2012 SESSION

HOUSE RESOLUTION NO. 82

Commending Liberty Elementary School.

Agreed to by the House of Delegates, March 10, 2012

WHEREAS, Liberty Elementary School is commended for its efforts to celebrate STEM Day on April 21, 2012, by integrating a STEM curriculum (Integrated Science, Technology, Engineering, and Math Program) into the school; and

WHEREAS, Liberty Elementary School, under the leadership of its principal, Dr. Angela Gwynne-Atwater, strives to ensure that students acquire knowledge and develop skills to be productive citizens in an ever-changing global society; and

WHEREAS, Liberty Elementary School students develop strong thinking skills through inquiry-based teaching and learning in a safe, physical, intellectual, social, emotional, inviting, approachable, and energetic school environment; and

WHEREAS, students benefit from Liberty Elementary School's strong focus on a secure and positive support system that includes parents, community members, and the school; and

WHEREAS, Liberty Elementary School students thrive in an environment that encourages and respects individuality, celebrates their accomplishments, and has high expectations and a firm belief that all students can learn; and

WHEREAS, Liberty Elementary School looks forward to continuing to provide its students with the highest caliber of education under expert administration, dedicated teachers, and loyal staff; now, therefore, be it

RESOLVED by the House of Delegates, That Liberty Elementary School hereby be commended for its work to celebrate STEM Day on April 21, 2012, by integrating a STEM curriculum (Integrated Science, Technology, Engineering, and Math Program) into the school; and, be it

RESOLVED FURTHER, That the Clerk of the House of Delegates prepare a copy of this resolution for presentation to Dr. Angela Gwynne-Atwater, principal of Liberty Elementary School, as an expression of the House of Delegates' appreciation and respect for the school's commitment to science, technology, engineering, and math studies.
