Be it enacted by the General Assembly of Virginia:

1. That § 23-7.4:2 of the Code of Virginia is amended and reenacted as follows:

§ 23-7.4:2. Eligibility for in-state or reduced tuition for students not domiciled in Virginia; tuition grants and in-state tuition for members of the National Guard.

A. Students who live outside this Commonwealth and have been employed full time inside Virginia for at least one year immediately prior to the date of the alleged entitlement for in-state tuition shall be eligible for in-state tuition charges if such student has paid Virginia income taxes on all taxable income earned in this Commonwealth for the tax year prior to the date of the alleged entitlement. Students claimed as dependents for federal and Virginia income tax purposes who live outside this Commonwealth shall become eligible for in-state tuition charges if the nonresident parents claiming them as dependents have been employed full time inside Virginia for at least one year immediately prior to the date of the alleged entitlement and paid Virginia income taxes on all taxable income earned in this Commonwealth for the tax year prior to the date of the alleged entitlement. Such students shall continue to be eligible for in-state tuition charges for so long as they or their qualifying parent is employed full time in Virginia, paying Virginia income taxes on all taxable income earned in this Commonwealth and the student is claimed as a dependent for Virginia and federal income tax purposes.

B. Any person who (i) is a member of the National Guard of the Commonwealth of Virginia and has a minimum remaining obligation of two years, (ii) has satisfactorily completed required initial active duty service, (iii) is satisfactorily performing duty in accordance with regulations of the National Guard, and (iv) is enrolled in any state institution of higher education, any private, accredited and nonprofit institution of higher education in the Commonwealth whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education, any course or program offered by any such institution or any public career and technical education school shall be eligible for a grant in the amount of the difference between the full cost of tuition and any other educational benefits for which he is eligible as a member of the National Guard. *Any member of the National Guard who is enrolled in a state institution of higher education but is not eligible for in-state tuition pursuant to subsection G shall be eligible for a grant for an amount up to the difference between in-state and out-of-state tuition charges. In the event that the amount of grants for which eligible applications are received exceeds the amount of funds available for such purpose, the grants shall be issued on a pro rata basis.* Application for a grant shall be made to the Department of Military Affairs. Grants shall be awarded from funds available for the purpose by such Department.

Notwithstanding the foregoing requirement that a member of the National Guard have a minimum of two years remaining on his service obligation, if a member is activated or deployed for federal military service, an additional day shall be added to the member's eligibility for the grant for each day of active federal service up to 365 days. Additional credit, or credit for state duty, may be given at the discretion of the Adjutant General.

In addition, any person who met the requirements for in-state tuition prior to being called to active duty in the National Guard of another state shall be eligible for in-state tuition following completion of active duty service if during active duty that person maintained one or more of the following in Virginia rather than in another state or jurisdiction: a driver's license, motor vehicle registration, voter registration, employment, property ownership, or sources of financial support. Any out-of-state students granted in-state tuition pursuant to this subsection shall be counted as in-state students for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

C. Any high school or magnet school student, not otherwise qualified for in-state tuition, who is enrolled in courses specifically designed as part of the high school or magnet school curriculum in a community college for which he may, upon successful completion, receive high school and community college credit pursuant to a dual enrollment agreement between the high school or magnet school and the community college.

D. The governing board of the Virginia Community College System shall charge in-state tuition to any person enrolled in one of the System's institutions who lives within a 30-mile radius of a Virginia institution, is domiciled in, and is entitled to in-state tuition charges in the institutions of higher learning in any state which is contiguous to Virginia and which has similar reciprocal provisions for persons domiciled in Virginia.

Any out-of-state students granted in-state tuition pursuant to this subsection shall be counted as in-state students for the purposes of determining college admissions, enrollment, and tuition and fee revenue policies.

E. F. Public institutions of higher education may enter into special arrangement contracts with Virginia employers or authorities controlling federal installations or agencies located in Virginia. The special arrangement contracts shall be for the purpose of providing reduced rate tuition charges for the employees of the Virginia employers or federal personnel when the employers or federal authorities are assuming the liability for paying, to the extent permitted by federal law, the tuition for the employees or personnel in question and the employees or personnel are classified by the requirements of this section as out-of-state.

Special arrangement contracts with Virginia employers or federal installations or agencies may be for group instruction in facilities provided by the employer or federal authority or in the institution's facilities or on a student-by-student basis for specific employment-related programs.

2. That the provisions of this act shall not become effective unless an appropriation of general funds effectuating the purposes of this act is included in a general appropriation act passed by the

122 2012 Session of the General Assembly, which becomes law.
