Such lien may also be reduced to a personal judgment against the owner.

§ 15.2-951. Acquisition, disposition and use of personal property by localities generally.

The boards of supervisors of counties are hereby vested with the same powers and authority as the councils of cities and towns by virtue of the Constitution of the Commonwealth of Virginia or the acts of the General Assembly passed in pursuance thereof. However, with the exception of ordinances expressly authorized under Chapter 13 of Title 46.2, no ordinance shall be enacted under authority of this section regulating the equipment, operation, lighting or speed of motor-propelled vehicles operated on the public highways of a county unless it is uniform with the general laws of the Commonwealth regulating such equipment, operation, lighting or speed and with the regulations of the Commonwealth Transportation Board adopted pursuant to such laws. § 15.2-1301. Voluntary economic growth-sharing agreements.

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing which shall be advertised *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication: (i) once a week for two successive weeks in a newspaper of general circulation in the locality, including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, Section 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903.

The days, times and places of regular meetings to be held during the ensuing months shall be established at the first meeting which meeting may be referred to as the annual or organizational meeting; however, if the governing body subsequently prescribes any public place other than the initial public meeting place, or any day or time other than that initially established, as a meeting day, place or time, the governing body shall pass a resolution as to such future meeting day, place or time. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. Notice shall be published as provided above at least seven days prior to the first such meeting at such other day, place or time. Should the day established by the governing body as the regular meeting day fall on any legal holiday, the meeting shall be held on the next following regular business day, without action of any kind by the governing body.

At its annual meeting the governing body may fix the day or days to which a regular meeting shall be continued if the chairman or mayor, or vice-chairman or vice-mayor if the chairman or mayor is unable to act, finds and declares that weather or other conditions are such that it is hazardous for members to attend the regular meeting. Such finding shall be communicated to the members and the press as promptly as possible. All hearings and other matters previously advertised shall be conducted at the continued meeting and no further advertisement is required.

Regular meetings, without further public notice, may be adjourned from day to day or from time to time or from place to place, not beyond the time fixed for the next regular meeting, until the business before the governing body is completed.

Notwithstanding the provisions of this section, any city or town that holds an organizational meeting in compliance with its charter or code shall be deemed to be in compliance with this section.

§ 15.2-1719. Disposal of unclaimed property in possession of sheriff or police.

Any locality may provide by ordinance for (i) the public sale in accordance with the provisions of this section or (ii) the retention for use by the law-enforcement agency of any unclaimed personal property which has been in the possession of its law-enforcement agencies and unclaimed for a period of more than 60 days, after payment of a reasonable storage fee to the sheriff or other agency storing such property. No storage fee shall be charged or accounted for if such property has been stored by and is to be retained by the sheriff's office or other law-enforcement agency. As used herein, "unclaimed personal property" shall be any personal property belonging to another which has been acquired by a law-enforcement officer pursuant to his duties, which is not needed in any criminal prosecution, which has not been claimed by its rightful owner and which the State Treasurer has indicated will be declined if remitted under the Uniform Disposition of Unclaimed Property Act (§ 55-210.1 et seq.). Unclaimed bicycles and mopeds may also be disposed of in accordance with § 15.2-1720. Unclaimed firearms may also be disposed of in accordance with § 15.2-1721.

Prior to the sale or retention for use by the law-enforcement agency of any unclaimed item, the chief of police, sheriff or their duly authorized agents shall make reasonable attempts to notify the rightful owner of the property, obtain from the attorney for the Commonwealth in writing a statement advising that the item is not needed in any criminal prosecution, and cause to be published in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed of the existence of the unclaimed personal property and shall include at least two of the following forms of publication: (i) in a newspaper of general circulation in the locality once a week for two successive weeks, notice including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. Notice shall include that there will be a public display and sale of unclaimed personal property. Such property, including property selected for retention by the law-enforcement agency, shall be described generally in the notice, together with the date, time and place of the sale and shall be made available for public viewing at the sale. The chief of police, sheriff or their duly authorized agents shall pay from the proceeds of sale the costs of advertisement, removal, storage, investigation as to ownership and liens, and notice of sale. The balance of the funds shall be held by such officer for the owner and paid to the owner upon satisfactory proof of ownership. Any unclaimed item retained for use by the law-enforcement agency shall become the property of the locality served by the agency and shall be retained only if, in the opinion of the chief law-enforcement officer, there is a legitimate use for the property by the agency and that retention of the item is a more economical alternative than purchase of a similar or equivalent item.

