HOUSE BILL NO. 567

House Amendments in [] — February 13, 2012

A *BILL to amend and reenact §§ 15.2-2119 and 15.2-5139 of the Code of Virginia, relating to fees for water and sewer systems.*

Patron Prior to Engrossment—Delegate Marshall, D.W.

Referred to Committee on Counties, Cities and Towns

Be it enacted by the General Assembly of Virginia:**1. That §§ 15.2-2119 and 15.2-5139 of the Code of Virginia are amended and reenacted as follows:**

§ 15.2-2119. Fees and charges for water and sewer services.

A. For water and sewer services provided by localities, fees and charges may be charged to and collected from: (i) any person contracting for the same; (ii) the owner *who is the occupant of the property or where a single meter serves multiple units*; (iii) a lessee or tenant, ~~or some or all of them who use or occupy any real estate~~ *provided that the lessee or tenant has written authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant with such fees and charges applicable for water and sewer services* (a) which directly or indirectly is or has been connected with the sewage disposal system and (b) from or on which sewage or industrial wastes originate or have originated and have directly or indirectly entered or will enter the sewage disposal system; or ~~(iii)~~ (iv) any user of a municipality's water or sewer system with respect to combined sanitary and storm water sewer systems where the user is a resident of the municipality and the purpose of any such fee or charge is related to the control of combined sewer overflow discharges from such systems. Such fees and charges shall be practicable and equitable and payable as directed by the respective locality operating or providing for the operation of the water or sewer system. *For purposes of this section, a written or electronic authorization from the owner of the property to obtain water and sewer services in the name of such lessee or tenant substantially in the form as follows shall be sufficient compliance with this section:*

DATE

[INSERT NAME OF WATER AND SEWER SERVICES PROVIDER AND ADDRESS]

RE: [INSERT FULL TENANT NAME AND ADDRESS]

To Whom It May Concern:

[INSERT TENANT NAME] has entered into a lease for the property located at [INSERT ADDRESS] and is authorized to obtain services at this address as a tenant of [INSERT PROPERTY OWNER NAME].

Signed: _____

PROPERTY OWNER

B. Such fees and charges, being in the nature of use or service charges, shall, as nearly as the governing body deems practicable and equitable, be uniform for the same type, class and amount of use or service of the sewage disposal system, and may be based or computed either on the consumption of water on or in connection with the real estate, making due allowances for commercial use of water, or on the number and kind of water outlets on or in connection with the real estate or on the number and kind of plumbing or sewage fixtures or facilities on or in connection with the real estate or on the number or average number of persons residing or working on or otherwise connected or identified with the real estate or any other factors determining the type, class and amount of use or service of the sewage disposal system, or any combination of such factors, or on such other basis as the governing body may determine. Such fees and charges shall be due and payable at such time as the governing body may determine, and the governing body may require the same to be paid in advance for periods of not more than six months. The revenue derived from any or all of such fees and charges is hereby declared to be revenue of such sewage disposal system.

C. Water and sewer connection fees established by any locality shall be fair and reasonable. Such fees shall be reviewed by the locality periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which

ENGROSSED

HB567E

59 are in conflict with any of the foregoing provisions.

60 D. If the fees and charges charged for the use and services of the sewage disposal system by or in
61 connection with any real estate are not paid when due, a penalty and interest shall at that time be owed
62 as provided for by general law, and the owner, lessee or tenant, as the case may be, of such real estate
63 shall, until such fees and charges are paid with such penalty and interest to the date of payment, cease
64 to dispose of sewage or industrial waste originating from or on such real estate by discharge thereof
65 directly or indirectly into the sewage disposal system. If such owner, lessee or tenant does not cease
66 such disposal within two months thereafter, the locality or person supplying water for the use of such
67 real estate shall cease supplying water thereto unless the health officers certify that shutting off the water
68 will endanger the health of the occupants of the premises or the health of others.

69 E. Such fees and charges, and any penalty and interest thereon, shall constitute a lien against the
70 property, ranking on a parity with liens for unpaid taxes. However, prior to recording a lien against the
71 property owner, the locality or service authority shall obtain a judgment in a court of competent
72 jurisdiction against the former tenant who contracted for such services for the amount of any
73 delinquencies. After obtaining judgment against the former tenant as contracting party and using
74 reasonable efforts to collect on the judgment, if the locality or service authority is unable to collect the
75 balance due on the money judgment, the locality or service authority shall provide the property owner
76 with 30 days' written notification to allow the property owner a reasonable opportunity to pay the
77 amount of the lien and avoid the recordation of a lien against the property.

