

2012 SESSION

INTRODUCED

INTRODUCED

HB1124

12103178D

HOUSE BILL NO. 1124

Offered January 11, 2012

A *BILL to amend and reenact Chapter 46 of the Acts of Assembly of 2009, establishing a six-year capital outlay plan for projects to be funded entirely or partially from general fund-supported resources.*

Patron—Putney

Referred to Committee on Appropriations

Be it enacted by the General Assembly of Virginia:

1. That Chapter 46 of the Acts of Assembly of 2009 is amended and reenacted as follows:

§ 1. That the following capital outlay projects and descriptive information shall constitute the Commonwealth's capital outlay plan, pursuant to § 2.2-1518 of the Code of Virginia, for the capital projects supported entirely or partially from the general fund for the six-year period beginning July 1, 2009 2012.

\$0 to \$10,000,000

Agency or Institution	Project Title	Priority	Description
Christopher Newport University	Improve Student Security Infrastructure	4 5	Provides for the connection all of the buildings and open areas on campus through state-of-the-art technology and enables the university to perform needed upgrades to its computing infrastructure and to control access to buildings and computer systems.
Christopher Newport University	Renovate Band Rehearsal Hall and Connector	5 6	Supports the renovation of a 1950's high school gymnasium into a modern band rehearsal hall and completes the renovation of the area breezeway connecting this area to the front of the Center for the Arts.
Department of Conservation & Recreation	Construct On-Site Residences, Various State Parks	4 4	Provides 14 residences and 14 parks across the state. This will allow the agency to provide housing for on-sight law enforcement personnel.
Department of Conservation & Recreation	Dredge Boat Ramp and Repair Shoreline Erosion, Belle Isle State Park	3 11	Provides for dredging the boat ramp and the channel to the Rappahannock River. The project will also stabilize the park's shoreline to prevent further erosion.
Department of Conservation & Recreation	Construct Improvements at Natural Areas	5 7	Provides for public access, including parking lots, walkways, and signs at five to six of the major natural area sites.
Department of Conservation & Recreation	Acquire property for Mayo River State Park	6 12	Provides funding for acquisition of land for the park.
Department of Conservation & Recreation	Complete Phase I Development, Powhatan State Park	3	Completes the first phase of development at Powhatan State Park.
Department of Conservation & Recreation	Construct Visitor Centers at Douthat, Kiptopeke, and High Bridge State Parks	6	Constructs visitor centers at Douthat, Kiptopeke, and High Bridge State Parks.
Department of Conservation & Recreation	Construct Visitor Centers at Twin Lakes, Sky Meadows, and Fairy Stone State Parks	8	Constructs visitor centers at Twin Lakes, Sky Meadows, and Fairy Stone State Parks.

63	Department of Conservation & Recreation	Improve Access to Natural Areas	5	Improves public access to natural areas.
64				
65				
66				
67	Department of Corrections	Construct 200 Bed Housing Unit at Bland	2 14	Provides for the removal of three existing modular housing structures, and one office trailer, and replacing them with more substantial and longer lasting housing units.
68				
69				
70				
71				
72	Department of Corrections	Upgrade Perimeter Detection System (Multiple Institutions)	3 13	Upgrades electronic detection systems on perimeter fences.
73				
74				
75				
76	Department of Corrections	Replace Door Control Systems	6 10	Provides supplemental funding for an existing umbrella project created to replace obsolete door control panels and systems.
77				
78				
79				
80	Department of Corrections	Upgrade Building Electrical Service Entrance—Augusta	7 16	Upgrades the electrical service at Augusta Correctional Center.
81				
82				
83	Department of Corrections	Correct Environmental Deficiencies	8 17	Provides supplemental funding to an existing umbrella project created to address violations of environmental laws and regulations and included in a consent order with the Environmental Protection Agency.
84				
85				
86				
87				
88				
89	Department of Corrections	Upgrade Preliminary Wastewater Treatment	9 15	Provides supplemental funding to an existing umbrella project created to install auger grinder equipment in wastewater treatment plants to improve preliminary treatment.
90				
91				
92				
93				
94	Department of Corrections	Replace Windows and Mechanical Systems	9	Provides for the replacement of windows and mechanical systems in correctional centers.
95				
96				
97	Department of Corrections	Acquire Office Building for Richmond Probation and Parole District Office	4	Provides for the acquisition of an existing building or the construction of a new building for the Richmond probation and parole district office.
98				
99				
100				
101	Department of Corrections	Repair and Replace Cell Door Control Systems	12	Provides for the replacement or repair of the electronic panels that control the security doors (cells, building entrances, etc.), as well as the doors and their closing and locking mechanisms.
102				
103				
104				
105				
106	Department of Corrections	Construct James River Water Line	2	Replaces the water line from the James River Water Treatment Plant that serves the Goochland Courthouse area and surrounding correctional facilities.
107				
108				
109				
110				
111	Department of Corrections	Install Fire Safety Systems and Exits	6	Upgrades fire safety systems at various correctional facilities.
112				
113				
114	Department of Corrections	Construct Re-entry Program Buildings	3	Constructs buildings in correctional centers to be used for conducting programs developed for re-entry initiative.
115				
116				
117				
118	Department of Corrections	Renovate Virginia Correctional Center for Women	5	Provides for extensive renovation of the Virginia Correctional Center for Women in Goochland. Work will include replacement of windows, repair of steam system, replacement of mechanical systems, replacement of showers, waterproofing of basements, as well as other repairs.
119				
120				
121				
122				
123				
124				
125	Department of Corrections	Replace Caroline Wastewater Treatment System	8	Replaces the outdated wastewater treatment system that serves the Caroline Correctional Unit.
126				
127				
128				

129	Department of	Upgrade Buckingham	7	Upgrades the wastewater treatment plant that
130	Corrections	Wastewater Treatment		serves the Buckingham Correctional Center.
131		Plant		
132				
133	Department of	Replace Security	11	Replaces the electronic control panels that control
134	Corrections	Panels—Sussex I and II		the operation of security doors at Sussex I and
135				Sussex II prisons.
136				
137	Department of Forensic	Expand Eastern Forensic	4 3	Provides for the renovation of 15,308 square feet of
138	Science	Laboratory Facility		space on the fifth floor to meet the critical space
139				needs of the controlled substances, toxicology, and
140				questioned documents disciplines. In 2005, the
141				Department of Forensic Science was provided
142				funding to lease 5,777 square feet on the 5th floor
143				in this facility from the City of Norfolk to house
144				the latent prints laboratory and laboratory
145				administrative offices. Approval to occupy and
146				renovate the full 5th floor would result in the
147				Eastern Laboratory expanding to approximately
148				54,000 square feet which will allow this laboratory
149				to meet current and projected caseloads.
150				
151	Department of General	Renovate Morson Row	6	Renovates Morson Row four-story townhouses that
152	Services			achieved Historic Landmark status on the National
153				Register in 1969. Project includes complete
154				exterior and interior renovations and provides new
155				HVAC, electrical, plumbing, and fire protection
156				systems.
157				
158	Department of General	Demolish Zincke and	7	Demolishes existing Zincke and Aluminum
159	Services	Aluminum Buildings		Buildings, stabilizes demolition site, and
160				relandscapes in accordance with the 2010 Site
161				Master Plan. Project will construct a new central
162				open space, "Virginia Green," realign old 14th and
163				Grace Streets, and reconfigure parking lots behind
164				the VDOT buildings.
165				
166	Department of Juvenile	Expansion and Renovation	1	Expands and renovates the school and gymnasium
167	Justice	to School and Gymnasium		at Natural Bridge Juvenile Correctional Center. The
168		at Natural Bridge Juvenile		gym and the existing classrooms, library and
169		Correctional Center		school administration offices are undersized and
170				unable to support the school staff; suffer from
171				deferred maintenance issues; are not handicapped
172				accessible; and are suspected to contain unabated
173				hazardous materials. These structures require
174				comprehensive renovations to bring them into
175				compliance with current state building codes;
176				current fire/life/safety codes; and agency facility
177				standards.
178				
179	Department of Juvenile	Upgrade Reception and	1	Supplements the existing project to construct a new
180	Justice	Diagnostic Center		school facility and infirmary at the Reception and
181		(Infirmary and School)		Diagnostic Center. The supplement would be to
182				renovate the existing reception center. It would
183				also provide for equipment for the new infirmary.
184				
185	Department of Juvenile	Renovate Cedar Lodge and	2	Renovates one wing of Cedar Lodge and replaces
186	Justice	Replace Modular Building		an existing modular building.
187				
188	Department of Juvenile	Construct New Central	4	Constructs a dry storage centralized warehouse for
189	Justice	Maintenance		the Bon Air complex. A central warehouse will
190		Building—Bon Air		keep heavy delivery vehicles off of the main entry
191				road (Chatsworth Road) approach to the Bon Air
192				Complex, and would isolate and concentrate that
193				traffic to an appropriate less traveled roadway.
194				