If no claim has been made by the owner for the property or proceeds of such sale within 60 days of the sale, the remaining funds shall be deposited in the general fund of the locality and the retained property may be placed into use by the law-enforcement agency. Any such owner shall be entitled to

apply to the locality within three years from the date of the sale and, if timely application is made therefor and satisfactory proof of ownership of the funds or property is made, the locality shall pay the remaining proceeds of the sale or return the property to the owner without interest or other charges or compensation. No claim shall be made nor any suit, action or proceeding be instituted for the recovery of such funds or property after three years from the date of the sale.

§ 15.2-1720. Localities authorized to license bicycles, electric power-assisted bicycles, mopeds, and electric personal assistive mobility devices; disposition of unclaimed bicycles, electric power-assisted bicycles, mopeds, and electric personal assistive mobility devices.

Any locality may, by ordinance, (i) provide for the public sale or donation to a charitable organization of any bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or moped that has been in the possession of the police or sheriff's department, unclaimed, for more than ~~thirty~~ 30 days; (ii) require every resident owner of a bicycle, electric power-assisted bicycle, or moped to obtain a license therefor and a license plate, tag, and, in the case of an electric personal assistive mobility device, an adhesive license decal of such design and material as the ordinance may prescribe, to be substantially attached to the bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or moped; (iii) prescribe the license fee, the license application forms and the license form; and (iv) prescribe penalties for operating a bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or moped on public roads or streets within the locality without an attached license plate, tag, or adhesive decal. The ordinance shall require the license plates, tags, or adhesive decals to be provided by and at the cost of the locality. Any locality may provide that the license plates, tags, or adhesive decals shall be valid for the life of the bicycles, electric personal assistive mobility devices, electric power-assisted bicycles, and mopeds to which they are attached or for such other period as it may prescribe and may prescribe such fee therefor as it may deem reasonable. When any town license is required as provided for herein, the license shall be in lieu of any license required by any county ordinance. Any bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or moped found and delivered to the police or sheriff's department by a private person that thereafter remains unclaimed for ~~thirty~~ 30 days after the final date of publication as required herein may be given to the finder; however, the location and description of the bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or moped shall be published *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed of the existence of the unclaimed property and shall include at least two of the following forms of publication: (a) at least once a week for two successive weeks in a newspaper of general circulation within the locality, including such newspaper's online publication, if any; (b) on any website of the locality; (c) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (d) using any automated voice or text alert systems used by the locality; or (e) posting at the local public library established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available.* In addition, if there is a license, tag, or adhesive license decal affixed to the bicycle, electric personal assistive mobility device, or electric power-assisted bicycle, or moped, the record owner shall be notified directly.

§ 15.2-1813. Notice when public hearing required.

Any public hearing required by this chapter shall be advertised *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication: (i) once in a newspaper having general circulation in the locality, including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available.* Notice shall be published as provided above at least seven days prior to the date set for the hearing.

§ 15.2-2108.7. Public hearings on feasibility study; notice.

A. If the results of the feasibility study satisfy the revenue requirements of subsection D of § 15.2-2108.6, the governing body shall, at the next regular meeting after the governing body receives the results of the feasibility study, schedule at least two public hearings to be held at least seven days apart, but both shall be held not more than 60 days from the date of the meeting at which the public hearings are scheduled. The purpose of such public hearings shall be to allow the feasibility consultant

428 to present the results of the feasibility study, and to inform the public about the feasibility study results
429 and offer the public the opportunity to ask questions of the feasibility consultant about the results of the
430 feasibility study.

431 B. Except as provided in subsection C, the municipality shall publish notice of the public hearings
432 required under subsection A *in a manner gauged to ensure that the maximum number of persons within*
433 *the locality are likely to be informed and shall include at least two of the following forms of*
434 *publication: (i) at least once a week for three consecutive weeks in a newspaper of general circulation in*
435 *the municipality, including such newspaper's online publication, if any; (ii) on any website of the*
436 *locality; (iii) on any public access channel operated by the locality, to be aired during prime-time*
437 *programming and at least two other times during the day; (iv) using any automated voice or text alert*
438 *systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33,*
439 *if any. In addition, any resident of the locality annually filing a written request for notification with the*
440 *locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and*
441 *such individual. The request shall include the resident's name, address, zip code, daytime telephone*
442 *number, and electronic mail address, if available. The last publication of notice required under this*
443 subsection shall be at least three days before the first public hearing required under subsection A.

444 C. If there is no newspaper of general circulation in the municipality, for each 1,000 residents the
445 municipality shall post at least one notice of the hearings in a conspicuous place within the municipality
446 that is likely to give notice of the hearings to the greatest number of residents of the municipality. The
447 municipality shall post the notices at least seven days before the first public hearing required under
448 subsection A is held.

449 D. After holding the public hearings required by this section, if the governing body of the
450 municipality elects to proceed, the municipality shall adopt by resolution the feasibility study.