78 A lien may be placed on the property in the amount of up to three months of delinquent water and
79 sewer charges, any applicable penalties and interest of such delinquent charges, and reasonable
80 attorney fees and other costs of collection not exceeding 20 percent of such delinquent charges. In no
81 case shall a lien for less than \$25 be placed against the property.

82 F. A lien may be placed on the property for water and sewer services used by a lessee or tenant
83 only if the locality has (i) advised the owner of the property in writing that a lien may be placed on the
84 property if the lessee or tenant fails to pay any delinquent water and sewer charges; (ii) mailed by
85 first-class mail to the owner of the property, or sent electronically if requested by the owner, at the
86 address listed in the written authorization from the owner of the property, a duplicate copy of the final
87 bill sent to the lessee or tenant at the time of sending the final bill to such lessee or tenant; (iii)
88 collected a security deposit from the lessee or tenant as reasonably determined by the locality to be
89 sufficient to collateralize the locality for not less than three and no more than five months of water and
90 sewer charges; (iv) has applied the security deposit held by the locality to the payment of the
91 outstanding balance; (v) has employed reasonable collection efforts and practices to collect amounts due
92 from a lessee or a tenant including filing for the Set-Off Debt Collection Program if the locality is a
93 participant; and (vi) has provided the property owner with 30 days' written notice with a copy of the
94 final bill to allow the property owner a reasonable opportunity to pay the amount of any outstanding
95 balance and avoid the recordation of a lien against the property. If the property owner fails to pay the
96 amount of the outstanding judgment balance within the 30-day period, the locality or the service
97 authority may record a lien in the amount of the outstanding judgment balance against the property
98 owner. Upon payment of the outstanding judgment balance, or any portion thereof, or of any amounts
99 of such fees and charges owed by the former tenant but for which judgment has not been obtained, the
100 property owner shall be entitled to receive any refunds and shall be subrogated against the former tenant
101 in place of the locality or the service authority in the amount paid by the property owner. The locality
102 or service authority shall execute all documents necessary to perfect such subrogation in favor of the
103 property owner. Such amounts, plus reasonable attorney's or collection agency's fees which shall not
104 exceed 20 percent of the delinquent tax bill, may be recovered by the locality by action at law or suit in
105 equity. In any city with a population greater than 390,000, such fees and charges, along with delinquent
106 water and sewer connection fees, and any penalty and interest thereon shall constitute a lien against the
107 property, ranking on a parity with liens for unpaid taxes. Such amounts, plus reasonable attorney's or
108 collection agency's fees which shall not exceed 20 percent of the delinquent fee or charge, may be
109 recovered by such city by action at law or suit in equity.

110 G. When the owner has provided the lessee or tenant with written authorization from the owner of
111 the property to obtain water and sewer services in the name of such lessee or tenant, nothing herein
112 shall be construed to authorize the locality to require (i) the owner to put water and sewer services in
113 the name of the owner, except in the case where a single meter serves multiple tenant units, or (ii) a
114 security deposit or a guarantee of payment from an owner of property.

115 H. The locality shall not require a security deposit from the lessee or tenant to obtain water and
116 sewer services in the name of such lessee or tenant if such lessee or tenant presents to the locality a
117 landlord authorization letter which has attached [a Section 8 Housing Choice Voucher documentation
118 showing such lessee or tenant receives local, state, or federal rental assistance], and the absence of a
119 security deposit shall not prevent a locality from exercising its lien rights as authorized under subsection
120 F.

I. Unless a lien has been recorded against the property owner, the locality or service authority shall not deny service to a new tenant who is requesting service at a particular property address based upon the fact that a former tenant has not paid any outstanding fees and charges charged for the use and services in the name of the former previous tenant. In addition, the locality or service authority shall provide information relative to a former tenant or current tenant to the property owner upon request of the property owner. If the property owner provides the locality a request to be notified of a tenant's delinquent water bill and provides an email address, the locality shall send the property owner notice when a tenant's water bill has become 15 days delinquent.

J. Notwithstanding any provision of law to the contrary, any town with a population between 11,000 and 14,000, with the concurrence of the affected county, which provides and operates sewer services outside its boundaries may provide sewer services to industrial and commercial users outside its boundaries and collect such compensation therefor as may be contracted for between the town and such user. Such town shall not thereby be obligated to provide sewer services to any other users outside its boundaries.

K. The lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable consideration without actual notice of the lien until the amount of such delinquent charges is entered in the official records of the office of the clerk of the circuit court in the jurisdiction in which the real estate is located. The clerk shall make and index the entries in the clerk's official records a fee of \$5 per entry, to be paid by the locality and added to the amount of the lien.