195	Department of Juvenile Justice	Construct New Central Maintenance and Materials Storage Building -Beaumont	5	Constructs a central maintenance and materials storage building for the Beaumont campus. This building will include shops for carpentry and painting, HVAC/plumbing, electrical, landscaping, small and large engine repair, a vehicle lift, an outdoor wash rack, accommodation for shop material storage, administrative offices and vehicle parking.
196				
197				
198				
199				
200				
201				
202				
203				
204	Department of Juvenile Justice	Convert Old Dining Hall to Dry Storage Warehouse Facility—Beaumont	6	Converts existing building formerly used as a dining hall into a campus dry-storage warehouse for the Beaumont Juvenile Correctional Center.
205				
206				
207				
208	Department of Juvenile Justice	Construct Central Warehouse Facility—Bon Air	7	Constructs a new central maintenance and materials storage building for the Bon Air Juvenile Correctional Complex. This building will include shops for carpentry and painting, HVAC/plumbing, electrical and landscaping, an outdoor wash rack for vehicles and equipment, accommodations for shop construction and maintenance material storage, administrative offices and vehicle parking.
209				
210				
211				
212				
213				
214				
215				
216				
217	Department of Juvenile Justice	Renovate Beaumont Manor House	8	Revitalizes an existing building as a conference center with limited food prep and dining (warming kitchen).
218				
219				
220				
221	Department of Juvenile Justice	Renovate Historic Bon Air House	9	Provides for renovation of existing building on Bon Air campus.
222				
223				
224	Department of Mental Health, Mental Retardation, and Substance Abuse	Abate Environmental Hazards	4 7	Addresses several environmental hazard issues at state facilities, including groundwater cleanup, mold, lead paint and asbestos removal. Includes all phases of the project.
225				
226				
227				
228	Behavioral Health and Developmental Services			
229				
230				
231	Department of State Police	Construct State Police Castlewood BCI Office	1	Constructs an office for the Bureau of Criminal Investigation in Castlewood.
232				
233				
234	Department of Veterans Services	Install Generator, Salem Veterans Care Center	1	Provides for full emergency back-up power to the Salem Veterans Care Center through the installation of a 750 to 1000 kw generator.
235				
236				
237				
238	Department of Veterans Services	Construct Addition on the Sitter Barfoot Veterans Care Center	3	Constructs an additional 80 beds to provide the full 240-beds as originally planned for the Sitter-Barfoot Veterans Care Center, located in Richmond adjacent to McGuire Medical Center. Due to changes in the health care delivery system and the rising cost of construction, only 160 beds were constructed in the original project.
239				
240				
241				
242				
243				
244				
245				
246	Department of Veterans Services	Additions and Renovations, Veterans Care Center Salem	4	Provides additional activities, patient therapy and administrative areas to the existing facility. Currently, patient activities/therapy and administrative areas are inadequate to serve the needs of the facility.
247				
248				
249				
250				
251				
252	Frontier Culture Museum of Virginia	Construct Early American Industry exhibit	1	Construct a working, water-powered grist mill. The Frontier Culture Museum's master plan calls for the construction of an early American village as a major component of its expansion, and the grist mill is planned as an important structure in this village.
253				
254				
255				
256				
257				
258				
259	Frontier Culture Museum of Virginia	Expand Infrastructure	2	Combines two infrastructure requests submitted by the agency. Most of the agency's planned expansion will be constructed in an undeveloped area of the property, adjacent to its existing site.
260				
261				
262				

263				
264	George Mason	Renovate Fine Arts	4 2	Renovates approximately 33,200 gross square feet
265	University	Building		in the Fine Arts Building originally constructed in
266				1989. The building will be vacated when the
267				Academic V project is completed and the Art and
268				Visual Technology programs move to the new
269				building. The timing will allow for renovation of
270				the facility to convert space from use for visual arts
271				studio to performing arts space to address program
272				needs of the university.
273				
274	George Mason	Renovate Finley Building	2 10	Renovates the Finley Building after the current
275	University			academic programs move to the new Arlington II
276				building. The renovation will include modifications
277				to support programmatic needs, including academic
278				support and teaching space, associated with the
279				College of Education and Human Development.
280				There will also be a physical connection
281				constructed between Finley and Thompson Halls to
282				visually link the buildings and to protect outdoor
283				program space.
284				
285	George Mason	Improve	9	Improves the university's telecommunications
286	University	Telecommunications		infrastructure to provide additional infrastructure
287		Infrastructure		pathways (ductbank, conduit, fiber and copper
288				lines) necessary to ensure critical voice and data
289				services remain available in the event a key
290				pathway is severed; relocates most of the active
291				communications equipment required to support the
292				West Campus; and corrects telecommunications
293				infrastructure problems impacting security, safety,
294				and environmental conditions of the university's
295				telecommunications rooms and pathways.
296				
297	George Mason	Renovate Science and	1	Provides funding for equipment for a previously
298	University	Technology Buildings I and		approved project.
299		II (equipment)		
300				
301	Institute for Advanced	Construct Greenhouse	4 2	Provides for the construction of a greenhouse
302	Learning Research			needed to further the research efforts of the agency.
303				The agency currently uses growth rooms and
304				chambers. A greenhouse located on property will
305				increase the agency's ability to grow large numbers
306				of plants and expand breeding techniques within an
307				environmental setting.
308				
309	James Madison	Construct Technology	5 6	Replaces a large portion of the university's
310	University	Infrastructure-Phases 1 & 2		technology infrastructure to improve resiliency and
311				more fully meet the bandwidth demand. The
312				project will add network capacity that will enable
313				high-speed delivery of large streams of data to
314				classrooms, labs and desktops throughout the
315				campus.
316				
317	Jamestown-Yorktown	Develop outdoor	2	Provides for construction of tiered seating for
318	Foundation	interpretive areas		observing cannon, mortar, and howitzer
319				demonstrations; relocation of the kitchen and
320				farmhouse; construction of a farmhouse addition,
321				demolition and replacement of chimneys;
322				additional reproduction furnishings; construction
323				of an interpretive orientation shelter, a bus shelter,
324				a restroom facility, new aggregate pathways, and a
325				picnic shelter/multi-use area; construction of an
326				artillery firing station; and constuction of a farm
327				site, including tobacco barn, slave quarters, corn
328				crib, animal pens and orchard.
329				