451 § 15.2-2114. Regulation of stormwater.

452 A. Any locality, by ordinance, may establish a utility or enact a system of service charges to support
453 a local stormwater management program consistent with Article 1.1 (§ 10.1-603.1 et seq.) of Chapter 6
454 of Title 10 or any other state or federal regulation governing stormwater management. Income derived
455 from a utility or system of charges shall be dedicated special revenue, may not exceed the actual costs
456 incurred by a locality operating under the provisions of this section, and may be used only to pay or
457 recover costs for the following:

458 1. The acquisition, as permitted by § 15.2-1800, of real and personal property, and interest therein,
459 necessary to construct, operate and maintain stormwater control facilities;

460 2. The cost of administration of such programs;

461 3. Planning, design, engineering, construction, and debt retirement for new facilities and enlargement
462 or improvement of existing facilities, including the enlargement or improvement of dams, levees,
463 floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;

464 4. Facility operation and maintenance, including the maintenance of dams, levees, floodwalls, and
465 pump stations, whether publicly or privately owned, that serve to control the stormwater;

466 5. Monitoring of stormwater control devices and ambient water quality monitoring; and

467 6. Other activities consistent with the state or federal regulations or permits governing stormwater
468 management, including, but not limited to, public education, watershed planning, inspection and
469 enforcement activities, and pollution prevention planning and implementation.

470 B. The charges may be assessed to property owners or occupants, including condominium unit
471 owners or tenants (when the tenant is the party to whom the water and sewer service is billed), and
472 shall be based upon an analysis that demonstrates the rational relationship between the amount charged
473 and the services provided. Prior to adopting such a system, a public hearing shall be held after giving
474 notice as required by charter or by publishing *in a manner gauged to ensure that the maximum number*
475 *of persons within the locality are likely to be informed and shall include at least two of the following*
476 *forms of publication: (i) a descriptive notice once a week for two successive weeks prior to adoption in*
477 *a newspaper with a general circulation in the locality, including such newspaper's online publication, if*
478 *any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be*
479 *aired during prime-time programming and at least two other times during the day; (iv) using any*
480 *automated voice or text alert systems used by the locality; or (v) posting at the local public library*
481 *established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a*
482 *written request for notification with the locality shall be provided notice by the locality in a manner*
483 *mutually agreed upon by the locality and such individual. The request shall include the resident's name,*
484 *address, zip code, daytime telephone number, and electronic mail address, if available. The second*
485 *publication in the manner noted above shall not be sooner than one calendar week after the first*
486 publication. However, prior to adoption of any ordinance pursuant to this section related to the
487 enlargement, improvement, or maintenance of privately owned dams, a locality shall comply with the
488 notice provisions of § 15.2-1427 and hold a public hearing.

489 C. A locality adopting such a system shall provide for full waivers of charges to the following:

1. A federal, state, or local government, or public entity, that holds a permit to discharge stormwater from a municipal separate storm sewer system; except that the waiver of charges shall apply only to property covered by any such permit; and

2. Public roads and street rights-of-way that are owned and maintained by state or local agencies including property rights-of-way acquired through the acquisitions process.

D. A locality adopting such a system shall provide for full or partial waivers of charges to any person who installs, operates, and maintains a stormwater management facility that achieves a permanent reduction in stormwater flow or pollutant loadings. The locality shall base the amount of the waiver in part on the percentage reduction in stormwater flow or pollutant loadings, or both, from pre-installation to post-installation of the facility. No locality shall provide a waiver to any person who does not obtain a stormwater permit from the Department of Conservation and Recreation or the Department of Environmental Quality when such permit is required by statute or regulation.

E. A locality adopting such a system may provide for full or partial waivers of charges to cemeteries, property owned or operated by the locality administering the program, and public or private entities that implement or participate in strategies, techniques, or programs that reduce stormwater flow or pollutant loadings, or decrease the cost of maintaining or operating the public stormwater management system.

F. Any locality may issue general obligation bonds or revenue bonds in order to finance the cost of infrastructure and equipment for a stormwater control program. Infrastructure and equipment shall include structural and natural stormwater control systems of all types, including, without limitation, retention basins, sewers, conduits, pipelines, pumping and ventilating stations, and other plants, structures, and real and personal property used for support of the system. The procedure for the issuance of any such general obligation bonds or revenue bonds pursuant to this section shall be in conformity with the procedure for issuance of such bonds as set forth in the Public Finance Act (§ 15.2-2600 et seq.).

