An employer that makes enrollment in qualified health plans available to its employees through the SHOP exchange and that no longer meets the definition of a small employer because of an increase in the number of its employees shall continue to be treated as a small employer for purposes of this chapter as long as that employer continuously makes enrollment through the SHOP exchange available to its employees.

The Exchange shall allow a health carrier to offer a plan that provides limited scope dental benefits meeting the requirements of § 9832(c)(2)(A) of the Internal Revenue Code of 1986 through the Exchange, either separately or in conjunction with a qualified health plan, if the plan provides pediatric dental benefits meeting the requirements of § 1302(b)(1)(J) of the Federal Act.

D. Neither the Exchange nor a carrier offering health benefit plans through the Exchange may charge an individual a fee or penalty for termination of coverage if the individual enrolls in another type of minimum essential coverage because the individual has become newly eligible for that coverage or because the individual's employer-sponsored coverage has become affordable under the standards of § 36B(c)(2)(C) of the Internal Revenue Code of 1986.

§ 38.2-6406. Duties of Exchange.

§ 38.2-6407. Certification of health benefit plans as qualified health plans.

A. The Exchange may certify a health benefit plan as a qualified health plan if:

1. The plan provides the essential health benefits package, except that the plan shall not be required to (i) provide any state-mandated health benefit that is not required by the Federal Act to be provided in the essential health benefits package or (ii) provide essential benefits that duplicate the minimum benefits of qualified dental plans, as set forth in subsection E, if (a) the Exchange has determined that at least one qualified dental plan is available to supplement the plan's coverage and (b) the health carrier makes prominent disclosure at the time it offers the plan, in a form approved by the Bureau, that such plan does not provide the full range of essential pediatric benefits, and that qualified dental plans providing those benefits and other dental benefits not covered by such plan are offered through the Exchange;

2. The premium rates and contract language have been approved by the Bureau;

3. The plan provides at least a bronze level of coverage unless the plan is certified as a qualified catastrophic plan, meets the requirements of the Federal Act for catastrophic plans, and will only be offered to individuals eligible for catastrophic coverage;

4. The plan's cost-sharing requirements do not exceed the limits established under § 1302(c)(1) of the

Federal Act, and if the plan is offered through the SHOP exchange, the plan's deductible does not exceed the limits established under § 1302(c)(2) of the Federal Act;

5. The health carrier offering the plan:

a. Is licensed and in good standing to offer health insurance coverage in the Commonwealth;

b. Offers at least (i) one qualified health plan at a silver level of coverage and (ii) one qualified health plan at a gold level of coverage through each component of the Exchange in which the health carrier participates, where "component" refers to the SHOP exchange and the American Health Benefit Exchange;

c. Charges the same premium rate for each qualified health plan without regard to whether the plan is offered through the Exchange or directly by the health carrier or through an agent or broker;

d. Does not charge any cancellation fees or penalties in violation of subsection D of § 38.2-6405; and

e. Complies with the regulations developed by the Secretary under § 1311(d) of the Federal Act and such other requirements as the Exchange may establish;

6. The plan meets the requirements of certification as adopted by regulation adopted pursuant to § 38.2-6411 or promulgated by the Secretary under § 1311(c) of the Federal Act, which include, but are not limited to, minimum standards in the areas of marketing practices, network adequacy, essential community providers in underserved areas, accreditation, quality improvement, uniform enrollment forms and descriptions of coverage and information on quality measures for health benefit plan performance; and

7. The Exchange determines that making the plan available through the Exchange is in the interest of qualified individuals and qualified employers in the Commonwealth.

B. The Exchange shall not refuse to certify a health benefit plan as a qualified health plan (i) on the basis that the plan is a fee-for-service plan, (ii) through the imposition of premium price controls by the Exchange, or (iii) on the basis that the health benefit plan provides treatments necessary to prevent patients' deaths in circumstances that the Exchange determines are inappropriate or too costly.

C. The Exchange shall require each health carrier seeking certification of a health benefit plan as a qualified health plan to:

1. Submit a justification for any premium increase to the Bureau before implementation of that increase. The carrier shall prominently post the information on its Internet website. The Exchange shall take this information, along with the information and the recommendations provided to the Exchange by the Bureau under § 2794(b) of the PHSA, into consideration when determining whether to allow the carrier to make plans available through the Exchange;

2. Make available to the public in plain language, as that term is defined in § 1311(e)(3)(B) of the Federal Act, and submit to the Exchange, the Secretary, and the Bureau, accurate and timely disclosure of the following for such plan:

a. Claims payment policies and practices;

b. Periodic financial disclosures;

c. Data on enrollment;

d. Data on disenrollment;

e. Data on the number of claims that are denied;

f. Data on rating practices;

g. Information on cost sharing and payments with respect to any out-of-network coverage;

h. Information on enrollee and participant rights under Title I of the Federal Act; and

i. Other information as determined appropriate by the Secretary; and

3. Permit individuals to learn, in a timely manner upon the request of the individual, the amount of cost sharing, including deductibles, copayments, and coinsurance, under the individual's plan or coverage that such individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider. At a minimum, this information shall be made available to the individual through an Internet website and through other means for individuals without access to the Internet.