330	Longwood University	Renovate Space for Faculty and Staff Offices	3	Provides for the renovation of facilities to provide for faculty offices. Faculty positions have increased by 42 over the last several years, and currently, there is insufficient space. This has become a recruiting tool for new faculty.
331				
332				
333				
334				
335				
336	Longwood University	Renovate Heating Plant Facility	5 3	Renovates utility plant to house an additional redundant steam generation capacity for heat and hot water, expansion capacity, and provide a location for a north campus central chilled distribution water system. The chilled water system will utilize a waste heat exchanger from the boiler stacks. This will add additional energy savings by capturing smoke stack waste. A central chilled water distribution system provides economy of scale, a 24/7 monitoring capability and higher reliability and enhanced control. This will be energy efficient and allow for future expansion of the campus.
337				
338				
339				
340				
341				
342				
343				
344				
345				
346				
347				
348				
349				
350	Norfolk State University	Renovate the Wilder Center	3 2	Corrects a safety problem that occurred during design/construction related to the auditorium floor. The sections of the auditorium need to be leveled and re-graded and in order to renovate the entire section of the floor, the seats will need to be removed and the floor demolished and reconstructed to meet handicap accessibility and building code requirements. There will also be an upgrade/replacement of communication, audiovisual, and information technology systems to maintain a functional arts presentation facility.
351				
352				
353				
354				
355				
356				
357				
358				
359				
360				
361				
362	Norfolk State University	Improve Signage, Roads and Campus Boundary, Phase I	4	Provides for a comprehensive campus signage/information system. A new road will also be constructed to connect Presidential Parkway and Jordan Way to improve vehicular circulation and eliminate the need to use city streets.
363				
364				
365				
366				
367				
368	Old Dominion University	Address Campus Safety, Security and Regulatory Compliance	6	Addresses the most important safety, physical security, and regulatory compliance requirements on campus including: installing electronic locks for exterior building entrances for all major academic buildings along with emergency telephones across campus; improving and expanding the campus-wide pedestrian network to reduce vehicular traffic; and conducting a comprehensive asbestos survey and abating any critical areas identified.
369				
370				
371				
372				
373				
374				
375				
376				
377				
378				
379	Old Dominion University	Construct Consolidated Arts Complex (equipment)	2	Provides funding for equipment for a previously approved project.
380				
381				
382	Radford University	Construct New Computational Sciences Building	1	Constructs a new facility to house the College of Science and Technology (CSAT).
383				
384				
385				
386	Radford University	Renovate Whitt Hall	2	Renovates Whitt Hall.
387				
388	Richard Bland College	Renovate Ernst Hall	1	Renovates Ernst Hall, which will provide general classroom space, a music room, faculty office space, an art suite, and lecture hall. Renovations include upgrading electrical, plumbing, chiller, and HVAC systems. Other improvements include installation of fire alarm and suppression systems, egress lighting, card key access, handicap accessibility, energy efficient windows, and roof replacement.
389				
390				
391				
392				
393				
394				
395				
396				
397				

398	Richard Bland College	Construct Police	2	Constructs a new facility to house both the
399		Department/Technology		college's police and technology services
400		Services Building		departments.
401				
402	Roanoke Higher	Waterproof Building	1	Provides improvements to eliminate numerous
403	Education Center			leaks and areas in which water penetrates the
404				building.
405				
406	Southwest Virginia	Construct Service Corridor	1	Provides for a service corridor and storage area
407	Higher Education	and Storage Area		adjacent to the original higher education building
408	Center			and the recently completed wing.
409				
410	The College of William	Renovate Andrews Hall	3 5	Covers basic systems renovations to replace
411	and Mary			building systems, achieve current accessibility
412				standards, and comply with current building codes.
413				Since originally requesting the additional funding
414				for this project, the college has begun a
415				far-reaching study of its arts programs to quantify
416				instructional needs and develop a plan for
417				maximizing the arts experience for its students. The
418				role that Andrews Hall would play in that plan
419				remains to be determined.
420				
421	The College of William	Construct Cooling Plant	3	Installs a thermal storage ice maker, and makes the
422	and Mary	and Replace Utilities,		final connections to complete the Historic Campus
423		Phase IV		heating and cooling campus project. Along with
424				providing the required connections and backup
425				chiller capacity, this project will provide 3,000
426				tons of ice per hour to lower electrical costs during
427				peak demand or power outage.
428				
429	The Science Museum of	Construct Discovery Park	2	Provides for the construction of a Discovery Park
430	Virginia			behind the museum, to include various interactive
431				and educational exhibits explaining solar power,
432				horticulture, and season changes.
433				
434	The Science Museum of	Convert Special Events Tent	2	Provides for the design and conversion of the
435	Virginia	into Permanent Structure		existing outdoor meeting facility into a permanent
436				structure.
437				
438	University of Mary	Construct Jepson Science	4 2	Provides for the construction of a two-story
439	Washington	Center Addition		addition to Jepson Science Center. The Jepson
440				Science Center opened in the fall of 1998 and
441				houses four academic departments: Biological
442				Sciences, Chemistry, Environmental Sciences and
443				Geology, and Physics. Additional space is need
444				needed to meet existing demand.
445				
446	University of Mary	Repair/replace	2 3	Provides for the repair or replacement of
447	Washington	Underground Utilities		underground utilities, including sanitary sewers,
448				water lines, electric distribution, and steam and
449				condensate piping, which are showing progressive
450				patterns of failure due to age and deterioration of
451				system components.
452				
453	University of Mary	Install University Card	3 5	Provides for installation of card access readers to
454	Washington	Access System		approximately 16 E&G and 12 non-E&G buildings
455				on the Fredericksburg Campus to enhance campus
456				security.
457				
458	University of Mary	Improve Storm Water	4	Addresses regulatory requirements to adequately
459	Washington	Management		accommodate storm water flow.
460				