G. In the event charges are not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by law, determined by the locality until such time as the overdue payment and interest are paid. Charges and interest may be recovered by the locality by action at law or suit in equity and shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes. The locality may combine the billings for stormwater charges with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which payments will be applied to the different charges. No locality shall combine its billings with those of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.) of Title 15.2, unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

H. Any two or more localities may enter into cooperative agreements concerning the management of stormwater.

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall contain a descriptive summary of the proposed action and a reference to the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed of the existence of the proposed plans, ordinances, or amendments and shall include at least two of the following forms of publication: (i) once a week for two successive weeks in some newspaper published or having general circulation in the locality; however, the, including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. The notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views, not less than five days nor more than 21 days after the second advertisement appears in such newspaper or other method of notice selected by the local planning commission or governing body. The local planning commission and governing body may hold a joint public hearing after public notice as set*

551 forth hereinabove. If a joint hearing is held, then public notice as set forth above need be given only by
552 the governing body. The term "two successive weeks" as used in this paragraph shall mean that such
553 notice shall be published at least twice in such newspaper with not less than six days elapsing between
554 the first and second publication. After enactment of any plan, ordinance or amendment, further
555 publication thereof shall not be required.

556 B. When a proposed amendment of the zoning ordinance involves a change in the zoning map
557 classification of 25 or fewer parcels of land, then, in addition to the advertising as above required,
558 written notice shall be given by the local planning commission, or its representative, at least five days
559 before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the
560 owners, their agent or the occupant, of all abutting property and property immediately across the street
561 or road from the property affected, including those parcels which lie in other localities of the
562 Commonwealth; and, if any portion of the affected property is within a planned unit development, then
563 to such incorporated property owner's associations within the planned unit development that have
564 members owning property located within 2,000 feet of the affected property as may be required by the
565 commission or its agent. Notice sent by registered or certified mail to the last known address of such
566 owner as shown on the current real estate tax assessment books or current real estate tax assessment
567 records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice
568 shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

569 When a proposed amendment of the zoning ordinance involves a change in the zoning map
570 classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text
571 regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to
572 the advertising as above required, written notice shall be given by the local planning commission, or its
573 representative, at least five days before the hearing to the owner, owners, or their agent of each parcel
574 of land involved, provided, however, that written notice of such changes to zoning ordinance text
575 regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a
576 subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) of
577 this chapter where such lots are less than 11,500 square feet. One notice sent by first class mail to the
578 last known address of such owner as shown on the current real estate tax assessment books or current
579 real estate tax assessment records shall be deemed adequate compliance with this requirement, provided
580 that a representative of the local commission shall make affidavit that such mailings have been made
581 and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to
582 invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the
583 representative of the local commission to give written notice to the owner, owners or their agent of any
584 parcel involved.

585 The governing body may provide that, in the case of a condominium or a cooperative, the written
586 notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in
587 lieu of each individual unit owner.

588 Whenever the notices required hereby are sent by an agency, department or division of the local
589 governing body, or their representative, such notices may be sent by first class mail; however, a
590 representative of such agency, department or division shall make affidavit that such mailings have been
591 made and file such affidavit with the papers in the case.

592 A party's actual notice of, or active participation in, the proceedings for which the written notice
593 provided by this section is required shall waive the right of that party to challenge the validity of the
594 proceeding due to failure of the party to receive the written notice required by this section.

595 C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map
596 classification; or an application for special exception for a change in use or to increase by greater than
597 50 percent of the bulk or height of an existing or proposed building, but not including renewals of
598 previously approved special exceptions, involves any parcel of land located within one-half mile of a
599 boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written
600 notification as above required, written notice shall also be given by the local commission, or its
601 representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of
602 such adjoining locality.

603 D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning
604 map classification, or (iii) an application for special exception for a change in use involves any parcel of
605 land located within 3,000 feet of a boundary of a military base, military installation, military airport,
606 excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in
607 addition to the advertising and written notification as above required, written notice shall also be given
608 by the local commission, or its representative, at least 10 days before the hearing to the commander of
609 the military base, military installation, military airport, or owner of such public-use airport, and the
610 notice shall advise the military commander or owner of such public-use airport of the opportunity to
611 submit comments or recommendations.

612 E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of

prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

§ 15.2-2214. Meetings.

The local planning commission shall fix the time for holding regular meetings. The commission, by resolution adopted at a regular meeting, may also fix the day or days to which any meeting shall be continued if the chairman, or vice-chairman if the chairman is unable to act, finds and declares that weather or other conditions are such that it is hazardous for members to attend the meeting. Such finding shall be communicated to the members and the press as promptly as possible. All hearings and other matters previously advertised for such meeting shall be conducted at the continued meeting and no further advertisement is required. The commission shall cause a copy of such resolution to be ~~inserted~~ *published in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication: (i) in a newspaper having general circulation in the locality, including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. Notice shall be published as provided above at least seven days prior to the first meeting held pursuant to the adopted schedule.*

Commissions shall meet at least every two months. However, in any locality with a population of not more than 7,500, the commission shall be required to meet at least once each year.

