B. Out of this appropriation an amount estimated at \$80,483 the first year and \$80,483 the second year from the general fund and \$36,130 the first year and \$36,130 the second year from nongeneral funds are designated for the educational telecommunications project to provide graduate engineering education. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.