461	University of Virginia	Construct Blandy Arboretum Research Labs and Cabins	6	Provides for the construction of a 3,000 gross square foot modern laboratory building, two additional research visitor residence cottages totaling 2,500 gross square feet, and essential infrastructure and utility work, including replacement and extension of water and sewer lines from new well service recently installed.
462				
463				
464				
465				
466				
467				
468				
469	University of Virginia	Renovate Rugby Administrative Building and Restore Lambeth Colonnade	7	Provides for the rehabilitation and conversion Rugby Faculty Apartment building into administrative space and will restore restores the Lambeth Colonnade. Renovations will include replacement of HVAC, plumbing, and electrical systems, and installation of new security, fire suppression, media systems, elevator, replacement and refurbishment of interior finishes, windows and doors, repair of exterior brick walls and wood trim.
470				
471				
472				
473				
474				
475				
476				
477				
478				
479	Virginia Commonwealth University	Renovate East Wing of the Oliver Hall Building	5	Provides for the renovation of a 162,000 square foot building originally constructed in 1976. This project renovates a portion of the building into laboratory space for undergraduate instruction. Approximately 7,000 square feet of classroom space will be converted into laboratories to support freshman chemistry classes.
480				
481				
482				
483				
484				
485				
486				
487	Virginia Community College System	Construct Higher Education Center, Loudoun Campus, Northern Virginia (equipment)	1	Provides funding for equipment for a previously approved project.
488				
489				
490				
491				
492	Virginia Community College System	Improve Heating, Ventilation, and Air Conditioning, Rappahannock	3 21	Provides for the improvement and upgrade to the heating, ventilation and air conditioning systems at its Glenss Campus. The project scope includes installation of new controls, air distribution, exhaust ventilation, dedicated computer equipment cooling, and replacement of existing boilers, chillers and electrical upgrades.
493				
494				
495				
496				
497				
498				
499				
500	Virginia Community College System	Renovate Plaza, Structural Repairs Phase II, Annandale Campus, Northern Virginia	6 32	Provides for the renovation and repairs to correct structural issues for a 3,153 square foot area of a covered loading dock/walkway on the Annandale campus. The concrete columns and beams that support this are have deteriorated to the point that temporary shoring has been installed to insure the safety of those who must work in and traverse through the area beneath it. A section of the upper plaza area including an entrance door to the CF building has been closed to pedestrians.
501				
502				
503				
504				
505				
506				
507				
508				
509				
510				
511	Virginia Community College System	Renovate Library and Learning Resource Center, Virginia Highlands	8 26	Provides for the renovation of a 39,540 square foot facility constructed in the mid-1980s. The building houses approximately 11 classrooms, 29 faculty and administrative offices.
512				
513				
514				
515				
516	Virginia Community College System	Construct Workforce Development Center, Piedmont Virginia	9 27	Provides for the acquisition of approximately 5.911 acres including the existing Monticello Visitors' Center, renovation of the existing facility of approximately 10,000 gross square feet, and construction of an 11,000 square foot addition.
517				
518				
519				
520				
521				
522	Virginia Community College System	Renovate Buildings: Carroll, Bland, Galax, Grayson, Fincastle, and Smyth Halls, Wytheville	40 28	Renovates Carroll and Bland Halls (constructed 1971), Grayson Hall (constructed 1984), Fincastle Hall (constructed 1968), Galax Hall (constructed 1973) and Smyth Hall (constructed 1997).
523				
524				
525				
526				

527	Virginia Community College System	Renovate Building B, J. Sargeant Reynolds - Parham Road Campus,	44 12	Provides for the renovation and update of 35,000 square feet in Building B at the Parham Road Campus, constructed in the late 1970's. The planned renovations include upgrade of teaching laboratories, classrooms, and support space needed to provide modern state-of-the-art instruction.
528				
529				
530				
531				
532	Virginia Community College System	Replace Exterior Windows and Doors, Rappahannock	42 29	Provides for the replacement of all exterior windows and doors at its Glenss and Warsaw campuses. Replacement will reduce utility costs in both heating and cooling seasons.
533				
534				
535				
536				
537	Virginia Community College System	Renovate Phase I Academic and Administration Building, Eastern Shore	46 14	Provides for the renovation of the existing 42,000 square foot Academic and Administration Building originally completed in 1974. Although selected areas of this building have had some minor alterations over the years, it has not undergone extensive renovations aimed at bringing it up to current codes and standards.
538				
539				
540				
541				
542	Virginia Community College System	Relocate Observatory and Great Dismal Swamp Education Center, Tidewater - Chesapeake Campus	47 41	Provides for the relocation of an observatory from the Portsmouth campus to the Great Dismal Swamp. The relocation and development of the college's observatory in the swamp will allow for collocation with an educational facility at the Great Dismal Swamp Refuge in partnership with the City of Chesapeake and the U.S. Fish and Wildlife Service. The proposed facility will include 5,500 square feet of Tidewater Community College space to provide a biology laboratory, preparatory spaces, two classrooms, a rooftop observatory and a remote observatory located in the Great Dismal Swamp.
543				
544				
545				
546				
547	Virginia Community College System	Construct Student Service & Learning Resources Center, Christanna Campus, Southside Virginia	48 16	Provides for the construction of a 35,000 square foot learning resource center on the college's Daniel campus. The new building would include a library, multi-media learning resource center and a student service center for admissions, counseling, financial aid, and other related support spaces.
548				
549				
550				
551				
552	Virginia Community College System	Renovate Main Building, Lord Fairfax	49 17	Project provides for a comprehensive renovation of the main academic and administration building on the Middleton campus. The main building was built in 1970.
553				
554				
555				
556				
557	Virginia Community College System	Renovate Academic Classrooms and Laboratories, Tidewater	24 42	Provides for the renovation of various classrooms and laboratories throughout the college to meet college-approved minimum technology standards. While all instructional spaces in proposed new or renovated facilities will meet these standards, 158 existing instructional spaces are not included in requests to be completed within the next six years.
558				
559				
560				
561				
562	Virginia Community College System	Construct Addition to Learning Resource Center, Patrick Henry	22 43	Constructs an addition to the Learning Resource Center (built in 1972). The addition would include a multi-media research and development classroom laboratory, model technology training center, center for distance learning with video production capabilities, video conferencing room for faculty, staff, and community use, regional magnet school for technology, and related support spaces.
563				
564				
565				
566				
567	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.
568				
569				
570				
571				
572	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.
573				
574				
575				
576				
577	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.
578				
579				
580				
581				
582	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.
583				
584				
585				
586				
587	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.
588				
589				
590				
591				
592	Virginia Community College System	Renovate and Repair Exterior/Interior Structures, Thomas Nelson	24 44	Provides for renovations to complete exterior and interior structural repairs on various campus buildings.

593	Virginia Community College System	Construct Maintenance Building, Germanna	26	45	Constructs a 3,000 gross square foot maintenance building on the Fredericksburg campus. The proposed building will contain high bay service areas with operable service doors to house large building and ground maintenance equipment, supplies, and associated offices.
594					
595					
596					
597					
598	Virginia Community College System	Construct Network Operations Center, Tidewater	27	33	Constructs, or acquires through a capital lease, a new 9,000 square foot facility to house the college's network operations center. The center will provide a modern enterprise data center for management of the college's wide area network (WAN) and services that support administration and instruction at the college's four campuses, remote centers, and other off-campus sites.
599					
600					
601					
602					
603	Virginia Community College System	Construct Canopies, Virginia Highlands	29	37	Provides for the expansion to the existing campus canopy system. Canopies connect the three original buildings built on campus in 1969. The project would expand the canopy system to extend to the three additional buildings that have been built since 1969.
604					
605					
606					
607					
608	Virginia Community College System	Construct New Classroom and Administration Building, Blue Ridge	33	8	Constructs a new 20,000 square feet Classroom and Administration Building on the Weyers Cave College campus.
609					
610					
611					
612					
613	Virginia Community College System	Construct Engineering and Industrial Technology Building, Danville	34	18	Renovates academic space for the engineering and industrial technology program.
614					
615					
616					
617					
618	Virginia Cooperative Extension and Agriculture Experiment Station	Construct Animal Production Facility	3		Constructs a new swine facility which includes a house for 130 sows, a farrowing house, and finishing and nursery house for 300 pigs. Support facilities will include an office building with restrooms.
619					
620					
621					
622					
623	Virginia Institute of Marine Sciences	Replace Research Vessel	1		Provides funding for equipment needed to maintain operations.
624					
625					
626					
627					
628	Virginia Institute of Marine Sciences	Construct a Consolidated Scientific Research Facility	4	2	Provides for the construction a new 25,000 square foot building to provide research, office and technology space for the Marine Advisory Services, the Center for Coastal Resource Management, the physical sciences modeling group, and the publication/communication and computer centers in a single facility.
629					
630					
631					
632					
633	Virginia Institute of Marine Sciences	Expand the Fisheries Science Building	2	3	Provides for the construction of a new 13,900 square foot laboratory and office building adjacent to the Fisheries Science Building. The current facility is at its maximum size allowed by the building code for its construction type.
634					
635					
636					
637					
638	Virginia Institute of Marine Sciences	Replace the Oyster Hatchery	3	4	Constructs a new oyster hatchery with laboratory space for algae culture, larvae culture, and saltwater treatment and polishing; a 10,000 gallon standing water tower reservoir for storage of clean saltwater for fish and shellfish when environmental conditions will not allow pumping water from the York River; storage space for research equipment; a conference/education meeting space; emergency generator; and expansion and improvement of the flow-through nursery located outside the building.
639