D. The Exchange shall not exempt any health carrier seeking certification of a health benefit plan as a qualified health plan from state licensure or reserve requirements and shall apply the criteria of this section in a manner that assures a level playing field between or among health carriers participating in the Exchange.

E. The provisions of this chapter that are applicable to qualified health plans shall also apply to the extent applicable to qualified dental plans, except as modified (i) by regulations adopted by the Commission or (ii) in accordance with the following:

1. A health carrier seeking certification of a dental benefit plan as a qualified dental plan shall be licensed in the Commonwealth to offer dental coverage, but need not be licensed to offer other health benefits;

2. Qualified dental plans shall be limited to dental and oral health benefits, without substantial

duplication of the benefits typically offered by health benefit plans without dental coverage and shall include, at a minimum, the essential pediatric dental benefits prescribed by the Secretary pursuant to § 1302(b)(1)(J) of the Federal Act and such other dental benefits as the Exchange may specify or the Secretary may specify by regulation; and

3. Health carriers may jointly offer a comprehensive plan through the Exchange in which dental benefits are provided by a health carrier through a qualified dental plan and health benefits are provided by another health carrier through a qualified health plan, provided the plans are priced separately and are also made available for purchase separately at the same price.

§ 38.2-6408. Funding; publication of costs.

A. The Exchange shall be authorized to fund its operations through special fund revenues generated by assessment fees on health carriers that sell through the Exchange, funds described in subsection E, or such funds as the General Assembly may from time to time appropriate.

B. The Exchange shall have funding from the sources described in subsection A in an amount sufficient to support its ongoing operations beginning not later than January 1, 2015. Charges assessed shall be reasonable and necessary to support the development, operations, and prudent cash management of the Exchange. Assessments and fee schedules shall be approved by the Commission prior to implementation.

C. Assessments and fees shall not affect the requirement under § 1301 of the Federal Act that carriers charge the same premium rate for each qualified health plan whether offered inside or outside the Exchange.

D. A written report on the implementation and performance of the Exchange functions during the preceding fiscal year, including, at a minimum, the manner in which funds were expended, shall be made available to the public on the Internet website of the Exchange.

E. The Exchange is authorized to apply for and accept federal grants, other federal funds and grants from nongovernmental organizations for the purposes of developing, implementing, and administering the Exchange.

F. The Commission shall not use any special fund revenues dedicated to its other functions and duties, including but not limited to, revenues from utility consumer taxes or fees from licensees regulated by the Commission, or fees paid to the Clerk's Office, to fund any of the activities or operating expenses of the Exchange.

§ 38.2-6409. Procurement, contracting, and personnel.

A. The Exchange may contract with other persons and enter into memoranda of understanding with other agencies of the Commonwealth to carry out any of its functions, including agreements with other states or federal agencies to perform joint administrative functions. Such contracts are not subject to the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

B. The Exchange shall not enter into contracts with any health insurance carrier or an affiliate of a health insurance carrier.

C. Employees of the Exchange shall be (i) exempt from application of the Virginia Personnel Act (§ 2.2-2900 et seq.) and Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2, as hereinafter amended or recodified, to the same extent as other employees of the Commission, (ii) eligible for participation in the Virginia Retirement System to the same extent as other similarly-situated employees of the Commission, and (iii) compensated and managed in accordance with the Commission's practices and policies applicable to all Commission employees.

§ 38.2-6410. Confidentiality.

A. Notwithstanding any other provision of law, the records of the Exchange shall be open to public inspection, except that the following information shall not be subject to disclosure: (i) the names and applications of individuals and employers seeking coverage through the Exchange; (ii) individuals' health information; (iii) information exchanged between the Exchange and any other state agency that is subject to confidentiality agreements under contracts entered into with the Exchange, and (iv) communications covered by an applicable legal or other privilege or such internal communications related to the Exchange that are designated confidential in regulations promulgated by the Commission to implement the provision of this chapter.

B. The Exchange may enter into information-sharing agreements with federal and state agencies and other states' health benefit exchanges to carry out its responsibilities under this chapter, provided such agreements include adequate protections with respect to the confidentiality of the information to be shared and comply with all state and federal laws and regulations.

§ 38.2-6411. Regulations.

The Commission may promulgate regulations to implement the provisions of this chapter in accordance with the Commission's Rules of Practice and Procedure. Regulations promulgated under this section shall be consistent with applicable provisions of federal and state law.

§ 38.2-6412. Relation to other laws.

Nothing in this chapter, and no action taken by the Exchange pursuant to this chapter, shall be construed to preempt or supersede the authority of the Commission to regulate the business of insurance within this Commonwealth. Except as expressly provided to the contrary in this chapter, all health carriers offering qualified health plans in this Commonwealth shall comply fully with all applicable health insurance laws of the Commonwealth and regulations adopted and orders issued by the Commission.

2. That by December 1, 2012, the State Corporation Commission shall submit to the Governor and the General Assembly a report that includes a proposed budget for the Exchange established pursuant to this act. The report shall identify a funding mechanism that the Commission proposes to use to fund the Exchange, which mechanism shall be sufficient to cover the costs of operating the Exchange commencing January 1, 2015.
