An Act to amend and reenact §§ 4 and 8, as amended, § 9, § 10, as amended, § 12, § 13, as amended, and §§ 21 and 40 of Chapter 66 of the Acts of Assembly of 1960, which created the Hampton Roads Sanitation District, relating to the operation of the Hampton Roads Sanitation District.

[S 672]

Approved

Be it enacted by the General Assembly of Virginia:  
1. That §§ 4 and 8, as amended, § 9, § 10, as amended, § 12, § 13, as amended, and §§ 21 and 40 of Chapter 66 of the Acts of Assembly of 1960 are amended and reenacted as follows:

§ 4. Each member of the Commission shall, before entering upon the discharge of his duties, take and subscribe the oath of office required by Article II, § 7, Constitution of Virginia (1971). Each such Commissioner shall be covered by a public official's liability policy in the amount of at least \$1,000,000; with a \$10,000 deductible available through the Commonwealth. The premium of such insurance policies shall be paid by the Commission.

§ 8. As used in this act the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(a) The word "District" means the Hampton Roads Sanitation District hereinabove mentioned.

(b) The word "Commission" means the Hampton Roads Sanitation District Commission hereinabove mentioned, or if said Commission shall be abolished, the board, body, commission or agency succeeding to the principal functions thereof or upon whom the powers given by this act to said Commission shall be conferred by law.

(c) The word "sewage" means the water-carried wastes created in and carried, or to be carried, away from residences hotels schools hospitals, industrial establishments, commercial establishments or any other private or public building, together with such Industrial wastes as may be present.

(d) The term "industrial wastes" means liquid or other wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resource.

(e) The term "sewage disposal system" means and shall include any plant, system, facility or property used or useful or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage, including industrial wastes, or any integral part thereof, and, without limiting the generality of the foregoing definition, shall embrace treatment plants, pumping stations, intercepting sewers, force mains, gravity mains, laterals, reclaimed water distribution lines, and all necessary appurtenances and equipment, and shall include all lands, property, rights, rights of way, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.

(f) The term "sewer improvements" shall embrace sewer mains and laterals for the reception of sewage from premises connected therewith and carrying such sewage to a sewage disposal system.

(g) The term "sewerage system" shall embrace sewage disposal systems, sewer improvements and all other real and personal property operated by the Commission for the purposes of this act.

(h) The word "cost" as applied to a sewage disposal system or to extensions or additions thereto or to sewer improvements shall include the cost of construction, the cost of all labor, materials, machinery and equipment, the cost of all lands, property, rights, rights of way, easements and franchises acquired, financing charges, interest prior to and during construction and, if deemed advisable by the Commission, for one year after completion of construction, cost of plans and specifications, surveys and estimates of cost and of revenues, cost of engineering and legal services, provisions for working capital and a reserve for interest, and all other expenses necessary or incident to determining the feasibility or practicability of such construction, administrative expense and such other expenses as may be necessary or incident to the financing herein authorized.

(i) The word "owner" shall include all individuals, copartnerships, limited liability companies, associations and corporations and also counties, cities, towns and other political subdivisions and all public agencies and instrumentalities.

(j) The word "bonds" or the words "revenue bonds" shall embrace revenue bonds, notes and other obligations of the District issued under the provisions of this act.

(k) The word "pollution" means the condition of water resulting directly or indirectly from any of the following acts:

- (1) contaminating such water;
- (2) rendering such water unclean or impure;

- 57 (3) rendering such water injurious to public health, or unfit for public use;
- 58 (4) rendering such water harmful for cattle, stock or other animals;
- 59 (5) rendering such water deleterious to, or unfit for, fish or shellfish, or fish or shellfish propagation,
- 60 or aquatic animals, or plant life in such water;
- 61 (6) rendering such water unfit for commercial use: or
- 62 (7) rendering such water harmful to fish or shellfish used for human consumption.

63 § 9. Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt  
64 of the Commonwealth of Virginia or of any county, city, town or political subdivision thereof, or a  
65 pledge of the faith and credit of the Commonwealth or of any county, city, town or political subdivision  
66 thereof, but such bonds shall be payable solely from the funds herein provided therefor from revenues.  
67 The issuance of revenue bonds under the provisions of this act shall not directly or indirectly or  
68 contingently obligate the Commonwealth or any county, city, town or political subdivision thereof to  
69 levy or to pledge any form of taxation whatever therefor. ~~All~~ *The text of* such revenue bonds shall  
70 contain a statement ~~on their face~~ substantially to the foregoing effect.