656					
657					

658	Virginia Institute of Marine Sciences	Construct Facilities Management Maintenance Facility	5	Constructs facility to house administrative offices, maintenance trade shops, automotive and equipment repair garage, grounds keeping, housekeeping, storage, and shipping and receiving.
659				
660				
661				
662				
663	Virginia Military Institute	Improve Post Infrastructure, Phase I	2 5	Provides for the upgrades or repairs of aging or failing campus infrastructure, including replacing water distribution piping, boiler replacement, lighting upgrade, and sewer line replacement.
664				
665				
666				
667				
668	Virginia Military Institute	Improve Public Safety and Security on Post, Phase I	3 8	Provides for the construction of a Post police station facility, inclusion of a centralized command and communications center in the Post police facility, installation of a centralized fire and security monitoring system, installation of a centralized building access monitoring system through door controls and video surveillance of critical areas, installation of an emergency communication alert system for the Post, and construction modifications to Post buildings and infrastructure.
669				
670				
671				
672				
673				
674				
675				
676				
677				
678				
679				
680	Virginia Military Institute	Renovate Post Hospital	4 2	Provides for the renovation of the Post hospital, a historic two-story masonry structure built in 1870. All of the building systems are antiquated and in need of major upgrade. This project will make the building accessible to the disabled, replace windows and doors, upgrade finishes, repair the roof, correct exterior water intrusion issues, replace the HVAC and electrical systems and reconfigure the building space to better address the programmatic needs for this facility.
681				
682				
683				
684				
685				
686				
687				
688				
689				
690				
691	Virginia Military Institute	Improve Admissions and Financial Aid Offices	5	Provides for renovations to the existing admissions office, and conversion and renovation of the adjacent building #29 to the financial aid office.
692				
693				
694				
695	Virginia Military Institute	Improve Historic Preservation Sites, Phase I	7	Provides for modest improvements to preserve the historic elements of three structures. These facilities, the Commandants Quarters, the Turman House, and the Cabell House, are contributing historical buildings to the VMI Historic District which was listed as both a National Register property and a National Historic Landmark in 1974.
696				
697				
698				
699				
700				
701				
702				
703				
704	Virginia Museum of Fine Arts	Renovate Robinson House	1	Provides for the demolition of the interior of the building, removal of asbestos, repair and reinforcement of structure, and replacement of major systems, including fire suppression systems. An addition will be constructed to provide an elevator and accessible emergency stairs and restrooms. The Robinson House is a, an 1850's farmhouse, is a historically significant building to the Boulevard Historic District.
705				
706				
707				
708				
709				
710				
711				
712				
713				
714	Virginia Polytechnic Institute and State University	Renovate Liberal Arts Building	4 7	Provides for the renovation of a building that was constructed in 1899 as a YMCA building. The building currently houses Theater Arts programs and the School of the Arts instructional program. The renovation of the building will allow a complete exterior refurbishment and interior renovation to provide new academic spaces.
715				
716				
717				
718				
719				
720				
721				

722	Virginia Polytechnic Institute and State University	Construct Newman Library Addition - ARC	8 13	Provides for the construction of a 5,000 gross square foot addition to the east side of Newman Library between the existing loading dock and Squires Student Center. The addition will contain high-density, self-supporting, heavy-duty storage shelving and an automated, robotic retrieval system capable of handling up to one million volumes. The new space will increase the ability to efficiently store and quickly retrieve materials without delay and without additional staff or floor space.
723				
724				
725				
726				
727				
728				
729				
730				
731				
732	Virginia Polytechnic Institute and State University	Construct Academic and Student Programs Building	10	Provides additional instructional space, dining services, and student services on the north side of campus. The proposed project is envisioned as a 91,200 gross square foot, five story building. The building plan includes two floors of instructional space, two floors of dining service space, and one floor of student union space. The two lower floors will be dining services, the third floor will be student union space, and the top two floors will be instructional space.
733				
734				
735				
736				
737				
738				
739				
740				
741				
742	Virginia Polytechnic Institute and State University	Address Fire Alarm Systems and Access	11 1	Provides for needed campus improvements in several educational and general facilities resulting in improvements to accessibility, installation of fire alarm systems, and updates to the needs assessment and planning which are beyond the scope of the Maintenance Reserve program. This project envisions significant accessibility and safety improvements in various campus buildings and exterior campus facilities.
743				
744				
745				
746				
747				
748				
749				
750				
751				
752	Virginia School for the Deaf and Blind	Renovate Main Hall	1	Renovates Main Hall.
753				
754	Virginia School for the Deaf and Blind	Repair Chapel	2	Repairs the chapel on the school campus.
755				
756	Virginia School for the Deaf and Blind	Renovate Bradford Hall	3	Renovates Bradford Hall.
757				
758	Virginia State University	Renovate Lockett Hall	2	Includes upgrading electrical, plumbing and heating systems, installing central air conditioning and an elevator, upgrading the restrooms to provide handicap access, upgrading the exterior of the building, remediating and abating lead and asbestos, upgrading the interior finishes and communication system, and building a research greenhouse to handle modern research in botany, medicinal plants, and biotechnology.
759				
760	Virginia State University	Renovate Hunter McDaniel Hall (equipment)	1	Provides funding for equipment for a previously approved project.
761				
762	Virginia Workers' Compensation Commission	Acquire New Administrative Headquarters	1	Acquires a new administrative headquarters building for the Commission, which will enable the agency to consolidate its operations.
763				
764	Woodrow Wilson Rehabilitation Center	Renovate Anderson Vocational Building, Phase I	1	Renovates the Anderson Vocational Training building, which has not been significantly renovated since originally constructed in 1968.
765				
766	Woodrow Wilson Rehabilitation Center	Renovate Dining Hall and Activities Building, Phase II	2	Renovates the dining hall and activities building, originally constructed in 1965.