L. The lien on any real estate may be discharged by the payment to the locality of the total lien amount and the interest which has accrued to the date of the payment. The locality shall deliver a fully executed lien release substantially in the form set forth in this subsection to the person making the payment. The locality shall provide the fully executed lien release to the person who made payment within 10 business days of such payment if the person who made such payment did not personally appear at the time of such payment. Upon presentation of such lien release, the clerk shall mark the lien satisfied. There shall be no separate clerk's fee for such lien release. For purposes of this section, a lien release of the water and sewer lien substantially in the form as follows shall be sufficient compliance with this section:

Prepared By and When
Recorded Return to:

Tax Parcel/GPIN Number: _____

CERTIFICATE OF RELEASE OF WATER AND SEWER SERVICE LIEN

Pursuant to Va. Code Annotated § 15.2-2119 (L), this release is exempt from recordation fees.

§ 15.2-5139. Lien for charges.

A. There shall be a lien upon real estate for the amount of any fees, rents or other charges by an authority to the owner or lessee or tenant of the real estate for the use and services of any system of the authority by or in connection with the real estate from the time when the fees, rents or charges are due, and for the interest which may accrue thereon. Such lien shall rank on a parity with liens for unpaid real estate taxes. An authority may contract with a locality to collect amounts due on properly recorded utility liens in the same manner as unpaid real estate taxes due the locality. A lien for delinquent rates or charges applicable to three or fewer months may be placed by an authority if the authority or its billing and collection agent (i) has advised the owner of such real estate at the time of initiating service

182 to a lessee or tenant of such real estate that a lien will be placed on the real estate if the lessee or tenant
183 fails to pay any fees, rents or other charges when due for services rendered to the lessee or tenant; (ii)
184 has mailed to the owner of the real estate a duplicate copy of the final bill rendered to the lessee or
185 tenant at the time of rendering the final bill to such lessee or tenant; and (iii) employs the same
186 collection efforts and practices to collect amounts due the authority from a lessee or a tenant as are
187 employed with respect to collection of such amounts due from customers who are owners of the real
188 estate for which service is provided.

189 However, prior to recording any lien on the owner's property, the authority shall provide the property
190 owner with 30 days' written notification to allow the property owner a reasonable opportunity to pay the
191 amount of the lien and avoid the recordation of a lien against the property. If the property owner fails to
192 pay the amount of the former tenant's obligations within the 30-day period, the authority may record a
193 lien in the amount of such outstanding obligations against the property owner. Upon payment of any
194 outstanding amounts due by a former tenant of the property owner, the property owner shall be entitled
195 to receive any refunds and shall be subrogated against the former tenant in place of the authority in the
196 amount paid by the property owner. The authority shall execute all documents necessary to perfect such
197 subrogation in favor of the property owner. Unless a lien has been recorded against the property owner,
198 the authority shall not deny service to a new tenant requesting service at a particular property address
199 based upon the fact that a former tenant has not paid any outstanding fees and charges charged for the
200 use and services in the name of the former tenant. In addition, the authority shall provide information
201 relative to a former tenant or current tenant to the property owner upon request of the property owner
202 with the written notification to the property owner as otherwise provided herein. If the property owner
203 provides the authority a request to be notified of a tenant's delinquent water bill and provides an email
204 address, the authority shall send the property owner notice when a tenant's water bill has become 15
205 days delinquent.

206 B. The lien shall not bind or affect a subsequent bona fide purchaser of the real estate for valuable
207 consideration without actual notice of the lien until the amount of such fees, rents and charges is entered
208 in a judgment lien book in the office where deeds may be recorded in the locality in which the real
209 estate or a part thereof is located. The clerk in whose office deeds may be recorded shall make and
210 index the entries therein upon certification by the authority, for which he shall be entitled to a fee of
211 two dollars per entry, to be paid by the authority and added to the amount of the lien. The authority
212 shall give the owner of the real estate notice in writing that it has made such certification to the clerk.

213 C. The lien on any real estate may be discharged by the payment to the authority of the total lien
214 amount, and the interest which has accrued to the date of the payment. The authority shall deliver a
215 certificate thereof to the person making the payment. Upon presentation of such certificate, the clerk
216 having the record of the lien shall mark the entry of the lien satisfied, for which he shall be entitled to a
217 fee of one dollar.

218 *An authority may place a lien upon the real property of an owner only in accordance with the*
219 *provisions of § 15.2-2119 and such lien may only be processed, recorded, and released in accordance*
220 *therewith.*

221 *An authority may contract with a locality to collect amounts due on properly recorded utility liens in*
222 *the same manner as unpaid real estate taxes due the locality.*

223 **2. That the provisions of this act shall become effective for any water and sewer services**
224 **contracted for after July 1, [2011 2012] .**