71 All expenses incurred in carrying out the provisions of this act shall be payable solely from funds  
72 provided under the provisions of this act and no liability or obligation shall be incurred by the  
73 Commission hereunder beyond the extent to which moneys shall have been provided under the  
74 provisions of this act.

75 § 10. The Commission is hereby authorized and empowered:

76 (a) to adopt bylaws and to make rules and regulations for the management of its affairs and the  
77 conduct of its business;

78 (b) to adopt an official seal and alter the same at pleasure;

79 (c) to sue and to be sued;

80 (d) to construct, and to improve, extend, enlarge, reconstruct, maintain, equip, repair and operate a  
81 sewage disposal system or systems, enter within or without or partly within and partly without the  
82 corporate limits of the District, and to construct sewer improvements within the corporate limits of the  
83 District;

84 (e) to issue revenue bonds, notes or other obligations of the District for any of its authorized  
85 purposes, payable solely from the special funds provided under the authority of this act and pledged for  
86 their payment, all as provided in this act;

87 (f) to fix and collect rates, fees and other charges for the services and facilities furnished by any  
88 such sewage disposal system or sewer improvements, and to fix and collect charges for making  
89 connections *with any such system or improvements*;

90 (g) to acquire in the name of the District, either by purchase, lease, grant, or the exercise of the right  
91 of eminent domain, such lands, structures, property, rights, rights of way, easements, franchises and  
92 other interests in or relating to lands, including lands under water and riparian rights, and to acquire  
93 such personal property, as it may deem necessary in connection with the construction, improvement,  
94 extension, enlargement or operation of any sewage disposal system or sewer improvements, and to hold  
95 and dispose of all real and personal property under its control;

96 (h) to employ, in its discretion, consulting engineers, attorneys, accountants, construction and  
97 financial experts, managers, and such other officers, employees and agents as may be necessary in its  
98 judgment, and to fix their compensation;

99 (i) to exercise jurisdiction, control and supervision over any sewage disposal system or systems or  
100 sewer improvements operated or maintained by the Commission and to make and enforce such rules and  
101 regulations for the maintenance and operation of any such sewage disposal system or systems or sewer  
102 improvements as may, in the judgment of the Commission, be necessary or desirable for the efficient  
103 operation of any such system or improvements and for accomplishing the purposes of this act;

104 (j) to enter on any lands, water or premises located within or without the District to make surveys,  
105 borings, soundings or examinations for the purposes of this act;

106 (k) to construct and operate trunk, intercepting or outlet sewers, sewer mains, laterals, conduits or  
107 pipelines in, along or under any streets, alleys, highways or other public places within or without the  
108 District; in so constructing its facilities, it shall see that the public use of such streets, alleys, highways,  
109 and other public places is not unnecessarily interrupted or interfered with and that such streets, alleys,  
110 highways and other public places are restored to their former usefulness and condition within a  
111 reasonable time; to this end the Commission shall cooperate with the Commonwealth Transportation  
112 Board and the appropriate officers of the respective counties, cities and towns having an interest in such  
113 matters;

114 (l) to restrain, enjoin or otherwise prevent any county, city, town or political subdivision and any  
115 person or corporation, public or private, from discharging into any waters within the District, any  
116 sewage, industrial wastes or other refuse which would contribute or tend to contribute to the pollution of  
117 such waters, and to restrain, enjoin or otherwise prevent the violation of any provision of this act or of

118 any resolution, rule or regulation adopted pursuant to the powers granted by this act;

119 (m) to use and connect with any sewage disposal system or sewer improvement within the District  
120 and, if deemed necessary by the Commission to close off and seal any outlets and outfalls therefrom;

121 (n) subject to such provisions and restrictions as may be set forth in the resolution authorizing any  
122 revenue bonds or in the trust agreement hereinafter mentioned securing the same, to enter into contracts  
123 with the United States of America or any agency or instrumentality thereof, or with any county, city,  
124 town or political subdivision or any sanitary district, private corporation, copartnership, association or  
125 individual providing for or relating to the treatment and disposal of sewage;