Special meetings of the commission may be called by the chairman or by two members upon written request to the secretary. The secretary shall mail to all members, at least five days in advance of a special meeting, a written notice fixing the time and place of the meeting and the purpose thereof.

Written notice of a special meeting is not required if the time of the special meeting has been fixed at a regular meeting, or if all members are present at the special meeting or file a written waiver of notice.

§ 15.2-2316.2. Localities may provide for transfer of development rights.

A. Pursuant to the provisions of this article, the governing body of any locality by ordinance may, in order to conserve and promote the public health, safety, and general welfare, establish procedures, methods, and standards for the transfer of development rights within its jurisdiction. Any locality adopting or amending any such transfer of development rights ordinance shall give notice and hold a public hearing in accordance with § 15.2-2204 prior to approval by the governing body.

B. In order to implement the provisions of this act, a locality shall adopt an ordinance that shall

674 provide for:

675 1. The issuance and recordation of the instruments necessary to sever development rights from the
676 sending property, to convey development rights to one or more parties, or to affix development rights to
677 one or more receiving properties. These instruments shall be executed by the property owners of the
678 development rights being transferred, and any lien holders of such property owners. The instruments
679 shall identify the development rights being severed, and the sending properties or the receiving
680 properties, as applicable;

681 2. Assurance that the prohibitions against the use and development of the sending property shall bind
682 the landowner and every successor in interest to the landowner;

683 3. The severance of transferable development rights from the sending property;

684 4. The purchase, sale, exchange, or other conveyance of transferable development rights, after
685 severance, and prior to the rights being affixed to a receiving property;

686 5. A system for monitoring the severance, ownership, assignment, and transfer of transferable
687 development rights;

688 6. A map or other description of areas designated as sending and receiving areas for the transfer of
689 development rights between properties;

690 7. The identification of parcels, if any, within a receiving area that are inappropriate as receiving
691 properties;

692 8. The permitted uses and the maximum increases in density in the receiving area;

693 9. The minimum acreage of a sending property and the minimum reduction in density of the sending
694 property that may be conveyed in severance or transfer of development rights;

695 10. The development rights permitted to be attached in the receiving areas shall be equal to or
696 greater than the development rights permitted to be severed from the sending areas;

697 11. An assessment of the infrastructure in the receiving area that identifies the ability of the area to
698 accept increases in density and its plans to provide necessary utility services within any designated
699 receiving area; and

700 12. The application to be deemed approved upon the determination of compliance with the ordinance
701 by the agent of the planning commission, or other agent designated by the locality.

702 C. In order to implement the provisions of this act, a locality may provide in its ordinance for:

703 1. The purchase of all or part of such development rights, which shall retire the development rights
704 so purchased;

705 2. The severance of development rights from existing zoned or subdivided properties as otherwise
706 provided in subsection E;

707 3. The owner of such development rights to make application to the locality for a real estate tax
708 abatement for a period up to 25 years, to compensate the owner of such development rights for the fair
709 market value of all or part of the development rights, which shall retire the number of development
710 rights equal to the amount of the tax abatement, and such abatement is transferable with the property;

711 4. The owner of a property to request designation by the locality of the owner's property as a
712 "sending property" or a "receiving property";

713 5. The allowance for residential density to be converted to bonus density on the receiving property
714 by (i) an increase in the residential density on the receiving property or (ii) an increase in the square
715 feet of commercial, industrial, or other uses on the receiving property, which upon conversion shall
716 retire the development rights so converted;

717 6. The receiving areas to include such urban development areas in the locality established pursuant to
718 § 15.2-2223.1;

719 7. The sending properties, subsequent to severance of development rights, to generate one or more
720 forms of renewable energy, as defined in § 56-576, subject to the provisions of the local zoning
721 ordinance;

722 8. The sending properties, subsequent to severance of development rights, to produce agricultural
723 products or forestal products, as defined in § 15.2-4302;

724 9. The review of an application by the planning commission to determine whether the application
725 complies with the provisions of the ordinance;

726 10. Such other provisions as the locality deems necessary to aid in the implementation of the
727 provisions of this act; and

728 11. Approval of an application upon the determination of compliance with the ordinance by the agent
729 of the planning commission.

730 D. The locality may, by ordinance, designate receiving areas or receiving properties, or add to,
731 supplement, or amend its designations of receiving areas or receiving properties, so long as the
732 development rights permitted to be attached in the receiving areas are equal to or greater than the
733 development rights permitted to be severed in the sending areas.

