217 B. The Tax Commissioner shall, not later than the fifteenth business day after the date of the receipt
218 of a request pursuant to subsection A, determine whether the business meets the definition of a qualified

221 additional 15 days will be needed to review and make the determination.

222 C. If the Tax Commissioner fails to notify the Virginia small business investment company with
223 respect to the proposed investment within the period specified by subsection B, the business in which the
224 company proposes to invest shall be considered to be a qualified business or to be located in a strategic
225 investment area.

227 A. Each Virginia small business investment company shall report to the Tax Commissioner as soon

263 B. Notwithstanding subsection A, a company may make repayments of principal and interest on its

266 C. If a business in which a qualified investment is made relocates its principal business operations to
267 another state during the term of the Virginia small business investment company's investment in the
268 business, the cumulative amount of qualified investments made by the Virginia small business investment
269 company for purposes of satisfying the requirements of subsection A only is reduced by the amount of
270 the Virginia small business investment company's qualified investments in the business that has
271 relocated. This shall not apply if the business demonstrates that it has returned its principal business
272 operations to the Commonwealth not later than the ninetieth day after the date of its relocation.

273 D. If a business in which a qualified investment is made that was also in a strategic investment area
274 relocates its principal business operations to another strategic investment area in the Commonwealth,
275 the investment shall remain a qualified investment located in a strategic investment area. If a business
276 in which a qualified investment is made that was also in a strategic investment area relocates its
277 principal business operations to another part of the Commonwealth that is not a strategic investment
278 area, the investment shall remain a qualified investment, but shall not be considered made in a strategic
279 investment area. In such event, the Virginia small business investment company shall have 180 days to
280 comply with subsections A, H, or I of § 58.1-2537, if such relocation results in noncompliance.

291 § 58.1-2537, 58.1-2539 or 58.1-2540, the Tax Commissioner shall notify the officers of the company in
292 writing that the company may be subject to decertification after the one-hundred-twentieth day after the

294 compliance with those sections.

295 D. The Tax Commissioner may decertify a Virginia small business investment company, after
296 opportunity for hearing, if the Tax Commissioner finds that the company is not in compliance with

313 § 58.1-2544. Recapture and forfeiture of license tax credits; decertification of company.

315 license tax credits previously claimed and the forfeiture of future license tax credits to be claimed by
316 participating investors with respect to the company, as follows:
317 1. Decertification of a company on or before the third anniversary of its allocation date causes the

355 irrevocably committed to make an investment of designated capital in a Virginia small business
356 investment company in the amount allocated even if the amount allocated is less than the amount of the
357 claim, subject only to the receipt of an allocation under § 58.1-2549.
358 B. A participating investor may not claim a license tax credit under § 58.1-2546 for an investment
359 that has not been funded, even if the participating investor has committed to fund the investment.

361 A. The total amount of designated capital for which license tax credits may be allowed under this
362 article for all years in which license tax credits are allowed is \$100 million.
363 B. The total amount of designated capital for which license tax credits may be allowed for all

366 C. A Virginia small business investment company and its affiliates may not file license tax credit
367 allocation claims in excess of the maximum amount of designated capital for which license tax credits

If the total license tax credits claimed by all participating investors exceeds the total limits on license tax credits established by subsection A of § 58.1-2548, the Tax Commissioner shall allocate the total amount of license tax credits allowed under this article to participating investors in Virginia small business investment companies on a pro rata basis in accordance with this section.

B. The pro rata allocation for each participating investor shall be the product of:

1. A fraction, the numerator of which is the amount of the license tax credit allocation claim filed on behalf of the participating investor and the denominator of which is the total amount of all license tax credit allocation claims filed on behalf of all participating investors; and

2. The total amount of designated capital for which license tax credits may be allowed under this article.

C. Not later than March 1 of each year, the Tax Commissioner shall notify each Virginia small business investment company of the amount of tax credits allocated to each participating investor. D. If a Virginia small business investment company does not receive an investment of designated capital equaling the amount of license tax credits allocated to a participating investor for which it filed a license tax credit allocation claim before the end of the tenth business day after the date of receipt of notice of allocation, the company shall notify the Tax Commissioner by overnight common carrier delivery service and that portion of capital allocated to the participating investor shall be forfeited. The Tax Commissioner shall reallocate the forfeited capital among the participating investors in the other Virginia small business investment companies that originally received an allocation so that the result after reallocation is the same as if the initial allocation under this section had been performed without considering the license tax credit allocation claims that were subsequently forfeited.

E. The maximum amount of designated capital for which license tax credit allocation may be allowed on behalf of any one participating investor and its affiliates, whether by one or more Virginia small business investment companies, may not exceed 25 percent of the maximum aggregate amount available under subsection A of § 58.1-2548.

§ 58.1-2550. Impact of tax credits claimed by a participating investor on insurance rates.

A participating investor shall not transfer or assign, agree to transfer, or agree to sell or assign license tax credits until 180 days from the date on which the participating investor invested designated capital. After 180 days from the date of investment, a participating investor, or subsequent transferee, may transfer credits based upon rules adopted by the Tax Commissioner to facilitate such transfers.

B. Any tax credits recaptured under this article remain the liability of the participating investor that actually applied the credit towards its tax liability.

C. The transfer or assignment of a license tax credit does not affect the schedule for taking the license tax credit under this article.

2. That the provisions of this act shall become effective on January 1, 2011.