126 (o) to receive and accept from the United States of America or any agency or instrumentality thereof  
127 grants for or in aid of the planning, construction or financing of any sewage disposal system or sewer  
128 improvements, and to receive and accept contributions from any source of either money, property, labor  
129 or other things of value, to be held, used and applied only for the purposes for which such grants and  
130 contributions may be made;

131 (p) to make and enter into all contracts and agreements necessary or incidental to the performance of  
132 its duties and the execution of its powers under this act;

133 (q) to do and perform any acts and things authorized by this act under, through or by means of its  
134 own officers, agents and employees, or by contracts with any persons;

135 (r) to execute any and all instruments and do and perform any and all acts or things necessary,  
136 convenient or desirable for the purposes of the Commission or to carry out the powers expressly given  
137 in this act; and

138 (s) to seek civil penalties or civil charges against owners who have been charged with violation of or  
139 found to be in violation of the pretreatment standards incorporated in the permit or other requirements of  
140 the District's approved industrial waste control program. The penalties which the District may seek, and  
141 the procedures to be followed by the District, shall be the same as those set forth for the State Water  
142 Control Board, as set forth in § 62.1-44.32 of the Code of Virginia.

143 1. For purposes of this subsection, the term "owner" shall include the definition contained in § 9 (4)  
144 subsection (i) of § 8 and, in addition, any corporate officer designated in the permit issued by the  
145 District, if any.

146 2. With the consent of any owner who has violated a provision of this subsection, or is charged by  
147 the District with having violated the provision of this subsection, the District may provide, in an order  
148 issued by it against such owner, for the payment of civil charges for such violations in specific sums not  
149 to exceed those set forth in § 62.1-44.32 of the Code of Virginia for each violation. Each day of  
150 violation shall constitute a separate offense. Such civil charges shall be instead of any appropriate civil  
151 or criminal penalty imposed under the provisions of this subsection.

152 § 12. The Commission is hereby authorized to provide by resolution for the issuance, at one time or  
153 from time to time, of revenue bonds of the District for any one or more of the following purposes:

154 (a) refunding any bonds heretofore issued by the Commission and any revenue bonds, notes and  
155 other obligations issued under the provisions of this act and then outstanding, including the payment of  
156 any redemption premium thereon and any interest accrued or to accrue to the date of redemption  
157 thereof; provided, however, that no bonds issued after the effective date of this act shall be refunded at  
158 a net interest cost exceeding that of such bonds to be refunded *unless, prior to the issuance of such*  
159 *refunding bonds, the Commission shall have determined that the issuance of such refunding bonds will*  
160 *be in the best interests of the District,*

161 (b) paying the cost of a sewage disposal system or systems,

162 (c) paying the cost of extensions and additions thereto, and

163 (d) paying the cost of sewer improvements.

164 § 13. The principal of and the interest on revenue bonds issued under the provisions of this act shall  
165 be payable solely from the funds therein provided for such payment. The bonds of each issue shall be  
166 dated, shall mature at such time or times not exceeding 40 years from their date or dates, as may be  
167 determined by the Commission, *shall bear interest at such time or times and at such rate or rates as*  
168 *may be determined by the Commission,* and may be made redeemable before maturity, at the option of  
169 the Commission, at such price or prices and under such terms and conditions as may be fixed by the  
170 Commission prior to the issuance of the bonds. The Commission shall determine the form and the  
171 manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix  
172 the denomination or denominations of the bonds and the place or places of payment of principal and  
173 interest, which may be at any bank or trust company within or without the Commonwealth. In case any  
174 officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall  
175 cease to be such officer before the delivery of such bonds, such signature or such facsimile shall  
176 nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such  
177 delivery, and any bond may bear the facsimile signature of, or may be signed by, such person or  
178 persons as at the actual time of the execution of such bond shall be the proper officer or officers to sign