734 E. Any proposed severance or transfer of development rights shall only be initiated upon application
735 by the property owners of the sending properties, development rights, or receiving properties as

otherwise provided herein.

F. A locality may not require property owners to sever or transfer development rights as a condition of the development of any property.

G. The owner of a property may sever development rights from the sending property, pursuant to the provisions of this act. An application to transfer development rights to one or more receiving properties, for the purpose of affixing such rights thereto, shall only be initiated upon application by the owner of such development rights and the owners of the receiving properties.

H. Development rights severed pursuant to this article shall be interests in real property and shall be considered as such for purposes of conveyance and taxation. Once a deed for transferable development rights, created pursuant to this act, has been recorded in the land records of the office of the circuit court clerk for the locality to reflect the transferable development rights sold, conveyed, or otherwise transferred by the owner of the sending property, the development rights shall vest in the grantee and may be transferred by such grantee to a successor in interest. Nothing herein shall be construed to prevent the owner of the sending property from recording a deed covenant against the sending property severing the development rights on said property, with the owner of the sending property retaining ownership of the severed development rights. Any transfer of the development rights to a property in a receiving area shall be in accordance with the provisions of the ordinance adopted pursuant to this article.

I. For the purposes of ad valorem real property taxation, the value of a transferable development right shall be deemed appurtenant to the sending property until the transferable development right is severed from and recorded as a distinct interest in real property, or the transferable development right is used at a receiving property and becomes appurtenant thereto. Once a transferable development right is severed from the sending property, the assessment of the fee interest in the sending property shall reflect any change in the fair market value that results from the inability of the owner of the fee interest to use such property for such uses terminated by the severance of the transferable development right. Upon severance from the sending property and recordation as a distinct interest in real property, the transferable development right shall be assessed at its fair market value on a separate real estate tax bill sent to the owner of said development right as taxable real estate in accordance with Article 1 (§ 58.1-3200 et seq.) of Chapter 32 of Title 58.1. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

J. The owner of a sending property from which development rights are severed shall provide a copy of the instrument, showing the deed book and page number, or instrument or GPIN, to the real estate tax assessor for the locality.

K. Localities, from time to time as the locality designates sending and receiving areas, shall incorporate the map identified in subdivision B 6 into the comprehensive plan.

L. No amendment to the zoning map, nor any amendments to the text of the zoning ordinance with respect to the zoning district applicable thereto initiated by the governing body, which eliminate, or materially restrict, reduce, or downzone the uses, or the density of uses permitted in the zoning district applicable to any property to which development rights have been transferred, shall be effective with respect to such property unless there has been mistake, fraud, or a material change in circumstances substantially affecting the public health, safety, or welfare.

M. A county adopting an ordinance pursuant to this article may designate eligible receiving areas in any incorporated town within such county, if the governing body of the town has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by the local jurisdiction where the receiving property is located.

N. Any county and an adjacent city may enter voluntarily into an agreement to permit the county to designate eligible receiving areas in the city if the governing body of the city has also amended its zoning ordinance to designate the same areas as eligible to receive density being transferred from sending areas in the county. The city council shall designate areas it deems suitable as receiving areas and shall designate the maximum increases in density in each such receiving area. However, if any such agreement contains any provision addressing any issue provided for in Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 (§ 15.2-3400 et seq.). The development right shall be taxed as taxable real estate by the local jurisdiction where the sending property is located, until such time as the development right becomes attached to a receiving property, at which time it shall be taxed as taxable real estate by

797 the local jurisdiction where the receiving property is located.

798 1. The terms and conditions of the density transfer agreement as provided in this subsection shall be
799 determined by the affected localities and shall be approved by the governing body of each locality
800 participating in the agreement, provided the governing body of each such locality first holds a public
801 hearing, which shall be advertised *in a manner gauged to ensure that the maximum number of persons*
802 *within the locality are likely to be informed and shall include at least two of the following forms of*

812 2. The governing bodies shall petition a circuit court having jurisdiction in one or more of the
813 localities for an order affirming the proposed agreement. The circuit court shall be limited in its decision
814 to either affirming or denying the agreement and shall have no authority, without the express approval
815 of each local governing body, to amend or change the terms or conditions of the agreement, but shall
816 have the authority to validate the agreement and give it full force and effect. The circuit court shall
817 affirm the agreement unless the court finds either that the agreement is contrary to the best interests of
818 the Commonwealth or that it is not in the best interests of each of the parties thereto.

819 3. The agreement shall not become binding on the localities until affirmed by the court under this
820 subsection. Once approved by the circuit court, the agreement shall also bind future local governing
821 bodies of the localities.