789	Agency or Institution	Project Title	Priority	Description

\$10,000,001 to \$25,000,000

790				
791	Christopher Newport	Construct Integrated Science	2	Constructs a 110,000 square foot academic
792	University	Center, Phase II		building (already funded) and renovate 38,000
793				square feet of an existing academic building. This
794				is the renovation phase of a combined project. The
795				new Integrated Science Center will provide
796				state-of-the-art laboratories, classrooms, faculty
797				offices and research facilities for Biology,
798				Chemistry, Environmental Science, and
799				Psychology. The building will be fully integrated
800				with an enclosed connector between the existing
801				and new structures. The Integrated Science Center
802				will house more than 50 faculty, 25 laboratories
803				and 11 classrooms designed for teaching and
804				research.
805				
806	Department of	Construct Phase I Development	1	Constructs Phase I of the development and
807	Conservation &	and Campground, Widewater		campground of Widewater State Park.
808	Recreation	State Park		
809				
810	Department of	Complete Cabin Complexes,	2	Completes construction of cabins in various state
811	Conservation &	Multiple State Parks		parks.
812	Recreation			
813				
814	Department of	Construct Visitor	2 9	Funds five visitor center/environmental education
815	Conservation &	Center/Environmental		facilities for major parks in the system. Each
816	Recreation	Education Center, Five State		building will be 4,500 to 5,000 square feet and
817		Parks		built to LEED standards.
818				
819	Department of	Develop Infrastructure, New	4 10	Funds renovation of a number of historic facilities
820	Conservation &	River Trail State Park		for park use, such as conversion of the old
821	Recreation			Austinville mining office into a visitor center,
822				including construction of a campground and
823				equestrian campground.
824				
825	Department of	Construct Western Training	5	Constructs a training facility in the western part of
826	Corrections	Facilities		the state.
827				
828	Department of	Construct Augusta Wastewater	1	Constructs a new wastewater treatment plant to
829	Corrections	Treatment Center		serve the Augusta Correctional Center and the
830				town of Craigsville.
831				
832	Department of General	Construct Broad Street Parking	3	Constructs an eight-level, 650-car parking deck
833	Services	Deck		with retail shell space on the ground level.
834				
835	Department of Juvenile	Replace Building at Oak Ridge	3	Constructs a new replacement building for the Oak
836	Justice	Juvenile Correctional Center		Ridge Juvenile Correctional Center.
837				
838	Department of Mental	Repair/Replace Campus	2 3	Funds the repair/replacement of faulty utilities at
839	Health, Mental	Infrastructures		state facility. Also includes the repair or
840	Retardation, and			replacement of damaged sidewalks, curbs, and
841	Substance Abuse			parking lots to ensure safe access for staff and
842	Behavioral Health and			residents
843	Developmental Services			
844				
845	George Mason	Construct Physical Plant	4	Constructs a 30,000 gross square foot physical
846	University	addition		plant facility, and renovates the existing 12,000
847				square feet to correct code and safety issues and
848				realign the existing building to the needs of the
849				physical plant. Constructed in 1974, the current
850				physical plant building was designed to support a
851				significantly smaller and less active campus than
852				the current University. The current Physical Plant
853				Building does not meet building, environmental, or
854				energy codes, Occupational Safety and Health
855				Administration (OSHA) codes, and Americans
856				with Disabilities Act (ADA) regulations.
857				

858	George Mason University	Construct Satellite Cooling and Heating Plant	5 3	Constructs an addition to the university-wide central heating and cooling system. The project will add capacity to the central distribution system through the addition of boilers and chillers in the west sector of the Fairfax campus. Placement of new capacity in the west sector near demand sources will reduce distribution losses, while retaining the ability to service the entire campus.
859				
860				
861				
862				
863				
864				
865				
866				
867	Institute for Advanced Learning Research	Construct Southern Virginia Bio-Renewable Center	1	Provides for the construction of a facility to complement the mission of the institute focusing on bio renewables through established relationships with Southern Virginia farmers, researchers and industries.
868				
869				
870				
871				
872				
873	James Madison University	Renovate Johnston Hall	3 5	Provides for the renovation of Johnston Hall, constructed in 1929 as a student residence hall, and converted to faculty offices in the early 1970s.
874				
875				
876				
877	James Madison University	Renovate Moody Hall	4	Provides for the renovation of Moody Hall, opened in 1961 as a general-purpose classroom and faculty office facility.
878				
879				
880				
881	Jamestown-Yorktown Foundation	Replace Construct Yorktown Museum	1	Provides for the construction of a new museum to address the following: (1) accommodate expected visitation (2) replace exhibitory that has exceed its useful life (3) provide a properly sequenced visitor experience and eliminate visitor wayfinding issues, and (4) provide an adequately sized changing gallery to provide a more effective impetus for repeat visitation.
882				
883				
884				
885				
886				
887				
888				
889				
890	Longwood University	Construct University Technology Center	1	Constructs a center to house the university's academic courses on advanced technology.
891				
892				
893	Longwood University	Renovate French Hall for Relocated Technology Center	4 4	Provides for the renovation of space for Information and Instructional Technology Services (IITS), a department that has doubled in size in nine years as the University has expanded its enrollment and use of technology.
894				
895				
896				
897				
898				
899	Longwood University	Construct Physical Plant Building	2 6	Provides for the construction of a 58,452 square foot physical plant building to house trades shops, equipment storage, staff members, project document storage, and controlled spaces for maintenance parts inventory and daily operations. The current grounds department has only one office; the remaining staff members share a garage with equipment and stored supplies. Much of the expensive equipment used by the department must be stored outside, open to the elements, and subject to theft.

904				
905				
906				
907				
908				
909				
910				
911	Longwood University	Renovate and Expand Wygal Hall	4 5	Provides for the renovation of 12,000 square feet and construction of an addition totaling 24,000 square feet. It will house classrooms, practice rooms, recital hall, faculty offices, and other rooms associated with an academic music department.
912				
913				
914				
915				
916				
917	Longwood University	Construct Student Success Center	3	Constructs a building that will house student counseling and other services designed to improve the chances of a student succeeding to earn a degree.
918				
919				
920				
921				

922	Old Dominion University	Construct a Systems Research and Academic Building	± 2	Supports the construction of a new 50,000 square feet systems research and academic building on the Norfolk campus. This four-story facility will include modern instructional and research space as well as faculty and administrative offices and support space. The design will encourage unprecedented levels of research collaboration and cooperation across disciplines that are often housed in separate departments within separate disciplines and colleges.
923				
924				
925				
926				
927				
928				
929				
930				
931				
932				
933	Old Dominion University	Renovate and Construct Child Development Centers	2	Combines 4,000 square feet of renovations to the university's existing child development center with a new two-story, 20,176 square feet addition on the Norfolk campus with the construction of a new 30,000 child development and early childhood education program facility at the university's higher education center located in Virginia Beach.
934				
935				
936				
937				
938				
939				
940				
941	Old Dominion University	Renovate the Education Building	3	Renovates 45,000 square feet of the College of Education on the Norfolk campus. This is the central location for all of the College's administrative offices and support spaces, labs, and classroom facilities. In addition to the require system upgrades for utility and maintenance efficiencies, the facility will also require structural renovations to establish new classroom layouts.
942				
943				
944				
945				
946				
947				
948				
949				
950	Old Dominion University	Renovate Spong and Rollins Halls	4 5	Creates a consolidated service destination for all of the university's daily administrative, business, and student financial service functions within the renovated Spong and Rollins Halls. Spong Hall (39,374 square feet) and Rollins Hall (49,564 square feet) are two of the original buildings on the Norfolk campus. Once completed, these combined facilities will house the Office of Finance, Office of Financial Aid, Human Resources, University Auditor, Office of the Registrar, Office of Environmental Health and Safety, Equal Employment Opportunity Office, and the support functions of the Office of Admissions.
951

955				
956				
957				
958				
959				
960				
961				
962				
963				
964	Old Dominion University	Construct a New Facilities Support Building	5 6	Acquires approximately four acres of property and constructs a new facilities support building to accommodate the Division of Facilities to include departmental offices, shops, storage facilities, and general warehousing.
965				
966				
967				
968				
969				
970	Old Dominion University	Construct Joint Policing Facility	4	Constructs a joint policing facility on Hampton Boulevard for the Old Dominion University Department of Public Safety and the 3rd Patrol Division Substation for the Norfolk Police Department.
971				
972				
973				
974				
975				
976	Radford University	Construct Graduate/Professional Degree Building	2	Provides for 70,000 square feet for the graduate education program. This is a major focus at Radford University, and graduate students make up 11.5 percent of the RU student body.
977				
978				
979				
980				
981	Radford University	Renovate Curie Hall	4	Renovates Curie Hall.
982				
983	Southwest Virginia Higher Education Center	Construct New Wing	± 3	Constructs 35,000 square feet of new space and renovates 13,787 square feet of existing space to provide for additional classrooms, faculty offices, research labs, and conference space.
984				
985				
986				
987				