179 such bond although at the date of such bond such person or persons may not have been such officer or  
 180 officers. The bonds may be issued in coupon or in registered form, or both, as the Commission may  
 181 determine, and provision may be made for the registration of any coupon bonds as to principal alone  
 182 and also as to both principal and interest, for the reconversion into coupon bonds of any bonds  
 183 registered as to both principal and interest, and for the interchange of registered and coupon bonds. The  
 184 Commission may sell such bonds in such manner, either at public or private sale, and for such price, as  
 185 it may determine to be for the best interests of the District; ~~but no such sale shall be made at a price so~~  
 186 ~~low as to require the payment of interest on the money received therefor at more than six percent per~~  
 187 ~~annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with~~  
 188 ~~standard tables of bond values excluding, however, from such computation, the amount of any premium~~  
 189 ~~to be paid on the redemption of any bonds prior to maturity.~~

190 § 21. In the discretion of the Commission the revenue bonds of any issue may be secured by a trust  
 191 agreement by and between the Commission and a corporate trustee, which may be any trust company or  
 192 bank having the powers of a trust company within or without the Commonwealth. Any such trust  
 193 agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues  
 194 to be received, but shall not convey or mortgage any sewage disposal system or sewer improvements or  
 195 any part thereof. Any such trust agreement or resolution providing for the issuance of such bonds may  
 196 contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may  
 197 be reasonable and proper and not in violation of law, including covenants setting forth the duties of the  
 198 Commission in relation to the acquisition of property and the construction, improvement, extension,  
 199 enlargement, reconstruction, maintenance, equipment, repair, operation and insurance of the properties of  
 200 the District, and the custody, safeguarding and application of all moneys. Any such trust agreement may  
 201 provide for or permit the issuance of additional bonds from time to time for the further extension of the  
 202 sewerage system. *If the Commission issues bonds that may be tendered for purchase by the holders*  
 203 *thereof, any such trust agreement may provide that, for all purposes of the laws of the Commonwealth,*  
 204 *the indebtedness of the District evidenced by such bonds shall not be deemed extinguished upon the*  
 205 *purchase thereof by the District unless such bonds are delivered by the District to the trustee under*  
 206 *such trust agreement with written instructions to cancel such bonds.* It shall be lawful for any bank or  
 207 trust company incorporated under the laws of the Commonwealth which may act as depository of the  
 208 proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as  
 209 may be required by the Commission. Any such trust agreement may set forth the rights and remedies of  
 210 the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In  
 211 addition to the foregoing, any such trust agreement or resolution may contain such other provisions as  
 212 the Commission may deem reasonable and proper for the security of the bondholders. All expenses  
 213 incurred in carrying out the provisions of any such trust agreement or resolution may be treated as a  
 214 part of the cost of operation.

215 No such trust agreement or resolution need be filed or recorded except in the records of the  
 216 Commission.

217 § 40. No county, city, town or other political subdivision or person or corporation, public or private,  
 218 shall discharge, or suffer to be discharged, directly or indirectly into any waters within the District any  
 219 sewage, industrial wastes or other refuse which may or will cause or contribute to pollution of any such  
 220 waters. No county, city, town or other political subdivision or person or corporation, public or private,  
 221 shall discharge, or suffer to be discharged, directly or indirectly, into any sewage disposal system or any  
 222 other facilities of or provided by the Commission, any matter or thing which is or may be injurious or  
 223 deleterious to such sewage disposal system or other facilities. No county, city, town or other political  
 224 subdivision or person or corporation, public or private, shall plan, construct or place in service any new  
 225 sewer improvement in the District which will or may thereafter be served by the Commission's sewerage  
 226 system and which will or may thereafter, in the opinion of the Commission, cause overloading of the  
 227 sewerage system or the entrance into the sewerage system of excessive ground or surface water or other  
 228 matter or thing which is injurious or deleterious to the sewerage system. In order to carry out the  
 229 provisions of this paragraph every county, city, town or other political subdivision or person or  
 230 corporation, public or private, if requested by the Commission to do so, shall furnish to the Commission  
 231 plans and specifications for such sewer improvements and shall provide access for Commission  
 232 inspection of all new sewer construction work as it proceeds and of all construction records and  
 233 materials used. In addition to other powers granted the Commission, it shall have the right to refuse  
 234 service to any new sewer extension or improvement constructed or operated in violation of this  
 235 paragraph.
