  
76 telework expenses for which the credit is sought but for the availability of such credit. The Tax  
77 Commissioner shall provide tentative approval of the applications no later than December 31 of the  
78 year in which the applications are received. When the application and amount of tax credits have been  
79 approved and the employer applicant notified, such employer may make purchases approved for the tax  
80 credits during the immediately following taxable year or lose the right to such credits.

81 F. In no event shall the aggregate amount of tax credits approved by the Tax Commissioner exceed  
82 \$1 million annually for credits earned in taxable years 2012 and 2013. In the event the credit amounts  
83 on the applications filed with the Tax Commissioner exceed the maximum aggregate amount of tax  
84 credits, then the tax credits shall be allocated on a pro rata basis based on the amounts allowed by  
85 subsection B among the eligible employers who filed timely applications.

86 G. Actions of the Tax Commissioner relating to the approval or denial of applications for  
87 reservations of tax credits pursuant to this section shall be exempt from the provisions of the  
88 Administrative Process Act (§ 2.2-4000 et seq.).