822 § 15.2-2400. Creation of service districts.

823 Any locality may by ordinance, or any two or more localities may by concurrent ordinances, create
824 service districts within the locality or localities in accordance with the provisions of this article. Service
825 districts may be created to provide additional, more complete or more timely services of government
826 than are desired in the locality or localities as a whole.

827 Any locality seeking to create a service district shall have a public hearing prior to the creation of

839 *The hearing shall be held no sooner than ten 10 days after the date the second notice appears in the*
840 *newspaper.*

841 § 15.2-2401. Creation of service districts by court order in consolidated cities.

842 In any city which results from the consolidation of two or more localities, service districts may, in
843 addition to the method prescribed in § 15.2-2400, be created by order of the circuit court for the city
844 upon the petition of fifty voters of the proposed district, which order shall prescribe the metes and
845 bounds of the district.

846 Upon the filing of a petition the court shall fix a date for a hearing on the question of the proposed
847 service district, which hearing shall embrace a consideration of whether the property embraced within

967 § 15.2-3400. Voluntary settlements among local governments.

968 Recognizing that the localities of the Commonwealth may be able to settle the matters provided for
969 in this subtitle through voluntary agreements and further recognizing that such a resolution can be
970 beneficial to the orderly growth and continued viability of the localities of the Commonwealth the
971 following provisions are made:

972 1. Any locality may enter voluntarily into agreement with any other locality or combination of
973 localities whereby any rights provided for its benefit in this subtitle may be modified or waived in
974 whole or in part, as determined by its governing body, provided that the modification or waiver does not
975 conflict with the Constitution of Virginia.

976 2. The terms of the agreement may include fiscal arrangements, land use arrangements, zoning
977 arrangements, subdivision arrangements and arrangements for infrastructure, revenue and economic
978 growth sharing, provisions for the acceptance on each other's behalf of proffered conditions under
979 § 15.2-2298 or 15.2-2303, dedication of all or any portion of tax revenues to a revenue and economic
980 growth sharing account, boundary line adjustments, acquisition of real property and buildings and the
981 joint exercise or delegation of powers as well as the modification or waiver of specific annexation,

transition or immunity rights as determined by the local governing body including opposition to petitions filed pursuant to § 15.2-3203, and such other provisions as the parties deem in their best interest. The terms of the agreement may also provide for subsequent court review, instituted pursuant to provisions contained in the agreement, by a special court convened under Chapter 30 (§ 15.2-3000 et seq.) of this title.

3. If a voluntary agreement is reached pursuant to this chapter, the governing bodies shall present to the Commission the proposed settlement. The Commission shall conduct a hearing pursuant to subsection A of § 15.2-2907. The Commission shall report, in writing, its findings and recommendations as to whether the proposed settlement is in the best interest of the Commonwealth. Such report shall not be binding upon any court but shall be advisory in nature only.

4. Upon receipt of the Commission report, the localities, by ordinance passed by a recorded affirmative vote of a majority of the members of each governing body thereof, may adopt either the original or a modified agreement acceptable to all parties. Before adopting such ordinance each local governing body shall advertise its intention to approve such agreement, or modified agreement, *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication: (i) at least once a week for two successive weeks in a newspaper having a general circulation in its jurisdiction and such advertisements, including such newspaper's online publication, if any; (ii) on any website of the locality; (iii) on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day; (iv) using any automated voice or text alert systems used by the locality; or (v) posting at the local public library established pursuant to § 42.1-33, if any. Such advertisements shall contain a descriptive summary of the agreement or modified agreement. Each locality shall hold at least one public hearing on the agreement or modified agreement prior to the adoption of the ordinance. The publication shall include a statement that a copy of the agreement, or modified agreement, is on file in the office of the clerk of the circuit court for each of the affected jurisdictions.*

5. The governing bodies shall petition a circuit court having jurisdiction in one or more of the localities for an order affirming the proposed settlement. The circuit court with which the petition is filed shall notify the Supreme Court, which shall appoint a special court to hear the case as prescribed by Chapter 30 (§ 15.2-3000 et seq.) of this title. The special court shall be limited in its decision to either affirming or denying the voluntary agreement and shall have no authority, without the express approval of each local governing body, to amend or change the terms or conditions of the agreement, but shall have the authority to validate the agreement and give it full force and effect. The court shall affirm the agreement unless the court finds either that the agreement is contrary to the best interests of the Commonwealth or that it is not in the best interests of each of the parties thereto. In determining whether such agreement should be affirmed, the court shall consider, among other things, whether the interest of the Commonwealth in promoting orderly growth and the continued viability of localities has been met. If the agreement is validated and provides for annexation by a city or town, the agreement shall take effect on the first day of the month succeeding validation of the agreement unless the agreement stipulates that the annexation shall be effective on some other date.