988	The College of William and Mary	Renovate Tucker Hall	2	Repairs/replaces deteriorated building systems and installed equipment and provides upgrades to classrooms to meet the demands of the modern teaching environment to include standard, presentation, and multimedia classrooms. Other work includes connecting to telecommunications systems, installing a fire sprinkler system, addressing handicap accessibility issues, and conducting a complete exterior restoration.
989				
990				
991				
992				
993				
994				
995				
996				
997				
998	The College of William and Mary	Renovate Tyler Hall	4	Reconfigures the outmoded, tiered lecture halls with fixed seating into smaller classrooms, and increases the availability of seminar rooms that are in short supply on the campus.
999				
1000	The Science Museum of Virginia	Update Museum Exhibits	1	Provides funding for the repair and update of museum exhibits.
1001				
1002	University of Mary Washington	Renovate Mercer and Woodward Halls	1	Provides for the renovation of Mercer Hall and the Woodard Student Campus Center to accommodate classroom space as the result of Chandler Hall being demolished for the citing of a new dining and student center.
1003				
1004				
1005				
1006				
1007				
1008				
1009	University of Virginia	Upgrade Ruffner Hall	3	Provides for the repair and/or replaces of major infrastructure systems in Ruffner Hall, originally constructed in 1973. The project includes a structural evaluation and replaces building systems including HVAC, flooring, electrical, fire alarm system, sprinklers, masonry, roofing, skylights, doors, windows, hardware, interiors, signage, furnishings, site work, and plumbing. It also removes asbestos and lead based paint.
1010				
1011				
1012				
1013				
1014				
1015				
1016	University of Virginia	Construct Ivy Stacks, Phase II	4	Provides for construction of a 30,000 gross square foot facility to accommodate growth in library collections and provide space for technical and curatorial functions of the library. The project includes high density shelving, media storage, a preservation lab, and a new collections processing and handling facility.
1017				
1018				
1019				
1020				
1021				
1022				
1023	University of Virginia	Replace North Chiller Plant Chillers	5	Provides for the replacement of four aging 1,200-ton chillers that are nearing the end of their useful life with new chillers to reliably serve the needs of the health sciences precinct. This plant serves the most critical facilities at the university including the university hospital, patient clinics, animal care facilities, and critical research facilities as well as offices, classrooms, dining, and administrative areas.

1066				
1067				
1068	Virginia Commonwealth University	Renovate Student Services Building, MCV Campus	3 4	Renovate the VMI Building, originally constructed in 1925, located on the university's MCV Campus. This renovation is required to co-locate student service activities in an area which is central to campus and within easy pedestrian access to instructional and clinical facilities. The renovation will allow the university to vacate service offices from existing instructional facilities so that academic activities may be more efficiently co-located. The renovation also includes upgrades to building systems.

1079				
1080	Virginia Community College System	Renovate Academic Classrooms and Administrative Building, Rappahannock	4 39	Provides for the renovation of academic classrooms and administrative support buildings at Rappahannock Community College.
1081				
1082				
1083				
1084	Virginia Community College System	Construct Student Services - Learning Resources Building, Southside Virginia	4	Provides for the construction of a 35,000 square foot Learning Resource Center on the college's Daniel Campus. The new building would include a library, multi-media learning resource center and a student service center for admissions, counseling, financial aid, and other related support spaces.
1085				
1086				
1087				
1088				
1089				
1090				
1091	Virginia Community College System	Renovate Stone Hall Building, Patrick Henry	7 38	Provides for the renovation of Stone Hall constructed in 1974. The scope of the renovations include classrooms, faculty offices and a large multipurpose room. The renovations are needed to meet current code requirements for restrooms, accessibility, fire and life safety, ventilation and energy efficiency.
1092				
1093				
1094				
1095				
1096				
1097				
1098				
1099	Virginia Community College System	Renovate Bird and Nicholas Halls, John Tyler - Chester Campus	43 30	Provides for a comprehensive renovation and upgrade of Bird Hall, Goyne Hall, and the Nicholas Center on the college's Chester campus. Completing the renovations will improve academic programmatic function and classroom innovation.
1100				
1101				
1102				
1103				
1104				
1105	Virginia Community College System	Construct Learning Resources Center, Tidewater - Chesapeake Campus	45 31	Constructs a 50,000 square foot building to accommodate a new Learning Resources Center on the Chesapeake campus. Dramatic enrollment growth on the campus since construction of the existing Learning Resources Center within the Pass Building has rendered that space insufficient to support the resource needs of the campus. In addition, the space layout is inefficient for contemporary Learning Resources Center functions.

1184				
1185				
1186				

1187	Virginia Military Institute	Renovate Moody Hall	6	Provides for the renovation of Moody Hall, which was constructed in 1969 and primarily supports alumni, faculty and staff and cadet functions and activities. The facility also houses some office space for the admissions office. It is frequently used for educational and administrative meetings and conferences. The building is aging and emergency repairs are increasingly costly.
1188				
1189				
1190				
1191				
1192	Virginia Military Institute	Construct Corps Physical Training Facilities—Phase II	4	Provides for the construction of the second phase of a new indoor training facility to serve as an indoor center for VMI physical training.
1193				
1194				
1195				
1196				
1197	Virginia Polytechnic Institute and State University	Construct Chiller Plant, Phase I	3 4	Provides the construction of a central chiller plant building on the southwest area of campus with capacity to hold 12,000-tons of chilling service, install 2,000 tons of chiller output, and install distribution piping. This project received \$480,000 detail planning in Chapter 1.
1198				
1199				
1200				
1201				
1202	Virginia Polytechnic Institute and State University	Renovate Cyber Arts and Creative Technologies Laboratory	5 12	Provides for the creation of a Cyber Arts Studio and Creative Technologies Laboratory, which will be the first instructional space at Virginia Tech able to fully support emergent pedagogy in creative technologies to enrich programs and student learning in ways that have not historically been possible. By renovating Shultz Hall to the Cyber Arts Studio and Creative Technologies Laboratory, the university will provide the place and infrastructure to fully immerse the university and the extended outreach community into a 21st century exploration of a place and space where art, humanities, science, engineering & technology intersect.
1203				
1204				
1205				
1206				
1207	Virginia Polytechnic Institute and State University	Construct Classroom Building	6	Provides for the construction of a 64,250 gross square foot building with 36 large-size classrooms on the north side campus in the core of instruction activity. The university has developed a three phase plan to improve the classroom inventory.
1208				
1209				
1210				
1211				
1212	Virginia Polytechnic Institute and State University	Construct Veterinary Medicine Instruction Addition	7 13	Provides for the construction an addition of about 32,300 gross square feet of instructional space to provide adequate classrooms, to relieve overcrowding of the existing facility, and to accommodate planned hires. The project includes three new classrooms and teaching laboratories, 50 faculty spaces, and renovations of some existing space to minimize the amount of new construction. These issues must be addressed to meet the requirements of the American Veterinary Medical Associations' Council on Education, which is the accrediting body for the College of Veterinary Medicine.
1213				
1214				
1215				
1216				
1217	Virginia Polytechnic Institute and State University	Renovate Lane Hall and Construct Addition	9 11	Provides for the renovation of the building, including exterior envelope repairs, HVAC and ventilation systems replacement, plumbing system replacement and upgrades, electrical system replacement, hazardous material abatement, and provision of accessible circulation and exiting meeting life safety requirements. The project will also construct a 18,400 gross square foot addition that will house several new general assignment classroom spaces and instructional spaces supporting the Corps of Cadets and the three Reserve Officer Training programs (ROTC).
1218				
1219				
1220				
1221				
1222	Virginia Polytechnic Institute and State University	Construct Classroom Building	6	Provides for the construction of a 64,250 gross square foot building with 36 large-size classrooms on the north side campus in the core of instruction activity. The university has developed a three phase plan to improve the classroom inventory.
1223				
1224				
1225				
1226				
1227	Virginia Polytechnic Institute and State University	Construct Veterinary Medicine Instruction Addition	7 13	Provides for the construction an addition of about 32,300 gross square feet of instructional space to provide adequate classrooms, to relieve overcrowding of the existing facility, and to accommodate planned hires. The project includes three new classrooms and teaching laboratories, 50 faculty spaces, and renovations of some existing space to minimize the amount of new construction. These issues must be addressed to meet the requirements of the American Veterinary Medical Associations' Council on Education, which is the accrediting body for the College of Veterinary Medicine.