6. The agreement shall not become binding on the localities until affirmed by the special court under this section. Once approved by the special court, the agreement shall also bind future local governing bodies of the localities.

7. The applicable provisions of this chapter shall be deemed to have been met with regard to any voluntary fiscal agreement or voluntary agreement in settlement of an annexation, transition or immunity petition or voluntary settlement agreement entered into pursuant to this chapter (i) which was entered into before July 1, 1990, (ii) which had been reviewed or was in the process of review by the Commission on Local Government on or before July 1, 1990, (iii) which had been or was the subject of review by a special court convened under Chapter 30 of this title on or before July 1, 1990, or (iv) which had been or was approved by a special court convened under Chapter 30 of this title on or before July 1, 1990.

8. The provisions of § 15.2-3226 shall apply when a voluntary agreement made under this section includes the annexation of territory by a city or town. No election for members of council shall be held as a result of such annexation unless the city or town increases its population by more than five percent due to the annexation.

§ 15.2-3537. Publication of consolidation agreement.

Each locality which is a party to a consolidation agreement shall cause a copy of the consolidation agreement, or a descriptive summary of the agreement and a reference to the place in the locality where

a copy of the agreement may be examined, to be published in its locality *in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication:* (i) at least once a week for four successive weeks in a newspaper having a general circulation in the locality, *including such newspaper's online publication, if any;* (ii) *on any website of the locality;* (iii) *on any public access channel operated by the locality, to be aired during prime-time programming and at least two other times during the day;* (iv) *using any automated voice or text alert systems used by the locality;* or (v) *posting at the local public library established pursuant to § 42.1-33, if any.* In addition, any resident of the locality annually filing a written request for notification with the locality shall be provided notice by the locality in a manner mutually agreed upon by the locality and such individual. The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. The hearing shall not be held sooner than ~~thirty~~ 30 days subsequent to the first publication. Such hearing may be adjourned from time to time, but shall be completed not less than ~~thirty~~ 30 days before the election. Upon completion of the hearing the governing body shall adopt the charter with such revisions as it may accept.

2. At such meetings the commission shall receive and consider reports from:

a. Its members who are also members of an agency, as to the status and progress of the work of such agency, and if the commission deems that such reports are of concern to them, shall fully inform its component governments, committees, and the Commonwealth Transportation Board with respect thereto, as a means of developing the informed views requisite for sound policy-making; and

b. Its members, technical and other committees, members of the governing bodies of the component governments and consultants, presenting and analyzing studies and data on matters affecting the making of policies and decisions on a transportation plan and the implementation thereof.

3. The objective of the procedures herein specified is to develop agreement, based on the best available information, among the district commission, the governing bodies of the component governments, the Commonwealth Transportation Board and an interstate agency with respect to the various factors which affect the making of policies and decisions relating to a transportation plan and the implementation thereof. If any material disagreements occur in the planning process with respect to objectives and goals, the evaluation of basic data or the selection of criteria and standards to be applied in the planning process, the commission shall exert its best efforts to bring about agreement and understanding on such matters. The commission, in its discretion, may hold hearings in an effort to resolve any such basic controversies.

4. Before a transportation plan is adopted, altered, revised or amended by the commission or by an agency on which it is represented, the commission shall transmit such proposed plan, alteration, revision or amendment to the governing bodies of the component governments, to the Commonwealth Transportation Board, and to its technical committees and shall release to the public information with respect thereto. A copy of the proposed transportation plan, amendment or revision, shall be kept at the commission office and shall be available for public inspection. Upon ~~thirty~~ 30 days' notice, a public hearing shall be held on the proposed plan, alteration, revision or amendment, which notice shall be published in a manner gauged to ensure that the maximum number of persons within the locality are likely to be informed and shall include at least two of the following forms of publication: (i) once a

The request shall include the resident's name, address, zip code, daytime telephone number, and electronic mail address, if available. The ~~thirty~~ 30 days' notice period shall begin to run on the first day the notice appears in any such newspaper publication method required above. The commission shall consider the evidence submitted and statements and comments made at such hearings and, if objections in writing to the whole or any part of the plan are made by the governing body of any component government, or by the Commonwealth Transportation Board, or if the commission considers any written objection made by any other person, group or organization to be sufficiently significant, the commission shall reconsider the plan, alteration, revision or amendment. If, upon reconsideration, the commission agrees with the objection, then the commission shall make appropriate changes to the proposed plan, alteration, revision or amendment, and may adopt them without further hearing. If, upon reconsideration, the commission disagrees with the objection, the commission may adopt the plan, alteration, revision or amendment.