1389				
1390				
1391				
1392	Norfolk State University	Renovate and Modify Brown Hall	5	Supports the renovation of the A-wing and demolition of the B and C wings with replacement by a new structure to house the mathematics and communications departments.
1393				
1394				
1395				
1396				
1397	Old Dominion University	Construct New School of Education	3	Constructs a new education school. The new school will house the Darden College of Education as well as approximately 8,591 square feet of inventory classrooms.
1398				
1399				
1400				
1401				
1402	Radford University	Construct College of Science and Technology Building	4 4	Provides for a new building to house mathematics, statistics, computer science and technology, and information science systems. Currently, the distance between the disciplines limits day-to-day interdisciplinary collaboration for both faculty and students. Bringing these disciplines together into a new building will promote a strong synergy among the computational sciences and open additional space on campus for the expansion of the natural sciences.

1426				
1427	University of Virginia	Construct Arts Gateway to the University	2	Creates a unique arts complex that co-locates visual and performing arts facilities with an arts residential college for upper-class students. This project will include an art museum, a studio theater (for theatrical performances, dance recitals, lectures, and film screenings), a band facility, and a forum building (for events such as public lectures, presentations, performances and dinner). The project also includes a 250-bed student residential college with a 260-seat dining facility (to also serve the adjacent International Residential College and support light meals and dinners hosted in the forum).

1570	Virginia Polytechnic Institute and State University	Renovate/Renew Academic Buildings	8	Renovates three existing academic buildings (Davidson Hall, Sandy Hall and Liberal Art Building) located in the core of main campus along a central area known as the drill field. These three buildings were constructed between 1899 and 1928, have had no major renovations or improvements since coming into service, and no longer house permanent occupants because of their deteriorated conditions. This renovation provides an opportunity to reduce campus deferred maintenance and solve several critical space needs without building additional campus space.

1582				
1583	Virginia Polytechnic Institute and State University	Construct Classroom Building	5	Constructs a new building with 28 classrooms, as well as auditoria, teaching labs, and lecture rooms. The building will allow for flexible instruction arrangements and use of the classroom spaces.
1584				
1585				
1586				
1587				

1588	Virginia State University	Renovate and Expand Daniel Gym	3 4	Provides reconfigured optimal space for the Departments of Health and Physical Education, as well as the Recreation and Dance Bachelor of Science programs. Renovation efforts would include: upgrading the HVAC, restructuring interior walls to accommodate course offerings, upgrading and repairing interior finishes, upgrading plumbing and electrical systems, and modernizing the locker rooms. Major renovations are also needed to the natatorium to provide for the comfort and safety of both participants and spectators. A proposed 26,451 square foot expansion would provide new electronic classrooms, seminar rooms, courts, studios, offices and a training and wellness center. A storm water master plan and new or expanded storm water management facility are also important components of this project.
------	---------------------------	--------------------------------	-----	--

\$50,000,001 to \$75,000,000

1606	Agency or Institution	Project Title	Priority	Description
1608	Department of Mental Health, Mental Retardation, and Substance Abuse	Repair/Replace Boilers, Heat Distribution and HVAC Systems	3 4	Continues the phased renovations of the boilers, heat distribution and HVAC systems and addresses the most critical needs for the various facilities. This request will address the detailed needs of state facilities in three parts. Part A deals with renovation of heat distribution systems, Part B addresses boilers and boiler plant auxiliary equipment and Part C will upgrade deficient building heating, ventilation and air conditions systems. The project includes funding for all phases.
1610	Department of General Services	Renovate Ninth Street Office Building	5	Renovates the 175,000 square foot 9th Street Office Building (old Hotel Richmond) to house various state agencies currently in leased space and to stop the rapid deterioration. The facility was added to the National Register of Historic Places in September 2009. It is a National Historic Landmark.
1612	George Mason University	Construct Campus Library addition, Phase I	3 5	Constructs a 150,000 gross square foot addition to the existing Fenwick Library to reposition it as the main research library and as the central hub, connecting the Johnson Center, Arlington and Prince William campus libraries. The addition will help meet the needs and demands of a growing, increasingly residential, undergraduate student population, with a strong focus on graduate education and research.
1614	George Mason University	Construct Academic VII/Research III, Phase I	6	Constructs a new 150,000 gross square foot academic building to serve the College of Health and Human Services. Projected enrollment growth must be supported by the addition of space for academic, instructional, research, and clinical support located within a new facility. The building will also provide new classroom space to replace rooms removed by ongoing renovations and upgrades.
1616	George Mason University	Renovate Robinson Hall and Harris Theater	7	Renovates Robinson Hall and Harris Theater.

1653	James Madison University	Construct Health and Engineering Academic Facility	3	Provides for the design and construction of a new Health and Engineering Facility on the current site of the East Tower of the previous Rockingham Memorial Hospital.
1654				
1655	University of Virginia	Renovate the Rotunda	1	Renovates the Rotunda to address the integrity of the building envelope and the building's ability to serve its current program, as well as some associated cosmetic issues, and will complete repairs to the building envelope to ensure its long-term preservation. Rehabilitation is needed within the Rotunda and its four wings, and the contiguous landscape features of the North Plaza and two courtyard gardens. Renovations will implement the Historic Structure Report repair recommendations. Repairs will address existing and ongoing damage such earthquake plaster damage, water leakage and structural deterioration beneath the north stairs, elevator problems, and HVAC, plumbing, electrical and fire safety issues. The marble Corinthian capitals on each portico are failing and need to be replaced. The elevator is unreliable, and is needed for both barrier-free access and catering support for events in the Dome Room. In addition, the aging building systems will be improved to enhance the building's operation with the repairs and replacement of electrical, data, plumbing, fire detection and suppression and HVAC equipment.

1676	University of Virginia	Renovate New Cabell Hall	4 2	Provides for renovations to support core functions of the College of Arts and Sciences' mission. The building, originally constructed in 1950, is in need of general renewal to support its present program activity. The project renovates 50 centrally managed classrooms, 390 faculty offices and includes updates to all major building systems to provide modern functionality and address code and accessibility compliance.
